Environmental Impact Assessment Training Course Vili A. Fuavao, South Pacific Regional Environment Programme, 1992 *Perspectives on Environmental Impact Assessment* B.D. Clark, A. Gilad, R. Bisset, P. Tomlinson, 2012-12-06 The experience of highly industrialized countries demonstrates that single minded pursuit of economic develop ment is self defeating because by disregarding the other components of what is cxmmonly called the quality of life it creates conditions which are not acceptable to large sectors of the population In the recent past a number of projects for example major darns have had unexpectedly deleterious social enviro nmental and health consequences As a result many govern ment department and agencies are investigating the impacts of specific projects and are examining the role impact analysis could play in project planning The process of environmental impact analysis has been developed tested and institutionalized in several countries The objective of the process is a prior identification and definition of likely environmental impacts of projects such as public works industrial developments and tourist develop ments as well as the impact of policies and legislative proposals The environmental impact analysis process also includes the definition of alternative courses of action which would achieve comparable economic objectives while eliminatir g some or all of the

detrimental environmental consequences Identification of preventive or precautionary measures which would minimize the unavoidable impacts form an integral part of the process The aim should be for a balanced appraisal in which economic technical social environmental and health aspects are fully evaluated Thus viewed environmental impact analysis emerges as one of the most powerful planning tools for the prevention of environmental pollution and degradation **Teaching**

Indian Environmental Impact Assessment Practice Arjun Kumar A. Rathi, 2024-09-17 The efficacy of the EIA lies in meticulously applying the theory and concepts of the EIA in framing environmental policies and regulations conducting and reviewing the EIA studies and EIA follow up This book critically examines the different components of the Indian EIA practice and highlights the learnings Given that the case study method is well recognized for learning and is accepted in top ranking institutions the book will immensely benefit academics in environmental science environmental engineering environmental planning environmental management business management project management economics and public administration at graduate and research levels It should provoke researchers to pursue empirical studies and to devise innovative methodologies to evaluate different elements of the EIA practice to help ensure EIA objectivity The book will also be handy to environment ministries EIA professionals project proponents and multilateral institutions such as the UNEP World Bank ADB AfDB ODA and NGOs

Environmental Impact Assessment A.G. Colombo, 2012-12-06 The Joint Research Centre of the European Communities and in particular the Institute for Systems Engineering and Informatics ISEI at Ispra have well established competences in risk analysis uncertainty analysis and statistical data treatment More recently work on Environmental Impact Assessment EIA particularly on environmental indicators and indices and on a system engineering approach to EIA has started This approach attempts to move towards unified procedures to investigate normal operation and accidental risks these are problems concerned within both the EIA Directive 85/337/EEC and the Seveso Directive 82/1501/EEC In May 1990 a Workshop on Indicators and Indices for Environmental Impact Assessment and Risk Analysis was organized at the JRC Ispra The Proceedings of this Workshop Report EUR 13060 EN 1990 are a reference document in the field This book is based on the papers presented at the Eurocourse EIA/91 held at the JRC Ispra in the Autumn of 1991 This was the first course on Environmental Impact Assessment given in the JRC's Eurocourse series at Ispra It was a success because of both the high calibre of the lecturers and the well informed and numerous participants The work focuses on the broader aspects of EIA namely legislation indicators and indices approaches and techniques economic and sociological implications
