Entrepreneurship in Imperial Russia and the Soviet Union Gregory Guroff, Fred V. Carstensen, 2014-07-14 This multidisciplinary study of entrepreneurship in Russian society from the sixteenth to the twentieth century demonstrates the crucial influence of central government on economic initiative Originally published in 1983 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Cambridge History of Russia: Volume 2, Imperial Russia, 1689-1917 Maureen Perrie, D. C. B. Lieven, Ronald Grigor Suny, 2006-08-17 A definitive new history of Russia from early Rus to the collapse of the Soviet Union **Decisions For War, 1914** F.H. Hinsley, Keith Wilson, 2016-04-29 Keith Wilson is Lecturer in International History at the University of Leeds This book is intended for undergraduate history courses broad 20th century European history First World War military history war studies international and diplomatic history school libraries *Russia and Western Civilization* Russell Bova, 2015-02-12 This volume introduces readers to an age old question that has perplexed both Russians and Westerners Is Russia the eastern flank of Europe Or is it really the heartland of another civilization In exploring this question the authors present a sweeping survey of cultural religious political and economic developments in Russia especially over the nineteenth and twentieth centuries Based on the interdisciplinary Russian studies program at Dickinson College this splendid collection will complement many curricula The text features highlight boxes and selected illustrations Each chapter ends with a glossary study questions and a reading list *'Living Water' : Vodka and Russian Society on the Eve of Emancipation* David Christian, 1990-07-26 This is a study of the social economic and political role of Vodka in nineteenth century Russia Since the Green Serpent first appeared in sixteenth century Muscovy it has played a vital part in Russian life Vodka became an essential part of Russian working class celebrations personal religious and commercial Trade in Vodka redistributed wealth upwards through Russian society over several centuries Indeed Russia's status as a great power was underpinned by it by the nineteenth century it generated one third of government revenue enough to cover most of the costs of the vast army The dependence on Vodka of both people and state has endured into the Gorbachev era But despite Vodka's key role in Russian history and the complex network of corruption associated with it the subject has been ignored by most historians until now This study concentrates on an important transitional era in the history of Vodka the early nineteenth century During this period Vodka taxes played the role that salt taxes had played in the ancien r eacute gime in France The abolition of the tax farm in 1863 should be seen as one of the most important of the Great Reforms of the 1860s an era which in many ways parallels the glasnost of the 1980s *Female Entrepreneurs in the Long Nineteenth Century* Jennifer Aston, Catherine

Bishop, 2020-07-29 This volume challenges those who see gender inequalities invariably defining and constraining the lives of women But it also broadens the conversation about the degree to which business is a gender blind institution owned and managed by entrepreneurs whose gender identities shape and reflect economic and cultural change Mary A Yeager Professor Emerita University of California Los Angeles This is the first book to consider nineteenth century businesswomen from a global perspective moving beyond European and trans Atlantic frameworks to include many other corners of the world The women in these pages who made money and business decisions for themselves rather than as employees ran a wide variety of enterprises from micro businesses in the grey market to large factories with international reach They included publicans and farmers midwives and property developers milliners and plumbers pirates and shopkeepers *Female Entrepreneurs in the Long Nineteenth Century A Global Perspective* rejects the notion that nineteenth century women were restricted to the home Despite a variety of legal and structural restrictions they found ways to make important but largely unrecognised contributions to economies around the world many in business Their impact on the economy and the economy's impact on them challenge gender historians to think more about business and business historians to think more about gender and create a global history that is inclusive of multiple perspectives Chapter one of this book is available open access under a CC BY 4.0 license at link.springer.com *Merchants and Entrepreneurs in Imperial Russia* Alfred J. Rieber, 1982 This book is the first general history of Russian businessmen from Peter the Great to the Revolution of 1917 It is also a challenging new interpretation of the nature of social change in tsarist Russia Alfred Rieber seeks to explain how Russia developed a capitalist economy and launched a major industrialization without giving rise to a mature bourgeoisie His analysis concentrates on the deep seated social divisions that prevented the political unity of the Russian middle classes even when their vital interests were threatened by powerful bureaucrats and a workers revolution He concludes that the fate of the Russian merchants and industrialists was part of a larger social fragmentation in Russia on the eve of World War I Rieber argues that the merchantry was throughout its history the most unstable and politically passive group in Russian society Periodically swamped by an influx of peasants the merchants were never able to free themselves from state tutelage or their own traditional values Surrounded by ethnic rivals the Great Russian merchantry adopted the mentality of a besieged camp The real innovators in Russia's industrialization were social deviants Old Believer peasants declassé nobles and non Russian peoples on the periphery of the empire But even these entrepreneurial groups failed to provide the leadership for a strong middle class because they were deeply marked by competing regional and ethnic attachments In Rieber's analysis the Russian bureaucracy shares much of the blame for the absence of a cohesive class structure in Russia It feared and opposed the emergence of a bourgeoisie and it was deeply split over the question of industrialization Rieber concludes that the bureaucracy helped to maintain the legal distinctions within Russian society that contributed to its fragmentation This work touches on almost every aspect of imperial Russian society its political and legal institutions social movements intellectual

currents and economic development Rieber has drawn on a wide range of sources including Soviet archives merchant memoirs contemporary journals pamphlets and newspapers and the proceedings and reports of many specialized societies and organizations Originally published in 1991 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value **Russian Corporate Capitalism From Peter the Great to Perestroika** Thomas C.

