Eloise Elephant:

Eloise Elephant Jerry Smath,1995 **Elephant Mountain** Debbie Ethell,2025-09-06 Elephant Mountain is the gripping tale of Debbie Ethell a young woman whose fascination with an elephant skull in a bone museum leads her down an unexpected path What begins as a curiosity about the tragic love story of Morgan Berry the man who gave us Packy the first baby elephant born in a U S zoo in forty four years and Eloise Berchtold one of the world s greatest animal trainers soon becomes a chilling mystery The couple each killed by separate elephants they raised left behind a legacy tangled in secrets cover ups and unanswered questions As former owners of a secluded elephant farm in the rugged Pacific Northwest Morgan and Eloise s lives and deaths hold the key to a truth long buried beneath layers of deception Determined to uncover what really happened Debbie draws on her experience as a conservation research scientist and the steadfast support of her best friend who is facing a life threatening illness While navigating the shadows of her own past including her ongoing recovery from alcoholism Debbie finds courage and insight from a herd of wild elephants in Kenya a group she has studied since childhood Their stories of survival and loss mirror her own as she delves deeper into a mystery that will test her resolve and redefine her future **After The Fire** George Wier,2020-05-03 It all began with the untimely death of Sol Gunderson s prize billygoat Bebe Since then someone is out to stop anyone from discovering the truth back of the animal s demise particularly Bill Travis and his daughter Jessica Was it toxic chemical waste dumped into Boggy Creek back of Gunderson s goat farm Was it radioactive materials Now Sol is running around shooting his mouth off like a loose cannon while someone is drawing a bead on Bill and Jessica After The Fire is the ninth installment of the action adventure suspense thriller The Bill Travis Mystery series **The Cowboy and His Elephant** Malcolm Macpherson,2007-04-01 In the late 1980s a female baby elephant was born into a herd that lived on the plains of southern Africa Her mother has carried her for two years and normally she would have nursed her for five more But the close knit family of wild elephants was to face a predator for which it was no match humans In a cull her family was slaughtered in a few moments Only the newborn female s life was spared Terrified and bewildered the young elephant was transported to America to be sold There she met the person who was to change her life forever Bob Norris is a cowboy with an enormous empathy for animals that overwhelms his other emotions He was raised with a pet bear and as a boy decided to become a real cowboy He saw his dream come true in Colorado on one of the larger horse and cattle ranches in America Handsome as a movie star he became the Marlboro Man and appeared on TV and on billboards around the world But with the passing of years and with his own family grown up he felt the need for something that he could not name When she came into his life by happenstance the hurt vulnerable little elephant tapped the fullness of Bob s empathy and an incredible bond between the most unlikely of friends was forged Bob adopted the baby orphan elephant named Amy and patiently set about helping her recover from the trauma of her ordeal He had never seen a real African elephant up close except in zoos He was a horseman and breeder of champion quarter horses But through close

observation gentle training humor and endless perseverance Bob gradually coaxed Amy into overcoming her mistrust of humans and indeed her fear of the world The little elephant became a hand on Bob s ranch tending to simple chores riding the fences and shadowing Bob on his horse She developed a winning personality and a strong character and became a beloved member of the Norris family and partner to the ranch hands But Bob knew from the start that the ultimate goal was for Amy to regain her confidence and her independence even if it were possible to go back to the savannahs of Africa This is the true story of how Amy and Bob came together No one who reads The Cowboy and His Elephant can fail to be moved by such a simple tale of unlikely love

The Astonishing Elephant Shana Alexander,2000 Physiologically elephants are unique entirely different from all other mammals Yet since antiquity observers have agreed that the elephant is the animal most akin to man Today both species of elephant Africans and Asians stand on the brink of extinction Hope is arising however from a new generation of young American scientists many of them women Female zoologists and biologists have led the field in new findings about elephant ecology family and sexual patterns and the animals continual communication by ultrasound inaudible to human ears The Astonishing Elephant also reveals for the first time a hair raising story of elephant genocide in the years between the Civil War and World War I all male elephants in U S circuses were stealthily killed shot poisoned drowned and even hanged The reason was musth a periodic condition of mature males that renders them uncontrollable So gradually only female elephants now with masculine names were put on parade with none the wiser Most important The Astonishing Elephant details a decade of heartbreaking trial and error and eventual triumph as scientists have tried to learn how to breed elephants via artificial insemination

sanctuary for performing elephants in Tennessee But overcome with anxiety she withdrew from the rest of the elephants and refused to let anyone remove a chain still clamped around her leg Her caregivers began to wonder if Billie could ever escape her emotional wounds
