Handfuls Of Air:

The Harmony of the Spheres Joscelyn Godwin, 1992-11-01 Professor of Music at Colgate University and a widely respected musicologist Godwin traces the history of the idea held since ancient times that the whole cosmos with its circling planets and stars is in some way a musical or harmonious entity The author shows how this concept has continued to inspire philosophers astronomers and mystics from antiquity to the present day

Natural Philosophy Epitomised: Books 8-11 of Gregor Reisch's Philosophical pearl (1503) Sachiko Kusakawa, 2017-03-02 Gregor Reisch's *The Philosophical pearl* Margarita Philosophica first published in 1503 and republished 11 times in the sixteenth century was the first extensive printed text which discussed the disciplines taught at university to achieve widespread dissemination This distinguishes it from printed editions of individual texts of Aristotle and other authorities It is presented as a dialogue between master and pupil covering the seven liberal arts natural philosophy and moral philosophy and with illustrations throughout It has received remarkably little attention in its own right as a work of education which helped shape the world view of sixteenth century educated men Its author was a Carthusian monk This volume presents an edited translation and an extensive introduction of the four books which deal with natural philosophy the predecessor of modern science These books clearly show the extent to which for Reisch the study of nature was still primarily undertaken for Christian ends Not only was nature studied as God's creation but the study of the soul a central part of natural philosophy pursued on Aristotelian lines and its fate was here completely integrated with the salvation or damnation of the individual Christian as taught in the Bible and by the church fathers especially Augustine Natural philosophy for Reisch was a discipline which was as concerned with God and the Bible as it was with Nature and Aristotle

The Hermetic Museum (Volumes 1 & 2) Arthur Edward Waite, *The Hermetic Museum* was published in Latin at Frankfurt in the year 1678 and as its title implies it was an enlarged form of an anterior work which appearing in 1625 is more scarce but intrinsically of less value Its design was apparently to supply in a compact form a representative collection of the more brief and less ancient alchemical writers in this respect it may be regarded as a supplement to those large storehouses of Hermetic learning such as the *Theatrum Chemicum* and that scarcely less colossal of Mangetus the *Bibliotheca Chemica Curiosa* which are largely concerned with the cream of the archaic literature with the works of Geber and the adepts of the school of Arabia with the writings attributed to Hermes with those of Raymond Lully Arnold de Villa Nova Bernard Trevisan and others This edition contains both original volumes one and two

"The" Hermetic Museum, Restored and Enlarged Arthur Edward Waite, 1893

The Doctrines of Alchemy Alexander Henry, 2012-07-10 A collection of many of the most important and influential pieces on the subject of Alchemy and the Hermetic Sciences This collection includes such works as *The Hermetic Museum* *Collectanea Chemica* *Turba Philosophorum* *Coelum Philosophorum* and *Alchemy Rediscovered* Restored

[The Hand and the Heart](#) Sarah M. Cradit, 2024-02-13 Two fractured souls One heart stopping legacy Escape into this breathtaking tale of two passionate young men who have lived

their lives for everyone but themselves Pesha and Fen have shouldered the grief pain and fear for the people they love for as long as they can remember Fen as his sister s protector and handler and Pesha as his brother s trusted right hand Neither has given thought to their own happiness because a life of crisis only allows for chaos Contentment is an affliction neither can afford When Pesha embarks on a desperate risky journey to a homeland he s never been to in a final attempt to save his dying sister Fen doesn t hesitate to come along to help the man he s been slowly falling in love with But Pesha s bewildering escalating hostility on the road leaves him rejected and confused Making matters far worse their welcome to the Territory of Asgill is far from warm They are both descendants of the Forsaken a faction who waged a violent uprising against their Medvedev leader almost three decades earlier Though neither have any knowledge of those days they re branded as seditionists and stripped of freedoms Pesha s sister is taken away for healing but if her treatment isn t successful the end for her is death To save her and themselves they will need to learn to do the impossible accept they need as much help as they have always offered others Fen and Pesha will either break this chain Or die trying ____

