Handbook Of Poultry Feed From Waste:

Handbook of Poultry Feed from Waste A.H. El Boushy,A.F.B. van der Poel,2013-04-17 The aim of this book is to help create new feedstuffs for poultry and farm animals from the agro industry and to mobilize the neglected waste as a feedstuff to lower the price of animal products such as eggs white and red meat milk etc Furthermore this book aims to contribute to the campaign against hunger in the developing world and to reduce the competition between animals and human beings for cereals and pulses Accordingly the global pollution problem will be reduced This book will be of great interest to all those involved in the animal feed and poultry industries in agricultural universities and in research establishments where animal nutrition is studied and taught

Handbook of Poultry Feed from Waste A. H. El Boushy,A. F. B. Van Der Poel,2014-01-15 **Handbook of Poultry Feed From Waste: Processing and Use** ,2000 *Poultry Feed from Waste* A.R.Y. El Boushy,A.F.B. Van Der Poel,2012-12-06 In developed market economies with intensive animal production systems such as The Netherlands many new feedstuffs have been introduced as part of the diets of ruminant and monogastric animals These new feedstuffs are often by products of human food processing It is important that these by products and also the by products from wastes are properly evaluated with regard to the possibilities of incorporating them into livestock diets Research on the subject of feed from waste its processing and its use in the nutrition of poultry has increased considerably during the last decade The Department of Animal Nutrition of Wageningen Agricultural University WAU Wageningen The Netherlands in close co operation with the Poultry Feeding and the Processing Industry has been active in this field In order to update research and to expedite further work in this field a comprehensive review of the literature on the subject of feed from waste was made Such a study would not only bring the industry up to date on the subject but could also indicate specific topics which may be of great value for developing market economies Poultry scientists and technologists suggested that a review would fill a need as a reference and textbook not only for the industry but also for undergraduates and graduates of agricultural colleges and extension services all over the world
