Small Arms and Light Weapons: U.S. Policy and

Views , *Controlling Small Arms* Peter Batchelor, Kai Michael Kenkel, 2013-11-20 This edited volume takes stock of the state of research and policy on the issue of Small Arms and Light Weapons SALW ten years after the UN first agreed to deal with the problem. The end of the Cold War originated a series of phenomena that would subsequently come to dominate the political agenda. Perhaps most symptomatic of the ensuing environment is the marked escalation in the scale and dynamics of armed violence driven by the proliferation of SALW. Events in Rwanda, Somalia and Bosnia seared into global consciousness the devastating effects of this phenomenon and of the necessity to engage actively in its limitation and prevention. This edited volume explores and outlines the research and policy on the SALW issue at this critical juncture. In addition to providing a detailed telling of the genesis and evolution of SALW research and advocacy, the volume features a series of essays from leading scholars in the field on both advances in research and action on SALW. It reflects on what has been achieved in terms of cumulative advances in data methodology and analysis and looks at the ways in which these developments have helped to inform policy making at national, regional and international levels. Alongside situating and integrating past and present advances in advocacy and international action, *Controlling Small Arms* also outlines future directions for research and action. This book will be of much interest to students of small arms, peace and conflict studies, peacebuilding, security studies and IR.

Small Arms Survey 2014 Small Arms Survey, Geneva, 2014-07-03 The Small Arms Survey 2014 considers the multiple roles of women in the context of armed violence, security and the small arms agenda. The volume's thematic section comprises one chapter on violence against women and girls with a focus on post-conflict Liberia and Nepal and another on the recent convergence of the small arms agenda with that of women, peace and security. Complementing these chapters are illustrated testimonies of women with experience as soldiers, rebels and security personnel. The weapons and markets section assesses the potential impact of the Arms Trade Treaty, presents the 2014 Transparency Barometer and an update on the authorised small arms trade and analyses recent ammunition explosions in the Republic of the Congo. Additionally, it examines ammunition circulating in Africa and the Middle East, maps the sources of insurgent weapons in Sudan and South Sudan and evaluates crime gun records in the United States.

Domestic Gun Control and International Small Arms Control in Africa Niklas Hultin, 2022-08-08 This book based on field research in the West African country of The Gambia explores how domestic gun control is shaped by international efforts and how local actors interact with international organizations or opt not to do so. The book also shows how the question of who can have what kind of gun under what circumstances is an intrinsic question to modern societies across the world but it is seldom one that is addressed in sub-Saharan Africa except in cases of post-conflict countries. Small arms control and gun control are often treated as separate efforts with the former the domain of international actors such as the United Nations and the latter being of concern to the domestic politics of countries such as

the United States By focusing on a country that has never seen the outbreak of a civil war the book is able to disentangle the complex roots of gun control in Africa its origins in colonial era legislation its reverberations across social life and how it shapes contemporary understandings of groups ranging from security guards to hunters *Small Arms Survey 2007* Small Arms Survey, Graduate Institute of International Studies (Geneva, Switzerland), 2007-09-06 The Small Arms Survey 2007 features a special focus on the complex issue of urban violence [Small Arms Survey 2008](#) Small Arms Survey, Graduate Institute of International and Development Studies (Geneva, Switzerland), 2008-07-31 The Small Arms Survey 2008 examines the problem of diversion and analyses the public health approach to armed violence *Small Arms Survey 2010* Small Arms Survey, Geneva, 2010-06-03 The Small Arms Survey 2010 focuses on gangs and non state armed groups Gang violence while typically directed at other gang members can account for a major portion of social violence Armed groups whatever their orientation to the state are of growing concern in conflict and post conflict settings where their activities can have serious repercussions for human security This volume reviews a range of issues related to gangs and armed groups exploring their functions roles and use of violence as well as emerging efforts to address the damage they inflict on society The volume explores prison gangs gender aspects of gangs and pro government groups it also features case studies from Ecuador and southern Sudan Original research on the global ammunition trade and on options for controlling illicit firearm transfers by air rounds out the book [Textbook of Pistols and Revolvers](#) Julian S.