songs may be is not so simple and uncomplicated as she has imagined Annie Hawes has legions of fans Her writing has the well built flow of fiction and the self effacing honesty of a journal *A Handful of Hard Men* Hannes Wessels,2020-01-10 A biography of a Special Forces soldier who battled the forces of Mugabe and Nkomo earning a reputation as a military maestro During the West s great transition into the post colonial age the country of Rhodesia refused to succumb quietly and throughout the 1970s fought back almost alone against Communist supported elements that it did not believe would deliver proper governance During this long war many heroes emerged but none more skillful and courageous than Capt Darrell Watt of the Rhodesian SAS who placed himself at the tip of the spear in the deadly battle to resist the forces of Robert Mugabe and Joshua Nkomo It is difficult to find another soldier s story to equal Watt s in terms of time spent on the field of battle and challenges faced Even by the lofty standards of the SAS and Special Forces one has to look far to find anyone who can match his record of resilience and valor in the face of such daunting odds and with resources so paltry A bush lore genius blessed with uncanny instincts and an unbridled determination he had no peers as a combat tracker and there was plenty of competition The Rhodesian theater was a fluid and volatile one in which he performed in almost every imaginable fighting role as an airborne shock trooper leading camp attacks long range reconnaissance operator covert urban operator sniper saboteur seek and strike expert and in the final stages as a key figure in mobilizing an allied army in neighboring Mozambique After twelve years in the cauldron of war his cause slipped from beneath him however and Rhodesia gave way to Zimbabwe When the guns went quiet Watt had won all his battles but lost the war In this fascinating biography we learn that in his later years he turned to saving wildlife on a continent where animals are in continued danger devoting himself to both the fauna and African people he has cared so deeply about *A Handful of Bullets* Harlan Ullman,2014-12-15 The Great War or the War to end all wars as promised by President Woodrow Wilson was neither great nor ultimately conclusive Precipitated by the assassination of the Austro Hungarian Archduke Franz Ferdinand and his wife in the streets of Sarajevo on June 28 1914 World War I demolished the order established by the Concert of Vienna an order that had maintained the peace in Europe for almost a century The ensuing carnage laid the foundation for World War II and the Cold War that followed World War I also left in its catastrophic wake three transformational legacies that remain largely unnoticed today These legacies have provoked and will continue to provoke massive change to the international order But containing mitigating and preventing these disruptions from exploding into major crises will prove no less difficult a challenge than did restraining the forces that ignited the chaos and violence of the last century These legacies would make Osama bin Laden into a modern day version of Gavrilo Princip the Archduke s assassin and turn September 11 2001 into an event like that one on June 28 1914 in many different and frightening ways Instead of using a Beretta 9 mm pistol bin Laden crashed three airliners into New York s Twin Towers and the Pentagon in Washington D C starting a global war on terror Unfortunately America s current strategic mindset to deal with the twenty first century remains firmly anchored in the previous century

That mindset must change if aspirations for peace and prosperity are to be met with decisive and effective actions Ullman offers provocative and challenging arguments to conventional wisdom that we fail to understand the challenges and dangers and lack a mindset to cope with these twenty first century realities He argues that while the dangers are not as destructive as a world war unless they are addressed at best the standard of living and expectations of Americans will decline and at worst the world will become more violent unpredictable and chaotic

The Rise of Unmanned Warfare Jacquelyn Schneider, MacDonald, 2023-12-15 What explains the current US arsenal of unmanned systems Why for example is the contemporary arsenal dominated by aerial unmanned systems versus the munitions that dominated earlier developments This book challenges traditional explanations for the proliferation of unmanned systems which focus on capacity or structure Instead this book argues that beliefs and identities shape the structures and capacities we choose when we are investing in weapon systems In particular it traces beliefs about technological determinism and military revolutions force protection and casualty aversion and service identities to explain why the US has invested so heavily in remote controlled unmanned aerial platforms over the last three decades In doing so the book illustrates how ideas become influence and ultimately manifest in budget lines detailing the policy entrepreneurs critical junctures and path dependencies that shape the lifecycle of beliefs about unmanned weapon systems The book begins by providing a historical overview of US unmanned systems investments taking an expansive view of unmanned technologies from land mines to missiles and drones from the revolutionary war to contemporary investments It then leans on theories of norms ideas and influence to detail the role of the Office of Net Assessment Vietnam 9 11 and armed service identity in building the US current unmanned arsenal Finally it concludes with what this case of unmanned technologies reveals about US support to Ukraine as well as contemporary weapons debates about cyber information technology space and hypersonic missiles

Prophetical, Educational and Playing Cards John King Mrs. Van Rensselaer, 2022-07-20 In *Prophetical Educational and Playing Cards* John King Mrs Van Rensselaer intricately weaves a narrative that spans the realms of both entertainment and enlightenment The book delves into the multifaceted uses of playing cards exploring their historical significance educational potential and the prophetic associations attributed to them through eras Van Rensselaer employs a distinctive literary style marked by a blend of thorough research and engaging storytelling making the complex interplay of cards as a tool for both divination and pedagogy accessible to a wide audience The book stands out in the context of early 20th century literature where evolving societal attitudes toward leisure and education were in constant dialogue with traditional practices John King Mrs Van Rensselaer notable for his interdisciplinary approach as both a scholar and a practitioner draws upon a rich background in folklore history and education His insights are likely informed by his experiences with the cultural implications of games and symbols hinting at a desire to elevate the understanding of playing cards beyond mere entertainment This book reflects his commitment to bridging gaps between past perspectives and contemporary understanding This work is highly recommended for educators historians and enthusiasts of

card games alike It presents a unique opportunity to explore the cultural significance of playing cards through a scholarly lens inviting readers to uncover deeper meanings and applications within their everyday lives Vegetarian Times ,1993-01
