**The Routledge Companion to Jazz and Gender** James Reddan, Monika Herzig, Michael Kahr, 2022-08-19 The Routledge Companion to Jazz and Gender identifies, defines and interrogates the construct of gender in all forms of jazz culture and education, shaping and transforming the conversation in response to changing cultural and societal norms across the globe. Such interrogation requires consideration of gender from multiple viewpoints from scholars and artists at various points in their careers. This edited collection of 38 essays gathers the diverse perspectives of contributors from four continents, exploring the nuanced and at times controversial construct of gender as it relates to jazz music in the past and present in four parts: Historical Perspectives, Identity and Culture, Society and Education, Policy and Advocacy. Acknowledging the art form's troubled relationship with gender, contributors seek to define the construct to include all possible definitions, not only female and male without binary limitations, contextualizing gender and jazz in both place and time. As gender identity becomes an increasingly important consideration in both education and scholarship, The Routledge Companion to Jazz and Gender provides a broad and inclusive resource of research for the academic community, addressing an urgent need to reconcile the construct of gender in jazz in all its forms.

*A Biographical Guide to the Great Jazz and Pop Singers* Will Friedwald, 2010-11-02 Will Friedwald's illuminating, opinionated essays—provocative, funny, and personal—on the lives and careers of more than three hundred singers anatomize the work of the most important jazz and popular performers of the twentieth century. From giants like Ella Fitzgerald, Louis Armstrong, Frank Sinatra, and Judy Garland to lesser-known artists like Jeri Southern and Joe Mooney, they have created a body of work that continues to please and inspire. Here is the most extensive biographical and critical survey of these singers ever written, as well as an essential guide to the Great American Songbook and those who shaped the way it has been sung. The music crosses from jazz to pop and back again, from the songs of Irving Berlin and W.C. Handy through Stephen Sondheim and beyond, bringing together straightforward jazz and pop singers like Billie Holiday, Perry Como, hybrid artists who moved among genres and combined them like Peggy Lee, Mel Tormé, the leading men and women of Broadway and Hollywood like Ethel Merman, Al Jolson, yesterday's vaudeville and radio stars like Sophie Tucker, Eddie Cantor, and

today's cabaret artists and hit makers Diana Krall Michael Bublé Friedwald has also written extended pieces on the most representative artists of five significant genres that lie outside the songbook Bessie Smith blues Mahalia Jackson gospel Hank Williams country and western Elvis Presley rock n roll and Bob Dylan folk rock Friedwald reconsiders the personal stories and professional successes and failures of all these artists their songs and their performances appraising both the singers and their music by balancing his opinions with those of fellow musicians listeners and critics This magisterial reference book ten years in the making will delight and inform anyone with a passion for the iconic music of America which continues to resonate throughout our popular culture
