**The Ubiquitous Presidency** Joshua M. Scacco, Kevin Coe, 2021-03-12 American democracy is in a period of striking tumult The clash of a rapidly changing socio technological environment and the traditional presidency has led to an upheaval in the scope and standards of executive leadership This book brings needed insight to this situation by offering the first comprehensive framework what the authors term the ubiquitous presidency for understanding contemporary presidential communication in these complex times

**Floored!** Russell J.

Kendzior,2017-09-18 When watching the evening news you can be led to believe that most slip and fall claims are bogus and nothing more than a scam designed to fleece business owners and the insurance industry for money But not all Plaintiffs are scam artists and not all victims are seeking to cash in on their injury Falls can affect each of us The next victim could be your mother your brother your spouse or child and oh yes even you The truth of the matter is each year millions of personal injury lawsuits are filed by victims of a slip trip and fall accidents most of which are settled out of court However over the past decade there has been a noticeable rise in the average settlement as well as jury verdicts As an expert witness Russell J Kendzior has been retained in more than 700 slip trip and fall lawsuits and has now compiled over 50 of his top cases in *Floored* Rather than debate the truth behind slip trip and fall litigation Kendzior sets the record straight and provides the reader with a behind the curtain view of the people filing these lawsuits and the companies being sued This book is a great resource that explains what can be done to prevent the injury and thus the lawsuit through the eyes of a safety expert and stories of real world victims

Poetry Translating as Expert Action Francis R. Jones,2011 Poetry is a highly valued form of human expression and poems are challenging texts to translate For both reasons people willingly work long and hard to translate them for little pay but potentially high personal satisfaction This book shows how experienced poetry translators translate poems and bring them to readers and how they not only shape new poems but also help communicate images of the source culture It uses cognitive and sociological translation studies methods to analyse real data most of it from two contrasting source countries the Netherlands and Bosnia Case studies including think aloud studies analyse how translators translate poems In interviews translators explain why and how they translate And a 17 year survey of a country s poetry translation output explores how translators work within networks of other people and texts publishing teams fellow translators source culture enthusiasts and translation readers and critics In mapping the whole sweep of poetry translators action from micro cognitive to macro social this book gives the first translation studies overview of poetry translating since the 1970s

Argumentation in Practice Frans H. van Eemeren,Peter Houtlosser,2005-09-22 Since the late 1950s the study of argumentation has developed from a marginal part of logic and rhetoric into a genuine interdisciplinary academic discipline After having first been primarily concerned with creating an adequate philosophical perspective on argumentation argumentation theorists have gradually shifted their focus of attention to a more immediate concern with the ins and outs of argumentative praxis What exactly are the characteristics of situated argumentative discourse in different argumentative action types How is the discourse influenced by institutional and contextual constraints In what way can prominent cases of argumentative discourse be fruitfully analysed *Argumentation in Practice* aims to provide insight into some important facets of argumentative praxis and the different ways in which it can be approached The first part of this volume *Conceptions of problems in argumentative practice* introduces useful theoretical perspectives The second part *Empirical studies of argumentative practice* contains both empirical studies of a general kind and several types of specific case studies

The Teacher as Expert Robert Welker, 1992-01-01 At a time of increasing pressure for teachers to become more professional and more technically competent this book examines in a critical fashion whether teachers should be considered experts Written in straightforward and accessible prose Welker examines the concept of expertise through the ideas of notable educational thinkers in the twentieth century beginning with E P Cubberley and George S Counts and concluding with a chapter on critical theory and the ideas of Maxine Greene and Henry Giroux Other chapters examine such thinkers as Willard Waller Daniel Lortie Alan Tom Philip Jackson and Ivan Illich Each chapter establishes an historical and ideological context and evaluates how the social character of the expert matches the responsibilities While the idea of the teacher assuming the role of educational expert is gaining increased credibility in the current reform movement this book shows that the concept fails to describe the senses of moral and social competence

required of the teacher Also the notion of the expert teacher might stand in the way of teachers forming the type of public partnerships necessary for them to complete their tasks adequately      **Identity Work in the Classroom** Cheryl Jones-Walker, 2015-08-30 This book provides classroom examples to demonstrate how identity making is integral to the teaching and learning process Responding to school reform efforts that focus on top down reform measures this book proposes identity work as an alternative approach The author argues that efforts to improve urban schools should recognize the importance of relational change that focuses on deepening personal interactions between students and teachers teachers and other teachers and schools and parents Based on an in depth study of two classrooms in urban K 8 schools the book illuminates the importance of allowing teachers the freedom to make pedagogical adjustments based on their knowledge of students needs backgrounds and interests This volume reframes our understanding of urban schools and raises questions about the goals of local and federal reform and what is at stake for educational systems      The Garden Plot J. S.

Borthwick, 1998-09-15 Sarah Deane dirties her hands in a transatlantic murder investigation as a European garden tour turns deadly Much to her dismay Sarah has been roped into accompanying her abrasive Aunt Julia on a tour of Europe's most famous gardens The trip takes a bad turn when the tour's leader garden expert Ellen Trevino fails to meet the group for their departure That and the strange behavior of her fellow tour members plant seeds of suspicion in Sarah's mind but her bi continental investigating with the help of husband Alex at home in Maine could have Sarah herself pushing up the daisies
