Elgin Marbles British Museum:

The Elgin Marbles Christopher Hitchens, Robert Browning, Graham Binns, 1997 The Elgin Marbles designed and executed by Phidias to adorn the Parthenon are some of the most beautiful sculptures of ancient Greece In 1801 Lord Elgin then British ambassador to the Turkish government in Athens had pieces of the frieze sawn off and removed to Britain where they remain igniting a storm of controversy which has continued to the present day In the first full length work on this fiercely debated issue Christopher Hitchens recounts the history of these precious sculptures and forcefully makes the case for their return to Greece Drawing out the artistic moral legal and political perspectives of the argument Hitchens s eloquent prose makes The Elgin Marbles an invaluable contribution to one of the most important cultural controversies of our times

F. Athens to house the Parthenon Marbles With contributions by Nadine Gordimer and Professor Charalambos Bouras The Parthenon Marbles will surely end all arguments about where these great treasures belong and help bring a two centuries old disgrace to a just conclusion **A Description of the Collection of Ancient Marbles in the British Museum**
