**The Invention of Multilingualism** David Gramling, 2021-06-17 Multilingualism is a meaningful and capacious idea about human meaning making practice one with a promising tumultuous and flawed present and a future worth caring for in research and

public life In this book David Gramling presents original new insights into the topical subject of multilingualism describing its powerful social economic and political discourses On one hand it is under acute pressure to bear the demands of new global supply chains profit margins and supranational unions and on the other it is under pressure to make way for what some consider to be better descriptors of linguistic practice such as translanguaging The book shows how multilingualism is usefully able to encompass complex divergent and sometimes opposing experiences and ideas in a wide array of planetary contexts fictitious and real political and social North and South colonial and decolonial individual and collective oppressive and liberatory embodied and prosthetic present and past      **The World's Languages Catalog** ,1971      U.S.
