Elusive Desire:

An elusive desire Anne Mather, 1994 *Troubled Masculinities* Kenneth James Moffatt, 2012-01-01 Through personal narratives and assessments of artistic expression the contributors present critical and inventive views of masculinity and how it is performed and interpreted in urban space Set against the backdrop of Toronto the essays engage with the global and transnational processes that affect identity and consider how the social hybridity of large cities allows individuals to work against fundamentalist and essentialist attitudes toward gender **Enjoyment and Submission in Modern Fantasy**

Mihnea Panu, 2016-11-03 This book reveals the workings of the bourgeois passion for submission in a variety of contemporary contexts By re-introducing the concept bourgeois as an analytical term and describing this contemporary subject as a psychic economy rather than just as a social class Panu shows the intractability of contemporary forms of enjoyment and neoliberalism's periodic outbursts of aggressiveness to be connected by a recurrent circuit of trauma and anxiety originating in the bourgeois subject's difficult relationship with symbolic authority So far most anticapitalist and decolonial struggles in the West have been hesitant when engaging with the issue of bourgeois enjoyment as the main source of capitalism's resilience This exciting new work draws on an extensive range of theorists such as Butler Copjec Iek and Zupancic to emphasise the importance of psychological mechanisms irreducible to rationality or knowledge such as desire enjoyment and the obscure nature of selfhood in the reiteration of the current capitalist reality The Depths of Desire Pasquale De Marco, 2025-05-08 The Depths of Desire is a profound exploration of the depths of human desire guiding readers on a transformative journey of self-discovery Drawing from personal experiences and expert insights Pasquale De Marco unveils the hidden treasures and treacherous whirlpools that shape our intimate lives Through thought-provoking chapters and evocative language The Depths of Desire delves into the complexities of passion vulnerability and the relentless pursuit of fulfillment It offers a compass for navigating the emotional storms and finding the treasure map to a life filled with meaning and purpose Pasquale De Marco illuminates the intoxicating allure of forbidden desires and the liberating embrace of self-acceptance With relatable anecdotes and practical wisdom The Depths of Desire empowers readers to break free from the chains of insecurity embrace vulnerability as a source of strength and forge unbreakable bonds of connection Whether you are seeking to rekindle lost desires overcome obstacles or simply understand the enigmatic nature of your own heart The Depths of Desire provides a beacon of hope and a roadmap to a life lived with passion authenticity and unwavering determination With each page Pasquale De Marco unravels the tapestry of human longing revealing the secrets to unlocking the transformative power of desire The Depths of Desire is an essential guide for anyone who dares to navigate the currents of their heart and soul embrace their true selves and embark on a journey that will redefine their understanding of desire and its boundless potential Join Pasquale De Marco on this extraordinary voyage of self-discovery and embark on a journey that will ignite your passions deepen your connections and guide you towards a life lived to the fullest If you like this book write a

the systemic intergenerational sociocultural and political influences on the lives of individuals and identifies the pillars of anti-oppressive practice as interconnectedness interdependence boundless curiosity and vulnerability With chapters including both experimental and practical exercises to use with clients as well as alone this book encourages clinicians to undergo the process of unlearning the internalized oppressions that exist within themselves to change the therapeutic power exchange and provide the best care possible This book is essential reading for clinical social workers in practice and in training as well as for psychotherapists counselors marriage and family therapists and other mental health practitioners *Crossing Borders* Mimi Sheller, Kevin Hannam, 2018-10-18 *Crossing Borders* examines how translocal transnational and internal borders of various kinds distribute uneven capabilities for moving dwelling and circulating The contributors offer nuanced understandings of the politics of mobility across various kinds of borders and forms of cultural circulation showing how people experience and practice crossing many different borders Several chapters draw on interviews and ethnographic methods to analyze transnational migration while others focus on material relations and cultural practices Rather than the usual narrative of mobility as a kind of freedom border crossing emerges here as an instrumental practice for building translocal livelihoods a tactic for simply getting by and a material practice potentially generating new forms of future sociality Ultimately these diverse perspectives on crossing borders offer new ways to think about the mobility of political relations and the politics of mobile relations in a world of growing circulation across borders but also flexible forms of rebordering This book was originally published as a special issue of *Mobilities* *Dreiser and Veblen, Saboteurs of the Status Quo* Clare Virginia Eby, 1999 The works of Dreiser and Veblen make up a neglected chapter in the history of United States cultural criticism Their central subjects such as the myriad effects of consumer capitalism and the invidious status system still preoccupy cultural critics and with good reason Veblen and Dreiser also pioneered strategies for positioning themselves as confrontational intellectuals such as by attacking foundationalism and claims of epistemological certainty that continue to inform the practice of many cultural critics Thus in both subject matter and rhetorical strategy Dreiser's and Veblen's writings provide prototypes for the work that many United States scholars want to do now work which often turns to European or postmodern theory for inspiration In making this claim about the usefulness of Dreiser and Veblen for current intellectual work my argument parallels recent rehabilitations of American thinkers *Current Opinion* Frank Crane, Edward Jewitt Wheeler, 1924 *Space Sirens, Scientists and Princesses* Dean Conrad, 2018-06-09 Women are now central to many science fiction films but that has not always been the case Female characters from their token presence or absence in the silent pictures of the early 20th century to their roles as assistants pulp princesses and sexy robots and eventually as scientists soldiers and academics have often struggled to be seen and heard in a genre traditionally regarded as of men by men and for men Surveying more than 650 films across 120 years the author charts the highs and lows of women's visibility in science fiction's cinematic history through the effects of two world wars social and cultural upheavals and
