suspenseful and reads like a detective story Der Spiegel This exemplary biography recalls Werfel s career and its vanished settings as part of the cultural history of the West Mr Jungk also provides a searing picture of Werfel s wife the famous Alma Mahler Gropius Werfel The New Yorker This biography ostensibly the story of a life is really a broad panorama of culture and history It is Jungk s genius to seduce us into following him into Werfel s world and to keep us there completely enthralled Die Welt

Religious Feeling and Religious Commitment in Faulkner, Dostoyevsky, Werfel and Bernanos Jeremy Smith,2016-07-28 First published in 1988 the aim of this study is to define the role of religious meaning in the modern novel and to demonstrate that the novel can successfully express a religious feeling but not a religious commitment Through the analysis of four novels by Faulkner Dostoyevsky Werfel and Bernanos the work explains why novels with a single definite commitment tend to be implausible and lacking in aesthetic unity This book will be of interest to those studying religion in 19th Century literature

**Franz Werfel: The Faith of an Exile** Lionel Steiman,2010-10-30 Franz Werfel was born in Prague in 1890 and died in Beverly Hills in 1945 a popular and artistic success in Europe and America Despite his Jewish birth and upbringing he was attracted to Christianity at any early age and although he never formally converted he celebrated his own vision of it in his entire life s work The original of that peculiar faith and the response it engendered in Werfel s work as he lived thorough the horrific end of Jewish life in Europe are treated here Werfel was not a systematic thinker and while his writing contains much that is philosophical and theological his eclecticism and idiosyncrasy render any attempt to trace the specific origins of his thought or its relation to the work of contemporary philosophers and theologians highly problematic Thus this work is neither biography nor intellectual history in the strict sense it goes beyond melding the concerns of both genres into a thoughtful comprehensive portrait of faith at work Of interest to historians of the twentieth century as well as to students of that intriguing zone that lies between faith and art but is neither or both
