Elogio de Sevilla Felipe Cortines Murube, 1916 **Ilusionismo verbal en Elogio de la madrastra y Los cuadernos de don Rigoberto** de Mario Vargas Llosa Guadalupe Martí-Peña, 2014

Entre los múltiples modos de acercarse a un autor tan polifacético y prolífico como el escritor peruano Mario Vargas Llosa, quien ganó el premio Nobel de 2010, Guadalupe Martí-Peña ha elegido ver al novelista como ilusionista. Estudia ese mundo de fantasmas y ensueños, ese campo de guerra aparentemente inofensivo donde la literatura, el teatro y la pintura se alían con el escritor, el soador y el ilusionista para derrocar la realidad. Centrándose en **Elogio de la madrastra** y **Los cuadernos de don Rigoberto** así como el efecto de la ilusión en el proceso de la lectura, arguye que Vargas Llosa hace uso de patrones teatrales pictóricos y místicos para hacernos experimentar lo irreal como real, el sueño como realidad y la magia de la ficción como un acto que nos otorga poder. Con base en los estudios interartísticos, la semiótica y las teorías de la recepción, analiza cómo estos textos producen

en los lectores la triple ilusión de presenciar una obra dramática contemplar un cuadro o entrever una conversación mística El primer capítulo del libro se concentra en la teatralidad que anima ambos textos Partiendo de las teorías sobre la recepción y la semiótica teatral Marta Pea investiga el modo en que el autor transforma la narración en actuación la ficción en performance y el leer en ver haciendo que los lectores experimenten la palabra escrita como una representación viva ante sus ojos En el segundo reflexiona sobre la función que desempeña la pintura en la materialización de los deseos e ilusiones de los personajes Combinando estética pictórica y narración y bajo el lente de las teorías sobre la relación imagen texto examina las distintas funciones que desempeñan los cuadros dentro del sistema lingüístico donde operan En el último capítulo compara los escritos de Rigoberto con la escritura de autoexamen que Michel Foucault describe en *L'écriture de soi* Mientras que el asceta trata de transformar su vida en una obra de perfección moral alejando de él las ilusiones Rigoberto trata de transformar su existencia en una obra de arte congregando fantasías eróticas Ambos textos encapsulan el principal ingrediente activo en la escritura de Vargas Llosa la ficción no es sumisión ante la vida sino por el contrario insurrección contra ella El ilusionismo verbal se convierte en la táctica más eficaz para llevar a cabo tal rebelión Among the multiple approaches to be taken on an author as multifaceted and prolific as the recent Nobel Laureate Peruvian writer Mario Vargas Llosa Guadalupe Mart Pea has chosen to look at the novelist as an illusionist She studies this land of fantasies and daydreams that seemingly harmless battlefield where literature theater and painting contend and join together with the writer the dreamer and the illusionist to oust reality Focusing on *Elogio de la madrastra* and *Los cuadernos de don Rigoberto* and the effect of illusion on the reading process she argues that by referring to theatrical pictorial and mystical patterns Vargas Llosa entices us to experience along with his characters the unreal as real the dream as reality the magic of fiction as an empowering act The book looks first at the theatricality and theatrics that enliven both texts In the light of reader spectator response theories and theater semiotics Mart Pea shows how the novelist turns narrating into acting fiction into performance and reading into seeing She next reflects upon the role that painting plays in the materialization of the characters' desires and illusions By funneling pictorial aesthetics through the prism of narration and by engaging with theory concerned with issues of text image interrelations she examines the various functions paintings play within the linguistic system Finally she compares Rigoberto's writing exercises to the writings of self examination described by Michel Foucault in *L'écriture de soi* Both texts encapsulate the main active ingredient in all of Vargas Llosa's writings that fiction is not a submission to life but rather an insurrection against it Verbal illusionism becomes the most efficient tactic to carry out such a rebellion The text of this book is in Spanish

Memorias, lecciones y representaciones históricas. La celebración del primer centenario de la independencia en las escuelas de la Provincia de Cartagena (1900-1920) Rafael Enrique Acevedo Puello, 2011-01-01 La celebración del primer centenario de la independencia en las escuelas de la provincia de Cartagena 1900 1920 es un texto en el que se intenta dar cuenta del lugar de la enseñanza y la construcción de la historia en las localidades particularmente en Cartagena durante la conmemoración de su primer centenario de vida independiente Su autor intenta analizar cuál fue el aporte de los maestros y de los estudiantes a la invención de la historia local quienes en la organización de la fiesta centenaria de 1911 por medio de la publicación de cartillas mapas y anagramas locales empezaron a transformar manipular y reconstruir los relatos sobre la independencia de la provincia presentados en los textos de historia patria nacional Se trata precisamente de mostrar cómo la historia de la independencia de Cartagena que había sido vista con recelo y como un error nacional a lo largo del siglo XIX intenta ser recuperada y redefinida como una instancia constitutiva de la organización nacional lo que da lugar al proceso de nacionalización de las epifanías locales En todo este proceso sin duda la participación de las escuelas resulta crucial para entender la invención de la historia en las localidades y la celebración de eventos conmemorativos como el del Primer Centenario de la Independencia de la provincia de Cartagena