Owen,1995-12-07 From the three perspectives of geography economic policy and ideology this work examines corporate capitalism under the tsarist and late Soviet regimes Thomas C Owen discovers a remarkable history of thwarted effort and lost opportunity He explores the impact of bureaucratic restrictions and reveals the entrepreneurial capabilities of Russia's corporate founders from various social groups as well as the prominence of Poles Germans Jews Armenians and foreign citizens in the corporate elite of the Russian Empire and its ten largest cities The study stresses continuities between tsarist and late Soviet periods especially in the persistence of anti capitalist attitudes both radical and reactionary A provocative final chapter considers the implications of the weak corporate heritage for the future of Russian capitalism European Economic Integration as a Challenge to Industry and Government Richard Tilly,Paul J.J. Welfens,2013-12-14 explicit presentation of some of those stylized facts in the form of a brief chronologically structured narrative In keeping with the broad scope of this volume we begin by going back at least two hundred years to the growth of an integrated national capital market in England in the 18th century see Neal Chapter This starting point has the advantage of calling attention to a number of important points First the form of integration by which a central market London for a standardized good government bonds or consols came to serve as linkage between two or more hitherto separate regional markets represents a typical and important form of financial and economic integration In Kindleberger's terminology it is the integration via third parties form where say security prices in A and B converge $2 A C B$ instead of $A B$ In the 18th century English context this central market provided a widely available index of the opportunity costs of alternative investments the importance of which should not be underestimated for it contributed to national economic integration in England NEAL 1994 Second this example illustrates an important point of political economy The prerequisite for the development of the central market mentioned was the establishment of sound public finances based on the state's widely accepted power to tax *The Russian City Between Tradition and Modernity, 1850-1900* Daniel R. Brower,2023-09-01 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1990 **A Companion to Russian History** Abbott Gleason,2014-01-28 This companion comprises 28 essays by international scholars offering an

analytical overview of the development of Russian history from the earliest Slavs through to the present day Includes essays by both prominent and emerging scholars from Russia Great Britain the US and Canada Analyzes the entire sweep of Russian history from debates over how to identify the earliest Slavs through the Yeltsin Era and future prospects for post Soviet Russia Offers an extensive review of the medieval period religion culture and the experiences of ordinary people Offers a balanced review of both traditional and cutting edge topics demonstrating the range and dynamism of the field Creating Global Shipping Gelina Harlaftis,2019-08-29 This study of shipping makes visible a sector that has led European economic growth for centuries yet rarely appears in business or economic histories **Corruption and the Russian Economy** Yulia Krylova,2018-04-17 Corruption and the Russian Economy examines why the number of entrepreneurs is declining so rapidly in contemporary Russia how many economic opportunities are being irrevocably lost each year because of administrative corruption and why entrepreneurship has become one of the most dangerous occupations in the country over the last decade Based on extensive research including in depth interviews with entrepreneurs and case studies it reveals a corrupt system of government agencies at both the regional and local levels and the increasing involvement of public officials in unlawful seizures of businesses One major conclusion is that the vast majority of informal payments by entrepreneurs to regulatory agencies are made not to achieve illegal advantages but rather to secure the property rights that they are entitled to under the law **Reluctant Capitalists** Linda M. Randall,2001-08-06 Reluctant Capitalists examines Russia s plodding sometimes painful journey toward a free market Through case studies interviews and first hand observation Randall tells us of Russia s economic troubles and offers suggestions for making market reform work **Polish Entrepreneurs and American Entrepreneurs** John O'Del,2014-05 First published in 1997 Routledge is an imprint of Taylor Francis an informa company Russian Industrialists in an Era of Revolution Ruth Amende Roosa,1997 This text on Russian industrialists includes chapters on the Russian business community the dilemmas of backwardness and politics war and revolution **Privatization and Entrepreneurship in Post-Socialist Countries** Bruno Dallago,Gianmaria Ajani,Bruno Grancelli,1992-06-18 Analyzes the processes of privatization and entrepreneurial formation by countries and subjects and points out the different features they acquire in various post socialist countries through an interdisciplinary and historico comparative approach Culture and Leadership Across the World Jagdeep S.
