Andrew Kille,2001 This volume provides an introduction to psychological interpretations of the Hebrew Bible with the Garden of Eden story as a test case It approaches the text from Freudian Jungian and Developmental psychologies comparing and contrasting the different methods while taking on the hermeneutical issues Ricoeur s work is used to establish criteria for adequate interpretation Genesis 3 presents a fruitful text for psychological interpretation given its importance in Western culture Its themes of sexuality guilt consciousness and alienation are issues of great concern for everyone in our society Kille s aim is to locate psychological criticism within the field of biblical studies and to propose a hermeneutical framework for describing and evaluating psychological approaches The second part is devoted to analysis of different evaluations of Genesis 3 from the three chosen psychological perspectives **Gender and Religious Leadership** Hartmut Bomhoff,Denise L. Eger,Kathy Ehrensperger,Walter Homolka,2019-10-18 This volume analyzes historical and recent developments in female religious leadership and the larger issues shaping the scholarly debate at the intersection of gender and religious studies Jewish activism and scholarship have been crucial in linking theology and gender issues since the early twentieth century Academic and vocational leadership and training have had significant concrete impact on religious communal practices and formation across the US and Europe At the same time these models provide important avenues of constructive dialogue and comparative ecumenical and interfaith enterprises This volume investigates those possibilities towards constructive activist holistic female ministerial leadership for religious faith communities *Challenges to Conventional Opinions on Qumran and Enoch Issues* Paul Heger,2011-12-09 Some literary expressions in the Dead Sea Scrolls led scholars to allege that their

authors professed a dualistic and deterministic worldview of Zoroastrian origin and that the omission of Moses and Sinai from the Enoch writings evinces that a segment in Jewish society marginalized the Torah adopting Enoch's prophecies as its ethical guideline. This study challenges these allegations as utterly conflicting with essential biblical doctrines and the unequivocal beliefs and expectations of Qumran's Torah-centered society, arguing that scholars' allegations are erroneously based on interpreting ancient texts with a modern mindset and influenced by the interpreter's personal cultural background. The study interprets the relevant texts in a manner compatible with the presumed doctrines of ancient Jewish authors and readers.

The Bible in Pastoral Practice Paul H. Ballard, Stephen R. Holmes, 2006 A New York Review Books Original

Whether you call her a coldhearted grifter or the soul of modern capitalism there's no question that Aimée is a killer and a more than professional one. Now she's set her eyes on a backwater burg where while posing as an innocent albeit drop-dead gorgeous newcomer to town she means to sniff out old grudges and engineer new opportunities deftly playing different people and different interests against each other the better as always to make a killing. But then something snaps the master manipulator falls prey to a pure and wayward passion. Aimée has become the avenging angel of her own nihilism exacting the destruction of a whole society of destroyers. An unholy original Jean Patrick Manchette transformed the modern detective novel into a weapon of gleeful satire and anarchic fun. In *Fatale* he mixes equal measures of farce mayhem and madness to prepare a rare literary cocktail that packs a devastating punch.

Healing from Despair Rabbi Elie Kaplan Spitz, 2012-03-20

The suffering that brings you to despair and even desperation can with healing become a source of hope purpose and blessing. Are you Feeling anxious Feeling depressed because of the loss of health a relationship or a job Grieving the loss of a loved one Grieving loss by a suicide Feeling hopeless Concerned about a friend who has suicidal thoughts. This wise and helpful guide explores the nature of personal suffering and brokenness and the potential for personal crisis as a source of strength and renewal instead of despair and death. Examining the personal journeys of biblical and historical figures such as Moses Maimonides Abraham Lincoln and Martin Buber as well as the author's own personal experience with despair it looks at brokenness as an inescapable element of the human condition. It traces the path of suffering from despair to depression to desperation to the turning point healing when first-hand knowledge of suffering can be transformed into blessing.
