Environmental Factors in Christian History Shirley Jackson Case, 1939 **Environmental Factors in Christian history** John Thomas MacNeill, 1970 Environmental factors in Christian history, ed John Thomas MacNeill, **Environmental Factors in Christian History. (Studies Presented to Dr. S.J. Case.) Edited by John Thomas MacNeill, Matthew Spinka, Harold R. Willoughby. [With a Portrait.]** Shirley Jackson CASE, John Thomas MacNeill, Matthew SPINKA, Harold Rideout WILLOUGHBY, 1939 The Choice to Exceed Our Christian Education Dr. Clara J. Ushman, 2024-06-03 Christian education is a phrase that is extremely vast Here is a chance to discover Christian education such as its origins histories successes difficulties and continuing challenges The Choice to Exceed Our Christian Education is an adventure into the past present and future of Christian education Where did Christian education come from We travel back into a long ago history lesson How has it changed Has history repeated itself over time For better or for worse What is being done to ensure that Christian education will continue ten fifty or one hundred years from now All these thought provoking questions and more inside **A History of the Quests for the Historical Jesus, Volume 2** Colin Brown, Craig A. Evans, 2022-11-08 A comprehensive two volume reassessment of the quests for the historical Jesus that details their origins and underlying presuppositions as well as their ongoing influence on today's biblical and theological scholarship Jesus life and teaching is important to every question we ask about what we believe and why we believe it And yet there has never been common agreement about his identity intentions or teachings even among first century historians and scholars Throughout history different religious and philosophical traditions have attempted to claim Jesus and paint him in the cultural narratives of their heritage creating a labyrinth of conflicting ideas From the evolution of orthodoxy and quests before Albert Schweitzer's famous Old Quest to today's ongoing questions about criteria methods and sources A History of the Quests for the Historical Jesus not only chronicles the developments but lays the groundwork for the way forward The late Colin Brown brings his scholarly prowess in both theology and biblical studies to bear on the subject assessing not only the historical and exegetical nuts and bolts of the debate about Jesus of Nazareth but also its philosophical sociological and theological underpinnings Instead of seeking a bedrock of facts Brown stresses the role of hermeneutics in formulating questions and seeking answers Colin Brown was almost finished with the manuscript at the time of his passing in 2019 Brought to its final form by Craig A Evans this book promises to become the definitive history and assessment of the quests for the historical Jesus Volume One sold separately covers the period from the beginnings of Christianity to the end of World War II Volume Two covers the period from the post War era through contemporary debates **A History of Religion East and West** Trevor Ling, 1969-01-15 The religious traditions of Asia and Europe the East and West of the title are sometimes regarded as being in sharp contrast with each other the one mystical the other prophetic Whenever their religions are not so contrasted they are usually treated in isolation from each other the religion of Israel Zoroastrianism Judaism Christianity

Hinduism Jainism and Buddhism Dr Ling however stresses that there is considerable overlap and interpenetration between the two types and areas and that it is important to see the historical inter relation between these religions and to observe how during given periods of history there are parallel developments or significant divergences He covers the period 1500 B C to the present time providing an outline of the development of Asian and European religious traditions and institutions and discussing the social and economic factors involved in the development of religious traditions although he shows that such factors alone do not account for the religious life of man Dr Ling goes on to interpret the contemporary significance of these religions and their potential for the future life of humanity He suggests that the present stage of religious advance is characterised by open endedness towards the future not all religions exhibit this character but none has yet exhausted the possibilities of development This book is intended for use as an introduction to the study of religion Although reference is made in the text to sources of further information the book can be used without reference to them *Explorations in the Second Christian Century* Judith M. Lieu, 2024-11-11 As allegiance to Jesus Christ spread across the Roman Empire in the second century writings practices and ideas erupted in a creative maelstrom Many of the patterns of practice and belief that later become normative emerged in the midst of debate and argument with neighbours who shared or who rejected that allegiance Authoritative texts principles of argument attitudes to received authority the demands of allegiance in the face of opposition identifying who belonged and who did not all demanded attention These essays explore those divergent voices and the no less diverse and lively debates they have inspired in recent scholarship **Matthew Spinka, Howard Kaminsky, and the Future of the Medieval Hussites** Thomas A. Fudge, 2021-07-07 The Hussite movement is essential for understanding medieval Europe and the development of Western civilization Matthew Spinka and Howard Kaminsky stand at the forefront of scholarship introducing this subject to the Anglophone world Thomas A Fudge argues their role in the religious historiography of late medieval Europe is a precursor to global medievalism Combining commitment to the Christian faith with firm opposition to the Soviet mandated Marxist Communist ideology that dominated twentieth century Czechoslovakia Spinka strove to present Jan Hus as a medieval figure driven by religious devotion Motivated by Jewish atheism and a modified form of Marxist analysis Kaminsky rescued the medieval Hussites from oblivion and political agendas Fudge explores biography history and historiography as an essential intellectual segue between medieval Hussites and modern scholarship Matthew Spinka Howard Kaminsky and the Medieval Hussites considers biography evaluates the work of both historians elaborates their methods assesses their interpretations and analyzes their historiographical significance for the study of Hussite history *Legitimation in the Letter to the Hebrews* Iutisone Salevao, 2002-07-01 This book adopts an inter disciplinary approach to the study of the theology symbolism and argument of Hebrews Employing sociological models the book examines Hebrews in the context of the early Christians construction and maintenance of a social world In that respect the book elaborates the thesis that Hebrews was designed to serve a legitimating function in the realm of social

