Globalizing Regional Development in East Asia Henry Wai-chung Yeung,2013-09-13

Significant historical and geographical differences account for the many processes and trajectories of regional development in East Asia These historical and geographical specificities in East Asia have prompted serious re examination of existing theories in regional development and in particular the new regionalism approach associated with such ideas as the learning region institutional thickness relational assets and regional innovation system This book brings together a group of leading researchers specializing in local and regional development in East Asian economies Through in depth empirical studies of

specific regions and localities these authors offer fresh and innovative perspectives on how regions evolve and develop over time in the world's most dynamic macro regional economy In particular their work points to the critical importance of local and trans local processes in shaping regional development trajectories The book is timely given that the debate on the nature and dynamics of regional development in both academic and policy circles has now moved on From the earlier focus on endogenous regional assets such as localized networks of association and trust scholars and policymakers are now analyzing the complex relationship between economic globalization and regional change This high calibre collection makes a significant contribution to the literature on local and regional development in Asia and provides an important resource for researchers students and policy makers interested in East Asia This book was published as a special issue of *Regional Studies*

Kitchen Capitalism Margaret Sherrard Sherraden, Cynthia K. Sanders, Michael Sherraden, 2012-02-01 Businesses come to life as owners are allowed to speak in their own words in this first in depth examination of self employment told from the perspectives of low income microentrepreneurs The book systematically analyzes a range of issues including who chooses to open a micro business and why what resources do they bring to their business venture how well will their venture fare and what contributes to the growth or decline of their business The authors conclude that most microentrepreneurs believe self employment offers a range of monetary and nonmonetary benefits and argue it would be more advantageous to view microenterprise as a social and economic development strategy rather than simply as an anti poverty strategy Based on this observation a range of strategies to better promote microenterprise programs among the poor is advanced with the goal of targeting the most promising approaches *Replicating Microfinance in the United States* James H. Carr, Zhong Yi Tong, 2002-06-28 Microfinance was pioneered in the developing world as the lending of small amounts of money to entrepreneurs who lacked the kinds of credentials and collateral demanded by banks Similar practices spread from the developing to the developed world reversing the usual direction of innovation and today several hundred microfinance institutions are operating in the United States *Replicating Microfinance in the United States* reviews experiences in both developing and industrialized countries and extends the applications of microlending beyond enterprise to consumer finance housing finance and community development finance concentrating especially on previously underserved households and their communities *A Guide to Homeownership*, 1995 **The Industrial Geography of Israel** Yehuda Gradus, Shaul Krakover, Eran Razin, 2006-04-10 Israel's industrial geography is unique The continuing Arab Israeli conflict has been a primary force behind government intervention in settlement patterns and has led to a major effort to disperse industry The geopolitical situation has also encouraged a policy of attempted self reliance especially for defence purposes These factors combined with an abundant human capital have given Israeli high technology industries a special place in the international division of labour The absorption of waves of mass immigration has influenced industrial development Rural industrialisation mainly by the Kibbutz communal settlement movement is another unique feature The *Industrial Geography of Israel* presents

a comprehensive overview of industrial spatial development of Israel from the Ottoman era to present times evaluating industrial dispersal policy corporate geography high technology industries entrepreneurship and rural industrial development The spatial development of Israeli industry is set within the broader context of Israel s political and economic development and of global economic change as well as theories of industrial location and regional planning and development
