

Environmental Management In Hospitality

Norizan Ahmad

Environmental Management In Hospitality:

Environmental Management for Hotels David Kirk, 2010-02-17 *Environmental Management for Hotels* is a textbook for hospitality students that covers the relatively new field of environmental management. The reader is guided in how to make decisions which allow hotels to obtain optimum benefits for the environment whilst not threatening their own financial viability. Students are given an understanding of both the concepts and practical implications of environmental challenges relating to hotels. The case study material incorporated ties in theory with real life and provides an international context. The text emphasizes supervisory issues which relate to the management of hospitality operations in ways which are sensitive to the impact on the environment. The main areas of environmental management featured are water energy the indoor environment materials and waste. *Environmental Management in Hospitality Industry* Norizan Ahmad, 1994

Environmental Management In Hospitality M.C. Metti, 2008 An outstanding feature of the environmental management in hospitality is that it is very flexible educators can pick and choose cases they would like to discuss. Students have an opportunity if given by the instructor to peruse the cases and select that ones they feel would be most beneficial to them. **Sustainability in the Hospitality Industry** Willy Legrand, Joseph S. Chen, Gabriel C. M. Laeis, 2022-07-29 This foundational textbook investigates the economic environmental and social sustainability issues facing the hospitality industry today and explores ideas solutions and strategies of how to manage operations in a sustainable way. This updated fourth edition features new content including Research on nature based solutions and zero carbon approaches in facilities technologies for energy water and waste management changes in consumer behaviour and environmental and social impacts of food production. A new chapter on employees diversity inclusion and well being in the industry. A new chapter on the challenges of operating in the Global South. More than 100 international industry case studies and focused info boxes. New practical exercises discussion questions and research project ideas based on real life sustainability scenarios. Accessible and comprehensive this book is essential reading for all students as well as current and future managers in the hospitality industry. *Environmental Management for Hotels* Jennifer Raga, 2017-11 In recent times Environmental Management has gained immense importance in various industries from the hospitality industry to several small sector industries. Application of environmental management has been on a rise in hospitality industry in particular. Hospitality industry contributes significantly to the GDP of a country which is why it becomes essential to implement sustainability practices in its operations. Due to the growing need of environmental management in hotels and restaurants there is an urgent requirement to educate staff members and guests as well about sustainability initiatives. This book teaches the readers about the ways in which they can implement the sustainability practices. Various dimensions related to environmental management in hotels and restaurants are covered in different chapters of this book. Tourism its features and various other aspects form the idea and content of the first two chapters which includes destination management as it is an important aspect of tourism management.

and much of environmental concerns are also associated with destination management There is a complete chapter devoted to the need for environmental management in hotels and restaurants In addition this book discusses about the current trends which are prevailing in hotels and restaurants Future trends which are a possibility in this industry are also described One chapter entirely talks about the ways in which resources can be managed sustainably in hotels It emphasizes on how workshops can be organized to educate the staff members and guests about the management of natural resources Another chapter is entirely dedicated to consumption of energy in hotels and restaurants The book also sheds light on the various methods of waste management in hospitality industry Furthermore environmental management starts with the responsible procurement of resources Purchasing goods and services which do not harm the environment should be the first priority for hotels and restaurants The chapter dedicated to purchasing policies also talks about the best practices which can be implemented to ensure effective environmental management There is another chapter which completely talks about the need of guest participation in this environmental drive Currently many hotels are implementing sustainability practices in their operations which makes these hotels Green Hotels Importance of Green hotels and challenges faced in their implementation are also focused upon The book also talks about the certification and regulatory bodies which are created to monitor the practices of different hotels and restaurants Guests and their attitudes towards the sustainability practices are discussed briefly This book gives a glimpse regarding the practices of hotels and restaurants which are causing major damage to the environment This book intends to teach readers about the needs and methods of environmental management in hotels

Environmental Management Concepts and Practices for the Hospitality Industry Ishmael Mensah, 2019-07-31

as well as encouraging others to do the same New sections include implementing an environmental policy managing an audit of performance Environmental Management for Hotels is written in an accessible style with mini cases and checklists featured throughout and it is presented as a looseleaf ringbinder Additional information has been included on laundry and cleaning in response to readers feedback It can be used as a blueprint for developing an environmental policy or improving on one already in place

Environmental Management in the Hospitality Industry Kathryn Webster,2000 Opening with an extensive introduction to the issues that threaten the environment today and an examination of the steps that the world community has taken to address them this book is a comprehensive guide to how any hospitality business can improve its environmental performance BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Environmental Management for Hotels Macmillan Publishing,MacMillan,Twist,1996-05 This unique manual has been updated to include the latest ideas in environmental management practice in the international hotel industry Sebastian MacMillan an expert in environmental issues has revised the manual on behalf of the International Hotels Environment Initiative Sponsored by Diversey Corporation Environmental Management for Hotels brings together the considerable experience and expertise of a substantial part of the global hotel business It is the first manual of its kind and demonstrates the commitment of key hotels groups to implementing good environmental practice as well as encouraging others to do the same New sections include implementing an environmental policy managing an audit of performance Environmental Management for Hotels is written in an accessible style with mini cases and checklists featured throughout and it is presented as a looseleaf ringbinder Additional information has been included on laundry and cleaning in response to readers feedback It can be used as a blueprint for developing an environmental policy or improving on one already in place