interaction that its theology symbolism and argument were designed to construct and maintain the symbolic universe of the community of the readers It is argued that we cannot properly understand the theology symbolism and argument of Hebrews apart from its first century context

The Social Setting of the Ministry as Reflected in the Writings of Hermas, Clement and Ignatius Harry O. Maier, 2006-01-01

Focussing on three first and early second century documents the Shepherd of Hermas 1 Clement and the Ignatian epistles this work contributes to a growing body of literature concerned with the social setting of early Christianity Maier argues that the development of structures of leadership in the early Christian church is best accounted for by reference to the hospitality patronage and leadership of wealthy hosts who invited local Christian groups to meet in their homes Sociological models and types are employed to analyze the tensions that arose from excesses of patronage and leadership by the well to do Recognizing the socio economic setting of these conflicts corrects the interpretation of early Christian conflicts over the ministry as purely theological and doctrinal

The Post-Darwinian Controversies James R. Moore, 1981-10-30 The Post Darwinian Controversies offers an original interpretation of Protestant responses to Darwin after 1870 viewing them in a transatlantic perspective and as a constitutive part of the history of post Darwinian evolutionary thought The impact of evolutionary theory on the religious consciousness of the nineteenth century has commonly been seen in terms of a conflict or warfare between science and theology Dr Moore s account begins by discussing the polemical origins and baneful effects of the military metaphor and this leads to a revised view of the controversies based on an analysis of the underlying intellectual struggle to come to terms with Darwin The middle section of the book distinguishes the Darwinism of Darwin himself amid the main currents of post Darwinian evolutionary thought and is followed by chapters which examine the responses to Darwin of twenty eight Christian controversialists tracing the philosophical and theological lineage of their views The paradox that emerges that Darwin s theory was accepted in substance only by those whose theology was distinctly orthodox theology and of other evolutionary theories with liberal and romantic theological speculation

Twelftree, 2013-09-15 How can we explain the difference between the miraculous Christianity expressed in the Gospels and the nearly miracle free Christianity of Paul In this historically informed study senior New Testament scholar Graham Twelftree challenges the view that Paul was primarily a thinker and reimagines him as an apostle of Jesus for whom the miraculous was of profound importance Highlighting often overlooked material in Paul s letters Twelftree offers a fresh consideration of what the life and work of Paul might teach us about miracles in early Christianity and sheds light on how early Christians lived out their faith

Medieval and Middle Eastern Studies in Honor of Aziz Suryal Atiya Sami A. Hanna, 2023-11-13 **Baptist Traditions and Q** Clare K. Rothschild, 2005 Clare K Rothschild offers the first comprehensive examination of why current models of Q feature traditions concerning John the Baptist both prominently and favorably A close hermeneutical investigation of the NT Gospels including literary phenomena such as the double attribution of sayings to John and to Jesus contradictions among

sayings of Jesus and significant thematic continuities between Baptist traditions and Q sayings on topics such as the Son of Man and Kingdom of God support the argument that at some point in the undoubtedly complex pre history of its redactions Q existed as a source of Baptist traditions exclusively This study also includes an important new interpretation of the Markan transfiguration narrative BOOK JACKET

Jesus the Exorcist Graham H. Twelftree, 2011-07-11 That the synoptic writers believed that Jesus cast out demons and that such a role figured prominently in the Synoptics portrait of him can scarcely be denied And yet only scant scholarly attention has been focused on Jesus role as exorcist Even less consideration has been given to the significance of Jesus as exorcist for understanding the historical Jesus Now in a provocative and insightful study Graham Twelftree helps New Testament scholars move beyond such myopia Twelftree examines exorcists and exorcism in first century Palestine assesses the New Testament accounts of demons and their demise and explores the implications and significance of the fact that Jesus was indeed an exorcist The volume appeared originally in the noted German series Wissenschaftliche Untersuchungen zum Neuen Testament
