## **Handbook Of Psychopharmacology Trials An Overview Of Scientific Political And Ethical Concerns:**

**The Handbook of Psychopharmacology Trials** Marc Hertzman, Douglas E. Feltner, 1997-06 Each year pharmaceutical companies invest billions of dollars in clinical trials of drugs used for the treatment of central nervous system diseases Due to enormous progress in basic pharmaceutical research in recent years controlled tests of new medications are flourishing and these trials have rapidly become an intense focus of practical medical research Aware of the complexities presented in the design execution and evaluation of clinical trials Marc Hertzman and Douglas E Feltner bring together a collection of essays that dissect the scientific psychosocial political and ethical concerns that must be examined for any CNS trial The internationally known contributors examine concerns about ethics and cost the FDA and its regulatory impact and the implementation of a variety of trials for disorders such as schizophrenia alcoholism eating disorders insomnia and aggression The editors carefully consider important social issues including the considerations related to women s special needs and the relative merits of psychotherapy and medications The Handbook of Psychopharmacology Trials provides an up to date and stimulating exploration of important issues on the subject of CNS Clinical trials Ethics, Law, And Aging Review, Volume 8

Marshall B. Kapp, JD, MPH, FCLM, 2002-07-31 Perplexing ethical questions emerge when conducting research involving older adult participants Fundamental ethical concerns often grappled with include the ability to obtain truly voluntary and competent informed consent the proper role of surrogate decision making in the research context and the equitable selection of research subjects This volume brings to the forefront a discussion of how to encourage essential research specifically designed to benefit older persons while protecting the legal and ethical rights of actual and potential older research participants Highly qualified and diverse contributors analyze and explain some of the most salient and legal conundrums implicated in the design conduct interpretation and application of research protocols that touch on these problems of aging and the aged Sex Is Not A Natural Act & Other Essays Leonore Tiefer, 2004-02-13 A revised collection of provocative essays on sex and its many meanings in our culture by one of the most original and highly regarded sexologists working in the field today Discovering Addiction Nancy D. Campbell, 2019-02-28 Discovering Addiction brings the history of human and animal experimentation in addiction science into the present with a wealth of archival research and dozens of oral history interviews with addiction researchers Professor Campbell examines the birth of addiction science the National Academy of Sciences s project to find a pharmacological fix for narcotics addiction in the late 1930s and then explores the human and primate experimentation involved in the succeeding studies of the opium problem revealing how addiction science became brain science by the 1990s Psychoactive drugs have always had multiple personalities some cause social problems others solve them and the study of these drugs involves similar contradictions Discovering Addiction enriches discussions of bioethics by exploring controversial topics including the federal prison research that took place in the 1970s a still unresolved debate that continues to divide the research community and the effect of new rules regarding informed

consent and the calculus of risk and benefit This fascinating volume is both an informative history and a thought provoking guide that asks whether it is possible to differentiate between ethical and unethical research by looking closely at how science is made Nancy D Campbell is Associate Professor of Science and Technology Studies at Rensselaer Polytechnic Institute and the author of *Using Women* Gender Drug Policy and Social Justice Compelling and original lively and engaging *Discovering Addiction* opens up new ways of thinking about drug policy as well as the historical discourses of addiction Carol Stabile University of Wisconsin Milwaukee Also available *Student Bodies The Influence of Student Health Services in American Society and Medicine* by Heather Munro Prescott *Illness and the Limits of Expression* by Kathlyn Conway White *Coat Clenched Fist The Political Education of an American Physician* by Fitzhugh Mullan      **The American Journal of Psychiatry** ,1998-10      *Ethics, Law, and Aging Review* ,2002      *Human Experimentation and Research* George F. Tomossy,David N.
