A Handful of Darkness Philip K. Dick, 1978 **Hot Singles in Your Area** Jordan Shiveley, 2024-11-07 Hot Singles in Your Area is a long joke an experimental novel and a conversation starter Locus Magazine Shiveley writes like a ghoul living in the haunted house that is the internet Meg Elison author of The Road to Nowhere trilogy A biting post modern horror about day jobs and monsters one of which will devour you whole but perhaps not the one that you think Noah desperately needs a new job that involves less blood and piss than his current one So when he spots an ad for a newspaper with No experience preferred he puts on his good shirt and marches down to their average looking office to unknowingly sign his life away Malachia is the only human left in the City of Silence and she spends her time wandering its empty bone filled streets Until one day she finds a lone figure hunched over a typewriter his fingers enmeshed with the keys Could he be the answer to finding her missing girlfriend Propelled by their pursuits for rent money and truth Noah and Malachia are pushed to their limits by a sinister media powerhouse Will either of them survive the darkness that ensues Everyone s talking about Hot Singles in Your Area Came for the body horror stayed for the detailed world building and pinpoint satire Reader review If The Hitchhiker s Guide and The Ministry of Time had a horrific baby with multiple rows of teeth Reader review One of the most enjoyable reading experiences I ve had this year It s unlike anything I ve read before Reader review **'Arā'is Al-Majālis Fi Qisas Al-Anbiyā' or "Lives of the Prophets"** William M. Brinner, 2002-11-01 These 11th century tales written in many different languages and well known throughout the Muslim world have been read and studied through the years This is however the first complete translation of the Arabic text into English from the story of the creation of the world to the time just before the coming of the Prophet Muhammad and the revelation of Islam It includes tales of prophets who are Biblical figures but also of others not considered prophets in other traditions and contains tales too like The Thousand and One Nights with no prophetic content In the Islamic world this work has been and is still read and enjoyed both as a source of religious study and for simple pleasure *A Checklist of Philip K. Dick* , **Magnificent Rebels** Andrea Wulf, 2022-09-13 A NEW YORKER ESSENTIAL READ From the best selling author of The Invention of Nature comes an exhilarating story about a remarkable group of young rebels poets novelists philosophers who through their epic quarrels passionate love stories heartbreaking grief and radical ideas launched Romanticism onto the world stage inspiring some of the greatest thinkers of the time A BEST BOOK OF THE YEAR The New York Times The Washington Post Make s the reader feel as if they were in the room with the great personalities of the age bearing witness to their insights and their vanities and rages Lauren Groff best selling author of Matrix When did we begin to be as self centered as we are today At what point did we expect to have the right to determine our own lives When did we first ask the question How can I be free It all began in a quiet university town in Germany in the 1790s when a group of playwrights poets and writers put the self at center stage in their thinking their writing and their lives This brilliant circle included the famous poets Goethe Schiller and Novalis the visionary

philosophers Fichte Schelling and Hegel the contentious Schlegel brothers and in a wonderful cameo Alexander von Humboldt And at the heart of this group was the formidable Caroline Schlegel who sparked their dazzling conversations about the self nature identity and freedom The French revolutionaries may have changed the political landscape of Europe but the young Romantics incited a revolution of the mind that transformed our world forever We are still empowered by their daring leap into the self and by their radical notions of the creative potential of the individual the highest aspirations of art and science the unity of nature and the true meaning of freedom We also still walk the same tightrope between meaningful self fulfillment and destructive narcissism between the rights of the individual and our responsibilities toward our community and future generations At the heart of this inspiring book is the extremely modern tension between the dangers of selfishness and the thrilling possibilities of free will Emperfect Emages GK Frost,2019-09-14 Yes the title is misspelled on purpose Jesus told parables stories of different aspects of God to help humans understand our Father I think that our brains would blow up if we tried to take in EVERYTHING that is God But we don t farm work or live the same way as they did then So you will find in these pages imperfect images of different aspects of God Jesus the Holy Spirit and sometimes the melancholy cry of a soul **Index to Science Fiction Anthologies and Collections** William Contento,1978 **PKD** Daniel J.
