**Remaking London** Ben Campkin,2013-08-13 Between the slum clearances of the early twentieth century and debates about the post Olympic city the drive to regenerate London has intensified Yet today with a focus on increasing land values regeneration schemes purporting to foster diverse and creative new neighbourhoods typically displace precisely the qualities

activities and communities they claim to support In Remaking London Ben Campkin provides a lucid and stimulating historical account of urban regeneration exploring how decline and renewal have been imagined and realised at different scales Focussing on present day regeneration areas that have been key to the capital s modern identity Campkin explores how these places have been stigmatised through identification with material degradation and spatial and social disorder Drawing on diverse sources including journalism photography cinema theatre architectural design advertising and television he illuminates how ideas of decline drive urban change Richly illustrated and engagingly written Remaking London is both a compelling account of contested sites from the capital s recent history and a powerful critique of the contradictions of contemporary regeneration
