Entnazifizierung In Österreich:

Entnazifizierung in Österreich Dieter Stiefel, 1981 Austria 1867-1955 John W. Boyer, 2022-09-15 Austria 1867 1955 connects the political history of German speaking provinces of the Habsburg Empire before 1914 Vienna and the Alpine Lands with the history of the Austrian Republic that emerged in 1918 John W Boyer presents the case of modern Austria as a fascinating example of democratic nation building The construction of an Austrian political nation began in 1867 under Habsburg Imperial auspices with the German speaking bourgeois Liberals defining the concept of a political people Volk and giving that Volk a constitution and a liberal legal and parliamentary order to protect their rights against the Crown The decades that followed saw the administrative and judicial institutions of the Liberal state solidified but in the 1880s and 1890s the membership of the Volk exploded to include new social and economic strata from the lower bourgeoisie and the working classes Ethnic identity was not the final structuring principle of everyday politics as it was in the Czech lands Rather social class occupational culture and religion became more prominent variables in the sortition of civic interests exemplified by the emergence of two great ideological parties Christian Socialism and Social Democracy in Vienna in the 1890s The war crisis of 1914 1918 exploded the Empire with the Crown self destructing in the face of military defeat chronic domestic unrest and bitter national partisanship But this crisis also accelerated the emergence of new structures of democratic self governance in the German speaking Austrian lands enshrined in the republican Constitution of 1920 Initial attempts to make this new project of democratic nation building work failed in the 1920s and 1930s culminating in the catastrophe of the 1938 Nazi occupation After 1945 the surviving legacies of the Revolution of 1918 reassembled under the four power Allied occupation which fashioned a shared political culture which proved sufficiently flexible to accommodate intense partisanship resulting by the 1970s in a successful republican system organized under the aegis of elite democratic and corporatist negotiating structures in which the Catholics and Socialists learned to embrace the skills of collective but shared self governance Der Nationalsozialismus, die zweite Geschichte Peter Reichel, Harald Schmid, Peter Steinbach, 2009

Wiederaufbau in Österreich, 1945-1955 Ernst Bruckmüller, 2006 **Die sowjetische Besatzung in Österreich 1945-1955 und ihre politische Mission** Wolfgang Mueller, 2005 Welche Vorstellungen besaß die Sowjetunion von Nachkriegs Österreich welche Rolle spielte sie beim Aufbau der Zweiten Republik welche politischen Ziele verfolgte sie in den Besatzungsjahren 1945 1955 Wollte Stalin Österreich sowjetisieren Die erstmalige Auswertung bislang streng geheimer Moskauer Archivdokumente Politbürobeschlüsse und der Korrespondenz Stalins mit der KP führt zu einer neuen Sicht der sowjetischen Österreichpolitik Darüber hinaus gibt der Autor Einblicke in die Geschichte und Struktur des sowjetischen Besatzungsapparates in Österreich von seinen Anfängen bis zum Abschluss des Staatsvertrages *Austria in the Twentieth Century* Gino Germani, 2017-09-08 These fourteen essays by leading Austrian historians and political scientists serve as a basic introduction to a small but sometimes trend setting European country They provide a basic up to date outline of Austria

s political history shedding light on economic and social trends as well No European country has experienced more dramatic turning points in its twentieth century history than Austria This volume divides the century into three periods The five essays of Section I deal with the years 1900 1938 Under the relative tranquility of the late Habsburg monarchy seethed a witch s brew of social and political trends signaling the advent of modernity and leading to the outbreak of World War I and eventually to the collapse of the Habsburg Empire The First Austrian Republic was one of the succession states that tried to build a nation against the backdrop of political and economic crisis and simmering civil war between the various political camps Democracy collapsed in 1933 and an authoritarian regime attempted to prevail against pressures from Nazi Germany and Nazis at home The two essays in Section II cover World War II 1938 1945 In 1938 Hitler s Third Reich annexed Austria and the population was pulled into the cauldron of World War II fighting and collaborating with the Nazis and also resisting and fleeing them The seven essays of Section III concentrate on the Second Republic 1945 to the present After ten years of four power Allied occupation Austria regained her sovereignty with the Austrian State Treaty of 1955 The price paid was neutrality Unlike the turmoil of the prewar years Austria became a normal nation with a functioning democracy one building toward economic prosperity After the collapse of the iron curtain in 1989 Austria turned westward joining the European Union in 1995 Most recently with the advent of populist politics Austria s political system has experienced a sea of change departing from its political economy of a huge state owned sector and social partnership as well as Proporz This informed and insightful volume will serve as a textbook in courses on Austrian German and European history as well as in comparative European politics

resistance and the Allied occupation The fragmentation of Austrian official memory since the late 1980s coincided with the dismantling of the Conservative and Social Democratic coalition which had defined Austrian politics in the postwar period Through the eyes of the Austrian school system this book examines how postwar Austria came to terms with the Second World War

Die Zweite Republik Österreich und ihre Besonderheiten Lothar Höbelt, 2020-07-13 Die Zweite Republik Österreich konnte auf eine Erfolgsgeschichte zurückschauen nicht weil sie irgendwelchen abstrakten Idealen entsprach sondern weil sie sich den Umständen vorbildlich angepasst hatte Vom westlichen Normalfall unterschied sie eine Reihe von Besonderheiten Sie nutzte ihre Lage im toten Winkel des Kalten Krieges sie bewältigte pragmatisch eine ungeliebte Entnazifizierung sie wurde beherrscht von Parteien mit einer enormen Präsenz und Organisationsdichte die ihre Mitglieder doch vielfach nach ihrer Fäçon selig werden ließen sie erlebte ein Wirtschaftswunder auch wenn der Liberalisierungsschub des Raab-Kamitz-Kurses schließlich stecken blieb mit einer Sozialpartnerschaft die Aufgaben bernahm oder an sich zog die anderswo dem Markt berlassen wurden

