Environmental Policy and Practice in Eastern and Western Europe István Fodor, Gordon P. Walker, 1994-01-01

Environmental Problems in East-Central Europe Frank Carter, David Turnock, 2002-09-26 In this new edition the progress made in the last decade to solve the environmental problems described in the first edition is assessed The attempts to bring environmental legislation into line with West European norms is also described Environmental Problems of East Central Europe looks at air and water pollution modern farming water supplies waste management and landscape protection These topics are placed within economic social and political profiles as spending on a clean environment must be reconciled with welfare spending and the safeguarding of jobs European Union assistance civil society and the work of environmental NGOs are also discussed All of these matters are considered within the context of the wider geographical area and then by each individual country including the previously communist states lying to the west of the Soviet Union now with the former federal states of Czechoslovakia and Yugoslavia broken up into seven different entities and a review of the former Soviet Union with particular reference to the Baltic States Environmental Problems in East Central Europe provides a wealth of up to date reference material with a vast amount of supporting literature on environmental conditions and the functioning of civil society and a map of each country The environment is being taken seriously by them all such is the influence of the Rio sustainability agenda in general and the EU environmental acquis in particular The book reveals that Eastern Europe is not a blighted area but in some respects has a higher biodiversity than Western Europe Although there is enormous waste and inefficiency in energy use people actually consume relatively little and the East therefore has some lessons for the West in terms of managing on the bases of fair share of the earth's resources *Environment, Planning and Land Use* Philip Kivell, Peter Roberts, Gordon P. Walker, 2018-12-17 Published in 1998 this work focuses on the practical issues and policies relating to planning and managing both built and natural environments It addresses the needs to pursue a greater degree of integration between the subject matter and the international frameworks of environmental planning *Transforming Barcelona* Tim Marshall, 2004 This work written by local experts in the city deals with the transformation of Barcelona It will be of interest to architects planners and urban designers as well as those interested in the social and economic impacts of regeneration *Remote Sensing and GIS in Peri-Urban Research* Meheboob Sahana, 2024-09-05 Remote Sensing and GIS in Peri Urban Research Perspectives on Global Change Sustainability and Resilience Eleventh Edition provides the most recent methods and techniques incorporating geoinformatics based practices to map evaluate and model urban landscape attributes and changes The book provides theory methodology and future perspectives of remote sensing and GIS techniques applied to peri urban modelling analysis and sustainability through the use of spatio temporal geospatial datasets It also includes case studies of real world data sets with applicable algorithms techniques and methods for study This will be a useful reference for researchers and academics in remote sensing GIS and spatial analysis and environmental or urban scientists wanting to

implement remote sensing technologies in their research Outlines applications of geospatial technologies for visualization of land use dynamics including spatial information about population distributions built up areas and degree of urbanization based on global and local datasets Provides methodology for identification of peri urban interfaces using techniques to identify peri urban space and dynamics using remote sensing and GIS techniques Includes worldwide case studies by experts from different countries increasing the understanding of the nature of global peri urbanization and growth **Environment and Society in Eastern Europe** Andrew Tickle,Ian Welsh,1998 Providing a detailed examination of the role of environmental movements that marked the end of state socialism in Eastern Europe this text identifies major trends and issues and suggests possible solutions Western Europe Hugh Clout,Mark Blacksell,Russell King,David Pinder,2014-09-19 Western Europe provides a balanced appraisal of common characteristics and shared problems of the eighteen states lying to the west of the former Iron Curtain **The New Europe** David Pinder,1998-06-29 Covering both Western and Eastern Europe this updated version of Western Europe Challenge and Change offers a structured analysis of contemporary European issues and their geographical context **Geographies of Agriculture** Guy Robinson,2014-01-14 Agricultural Geography has changed dramatically in recent decades reflecting the transformation of the farming industry itself Geographies of Agriculture embraces these changes applying ideas and methods from contemporary social science as it moves beyond farm based production to address current issues affecting the production and consumption of food and fibre throughout the world The book places special emphasis on topics that reflect globalisation processes integration of agriculture into the wider agri food system concern with attaining sustainable production systems and the importance of both government and supra government policies Examples are drawn from North America Western Europe and the developing world Geographies of Agriculture will appeal especially to Geography students but should also be of interest to a broader range of students in Sociology Economics and Development Studies and anyone interested in agriculture food production and consumption and rural development The American Bibliography of Slavic and East European Studies for 1994 Patt Leonard,Rebecca Routh,1997-05-31 This text provides a source of citations to North American scholarships relating specifically to the area of Eastern Europe and the former Soviet Union It indexes fields of scholarship such as the humanities arts technology and life sciences and all kinds of scholarship such as PhDs **European good practices on land banking** Veršinskis, T., Hartvigsen, M., Gorgan, M.,2022-02-08 Many countries in Western Europe have a long tradition of applying land banking as part of the integrated toolbox of land management instruments As with land consolidation the traditional purpose of land banking has been to support agriculture and rural development by reducing land fragmentation and facilitating the enlargement of farms In Western Europe the objectives of land banking have developed over the last decades and today in several countries the instrument is applied in a multi purpose approach together with land consolidation In most countries land banking shares the objectives of land consolidation which in addition to continued agricultural development

supports the implementation of public projects in rural areas where private landowners and farmers are requested to give up agricultural land for example in connection with the construction of infrastructure projects such as highways and railways or for the implementation of public projects related to nature restoration afforestation or climate change adaptation and mitigation In a few Western European countries land banking is also applied on use rights where a lease facilitation approach connects owners of agricultural land not using their land and often leaving it abandoned with local farmers interested in farming more land This study first analyses and identifies good European practices on land banking discusses experiences from the introduction of land banking instruments in countries in Central Europe Finally it provides policy recommendations for the introduction of land banking with a focus on countries in Eastern Europe and Central Asia
