Nunes, Sara Nunes-Atabaki, 1999-01-01 Annotation The Shishu Ladies of Hilo traces the teaching of shishu Japanese embroidery in Hawaii and describes in detail the modifications made to traditional motifs and materials It is however much more than a historical record of a textile art form It raises questions about the relationship between the women who made shishu their ethnicity and their needlework in short the role of art in achieving ethnic identity *The United States Catalog* Ida M.