Sustainability in the Hospitality Industry Philip Sloan,Willy Legrand,Joseph S. Chen,2013 Revealing and refreshing ideas for the neglected area of sustainability in hospitality management this title presents viable strategies for saving energy and promoting a positive image for hotel managers restaurant managers and other hospitality providers

Environmental Management for Hotels Claire Baker,2008

Sustainability in the Hospitality Industry MD Joseph Chen,Philip Sloan,Joseph Chen,Professor of Oral Pathology Philip Sloan,Willy Legrand,2010-05-04 A clear understanding of the issues surrounding climate change global warming air and water pollution ozone depletion deforestation the loss of biodiversity and global poverty is essential for every manager in the hospitality industry Present and future hospitality executives need to know how sustainable management systems can be integrated into their businesses while maintaining and hopefully improving the bottom line Sustainability in the Hospitality Industry explores innovative ways to tackle the ever increasing costs of energy and water as well as the moral ethical social and political arguments for taking action This book uses case studies throughout to explore the following key issues how can hospitality properties and equipment be designed to use less resources what are the benefits of using more sustainable food and beverage sources how can environmental impacts be

reduced and profitability increased how can properties integrate sustainability management systems and stay one step ahead of the competition how can the reputation of a hospitality operation be improved to attract investment by incorporating responsible marketing and corporate social responsibility policies Sustainability in the Hospitality Industry contains stimulating new ideas solutions and strategies essential to every student and professional in the hospitality industry Philip Sloan Willy LeGrand both of Department of Hospitality Management International University of Applied Sciences Bad Honnef Bonn Germany Joseph S Chen Department of Recreation Park and Tourism Studies Indiana University Bloomington USA

An Operational Environmental Management Guideline for the Hospitality Industry According to ISO 14000 Gertruida Catharina Hanekom, 2013 Increasing environmental awareness and an acceptance of accountability by the public and by businesses internationally and locally could motivate organisations to adopt Environmental Management as part of their operations The new direction the tourism and related industries are obliged to follow in accordance with new government initiatives will require responsibility in terms of the environment management of the impacts these activities have on the environment and a commitment to the philosophy of sustainable development Even though international standards and benchmarks for Environmental Management exist for the hotel industry standards and guidelines do not yet exist for the South African environment Furthermore guidelines for an Environmental Management System in accordance with ISO 14001 have not yet been drafted for this industry either internationally or locally The aim of this study is to compile a guideline document for the implementation of Operational Environmental Management in accordance with the requirements of an ISO 14001 Environmental Management System Three South African hotels belonging to a local group of hotels but with international exposure were researched as case studies to establish the impacts hotels may have on the environment Literature on Environmental Management was studied to extract the requirements for Environmental Management and combined with the requirements for the establishment of an Environmental Management System as prescribed by ISO 14001 The research confirmed that hotel activities facilities and services impact on the environment Environmental Management procedures previously documented for hotels have not been incorporated into an ISO 14001 Environmental Management System The study successfully combined Environmental Management procedures for the environmental impacts identified for hotel activities facilities and services with the procedures of establishing an ISO 14001 Environmental Management System In summary hotels have activities facilities and services that impact significantly on the environment but these significant impacts are site specific Detailed site specific assessments should be undertaken when implementing this guideline for specific hotels to establish the significance of each of the environmental impacts in relation to the site that is studied Further studies should adapt this guideline document to the different accommodation types offered in the hospitality industry to ensure that an ISO 14000 Environmental Management System can be implemented at each of these accommodation types

Relationship Between Corporate Social Responsibility, Environmental Management, and

Profitability Daisy Valentin, 2020 The U S hospitality industry's profitability has been shifting to environmental management and corporate social responsibility CSR practices Hospitality industries accounted for 5% of the global market in 2015 and are expected to increase by 130% in 2035 Grounded in stakeholder theory this correlation study examined the relationship between corporate sustainability officer CSO CSR CSO environmental management and hospitality business profitability Secondary data were collected from 97 hotel websites of the Minneapolis St Paul Minnesota from 2014 to 2016 The multiple linear regression combinations of CSR and environmental management EM measured significantly related to the profitability index $F_{3,93} = 4.67$ $p < 0.01$ adjusted $R^2 = 0.13$ The sample multiple correlation coefficients were 0.36 indicating approximately 13% of the variance of the profitability index The multiple linear regression combinations of CSR measures significantly related to the profitability index $F_{2,94} = 6.05$ $p < 0.01$ adjusted $R^2 = 0.11$ The sample multiple correlation coefficients were 0.34 indicating approximately 11% of the variance of the profitability index The linear combination of EM measures were not significantly related to the profitability index $F_{2,94} = 2.91$ $p > 0.01$ adjusted $R^2 = 0.06$ The sample multiple correlation coefficients were 0.24 indicating approximately 6% of the variance of the profitability index The implications for positive social change include the potential to identify hospitality industry leaders involved in environmental management who have a CSR to promote social change in their communities
