Ansel Adams, Photographs, 1923-1963 M.H. de Young Memorial Museum, Nancy Wynne Newhall, 1963 Celestial Sleuth Donald W. Olson, 2013-10-02 For a general audience interested in solving mysteries in art history and literature using the methods of science forensic astronomy is a thrilling new field of exploration Astronomical calculations are the basis of the studies which have the advantage of bringing to readers both evocative images and a better understanding of the skies Weather facts volcano studies topography tides historical letters and diaries famous paintings military records and the friendly assistance of experts in related fields add variety depth and interest to the work The chosen topics are selected for their wide public recognition and intrigue involving artists such as Vincent van Gogh Claude Monet Edvard Munch and Ansel Adams historical events such as the Battle of Marathon the death of Julius Caesar the American Revolution and World War II and literary authors such as Chaucer Shakespeare Joyce and Mary Shelley This book sets out to answer these mysteries indicated with the means and expertise of astronomy opening the door to a richer experience of human culture and its relationship with nature Each subject is carefully analyzed As an example using the study of sky paintings by Vincent van Gogh the analytical method would include computer calculations of historical skies above France in the 19th century finding and quoting the clues found in translations of original letters by Van Gogh making site visits to France to determine the precise locations when Van Gogh set up his easel and what celestial objects are depicted For each historical event influenced by astronomy there would be a different kind of mystery to be solved As an example How can the phase of the Moon and time of moonrise help to explain a turning point of the American Civil War the fatal wounding of Stonewall Jackson at Chancellorsville in 1863 For each literary reference to astronomy it was determined which celestial objects were being described and making an argument that the author is describing an actual event For example what was the date of the moonlit scene when Mary Shelley first had the idea for her novel Frankenstein These and more fun riddles will enchant and delight the fan of art and astronomy **The History of Photography** Beaumont Newhall, 1978 Catalog of the Library of the Museum of Modern Art: Eh Museum of Modern Art (New York, N.Y.). Library,1976 The Dream Endures Kevin Starr, 1997 The fifth volume in Starr's classic history of California The Dream Endures shows how Californians rebounded from the Great Depression to emerge in the 1930s into what is now known as the good life Starr illustrates the ways the good life prospered in California in film fiction leisure and architecture Starr looks at the newly important places where Californians lived out this sunny lifestyle areas like Los Angeles where Hollywood lived Palm Springs where Hollywood vacationed San Diego where the Navy went the California Institute of Technology in Pasadena where Einstein changed his view of the universe and college towns like Berkeley In this more than any other of Starr's monumental California histories we see the stirrings of uniqueness in the social and cultural evolution of California Starr's theme is relevant to all of America and the national destiny Neil Morgan San Diego Union Tribune Enormously sensitive and moving Social and cultural history
