Religious Crisis and Civic Transformation Kimba Allie Tichenor, 2016-05-03 This book offers a fresh interpretation of the connection between the West German Catholic Church and post 1950s political debates on women s reproductive rights and the protection of life in West Germany According to Tichenor Catholic women in West Germany influenced by the culture of consumption the sexual revolution Vatican II reforms and feminism sought to renegotiate their relationship with the Church They demanded a more active role in Church ministries and challenged the Church s hierarchical and gendered view of marriage and condemnation of artificial contraception When the Church refused to compromise women left en masse In response the Church slowly stitched together a new identity for a postsecular age employing an elaborate nuptial symbolism to justify its stance on celibacy women s ordination artificial contraception abortion and reproductive technologies Additionally the Church returned to a radical interventionist agenda that embraced issue specific alliances with political parties other than the Christian parties In her conclusion Tichenor notes more recent setbacks to the German Catholic Church including disappointment with the reactionary German Pope Benedict XVI and his failure in 2010 to address over 250 allegations of sexual abuse at twenty two of Germany s twenty seven dioceses How the Church will renew itself in the twenty first century remains unclear This closely observed case study which bridges religious political legal and women s history will interest scholars and students of twentieth century European religious history modern Germany and the intersection of Catholic Church practice and women s issues

Schottroff's work demonstrates how women were embedded in their social world Der Weg der christlichen Theologie

Alister McGrath,2016-10-20 Alister McGrath's Der Weg der christlichen Theologie ist in zahlreiche Sprachen bersetzt und weltweit eine der am meisten verwendeten Einf hrungen in die Entwicklung der christlichen Theologie Es geht den Weg durch die gesamte Geschichte des christlichen Denkens und ist auch f r den Leser geschrieben dem alte Sprachen und theologische Fachausdr cke noch nicht vertraut sind Dieses Buch gibt einen fundierten berblick ber die Geschichte der Theologie von der Zeit der Kirchenv ter ab ca 100 n Chr bis zur Gegenwart und die bedeutendsten theologischen Debatten die Quellen und Methoden theologischen Denkens die gro en Themen wie Person und Werk Jesu Christi Dreieinigkeit oder die letzten Dinge Ein umfangreiches Glossar und Register sowie Angaben zu weiterf hrender Literatur geben die n tigen Querverweise und regen zum Weiterstudium an Women in Ugarit and Israel Hennie J. Marsman,2021-10-01 In this

volume the presupposition is investigated whether women in a polytheistic society had a better position than women in a monotheistic society To this end the social and religious position of women in Ugarit according to its literary texts is compared to that of women in Israel according to the Hebrew Bible while the wider context of the ancient Near East is also taken into consideration After an overview of feminist biblical exegesis the book discusses the roles of women in the family and in society It also provides an analysis of the roles of women as religious specialists and as worshippers Finally the data on the position of women in the literary texts is compared to that in non literary texts *Women in the Biblical World* Mayer

I. Gruber,1995-11-14 Women's history has emerged as an independent discipline because women have been written out of the history of Western civilization as commonly taught and researched Likewise feminist interpretation of the Bible often called feminist hermeneutics grew out of the realization that conscious and unconscious sexism had often led scholars and students to ignore and even obscure the substantial role of women and womanhood in Hebrew Scripture Women in the Biblical World provides scholars clergy seminarians college students and others with access to books and articles both technical and semi popular that shed light on the role of women in Hebrew Scripture The guide demonstrates that the study of women and womanhood in the biblical world has assumed special importance during the two great periods of struggle for women's rights the 1890s and the last quarter of the 20th century However this guide also demonstrates that the public role

of women and womanhood in the ancient Near East was so great that scholarship has never been able to ignore it