Austria in the Nineteen Fifties Gunter Bischof, 2020-03-09 In American history the 1950s are remembered as an affluent and harmonious decade Not so in Austria That nation emerged out of World War II with tremendous war related destruction and with a four power occupation that would last for ten years until 1955 Massive American economic aid enabled the Austrian economy to start recovering in the 1950s and reorient it from East to West Unlike the United States however general affluence did not set in until the 1960s and 1970s even though Austria's dramatic baby boom enabled it to recover from the demographic catastrophe resulting from manpower losses of World War II This volume deals with these larger trends Stephen E Ambrose discusses American European relations and sets the larger international context for the Austrian scene Oliver Rathkolb retraces the changing importance of the Austrian question for the Eisenhower administration Michael Gehler presents an in depth analysis of the intriguing question of whether Austria's unification at the price of permanent neutrality might have been a model for Germany Franz Mathis and Kurt Tweraser look at economic reconstruction and the roles played by both the Austrian public industrial sector and the American Marshall Plan Karin Schmidlechner looks at the youth culture of the era Franz Adlgasser shows how Herbert Hoover's food aid was instrumental in the containment of communism in Hungary Beth Noveck analyzes Austrian political culture of the First Republic from the perspective of Hugo Bettauer Rolf Steininger presents an insightful historical overview of how the Austro-Italian South Tyrol conflict was resolved after seventy five years of tension

Austria in the First Cold War, 1945-55 G. Bischof, 1999-08-12 At the height of the first Cold War in the early 1950s the Western powers worried that occupied Austria might become Europe's Korea and feared a Communist takeover The Soviets exploited their occupation zone for maximum reparations American economic aid guaranteed Austria's survival and economic reconstruction Their military assistance turned Austria into a secret ally of the West Austrian diplomacy played a vital role in securing the Austrian treaty in bilateral negotiations with Stalin's successors in the Kremlin demonstrating the leverage of the weak in the Cold War

Demokratie, Nation, Belastung Thorsten Holzhauser, 2022-01-19 Die Auseinandersetzung mit politischer Belastung geht zu den zentralen Herausforderungen von Transformationsgesellschaften Für die Nachkriegsdemokratien der 1940er und 1950er Jahre stellte sich daher die Frage wie mit Personen verfahren werden sollte die sich durch ihre Vergangenheit in Krieg und Diktatur kompromittiert hatten Wer aus welchem Grund als wie schwer belastet angesehen wurde und welche Schlussfolgerungen sich daraus ergaben war das Ergebnis komplexer Zuschreibungs und Aushandlungsprozesse Die Studie nimmt diese Aushandlungsprozesse in Frankreich sterreich und Westdeutschland in den Blick Sie untersucht politische Diskurse um die Sanktionierung und Amnestierung NS und kollaborationsbelasteter Personen und fragt nach dem Zusammenhang von Be- und Entlastungsdiskursen mit demokratischen und nationalen Transformationsprozessen Dabei wird gezeigt dass sich politische Belastungsdiskurse in den Nachkriegsdemokratien nicht primär um individuelle Verantwortung drehten Die Opfer spielten kaum eine Rolle Stattdessen ging es um das Wohl der Nation und den Erfolg der Demokratie Darauf stützten sich sowohl die Anhänger innen als auch die Gegner innen politischer Sanktionen

Austrian Historical Memory and National Identity Gunter Bischof, 2017-11-30 When the Hapsburg monarchy disintegrated after World War I Austria was not considered to be a viable entity In a vacuum of national identity the hapless country drifted toward a larger Germany After World War II Austrian elites constructed a new identity based on being a victim of Nazi Germany Cold war Austria however envisioned herself as a neutral island of the blessed between and separate from both superpower blocs Now with her membership in the European Union secured Austria is reconstructing her painful historical memory and national identity In 1996 she celebrates her 1000 year anniversary In this volume of Contemporary Austrian Studies Franz Mathis and Brigitte Mazohl Wallnig argue that regional identities in Austria have deeper historical roots than the many artificial and ineffective attempts to construct a national identity Heidemarie Uhl Anton Pelinka and Brigitte Bailer discuss the post World War II construction of the victim mythology Robert Herzstein analyses the crucial impact of the 1986 Waldheim election imploding Austria's comforting historical memory as a nation of victims Wolfram Kaiser shows Austria's difficult adjustments to the European Union and the larger challenges of constructing a new European identity Chad Berry's analysis of American World War II memory establishes a useful counterpoint to construction of historical memory in a different national context A special forum on Austrian intelligence studies presents a fascinating reconstruction by Timothy Naftali of the investigation by Anglo American counterintelligence into the retreat of Hitler's troops into the Alps during World War II Rudiger Overmans research note presents statistics on lower death rates of Austrian soldiers in the German army Review essays by Gunther Kronenbitter and Gunter Bischof book reviews and a 1995 survey of Austrian politics round out the volume Austrian Historical Memory and National Identity will be of intense interest to foreign policy analysts historians and scholars concerned with the unique elements of identity and nationality in Central European politics
