Cope, 2025-10-01 On the morning of July 28 1625 Dame Eleanor Davis 1590-1652 heard a great voice from heaven tell her There is Nintene years and a halfe to the day of Judgement and you as the meek Virgin She believed the message came from the prophet Daniel and began immediately to explain how the books of Daniel and Revelation applied to England s history In the next twenty seven years she wrote more than sixty religious and political tracts addressed to the king the Parliament and the public Filled with anagrams puns and carefully contrived literary imagery these tracts offered a devastating critique of the patriarchal society in which Eleanor Davies lived Handmaid of the Holy Spirit draws upon a rich array of primary documents and provides scholars of history literature and religion a basis for reevaluating their conclusions about seventeenth century England Nonspecialists will also find the dramatic story of the fascinating and eccentric Lady Eleanor Davies compelling reading [Women's Prophetic Writings in Seventeenth-Century Britain](#) Carme Font, 2017-04-28 This study examines women s prophetic writings in seventeenth century Britain as the literary outcome of a discourse of social transformation that integrates religious conscience political participation and gender identity The following pages approach prophecy as a culture a language and a catalyst for collective change as the individual prophet conceptualized it While the corpus of prophetic writing continues to grow as the result of archival research this monograph complements our

particular knowledge of women's prophecy in the seventeenth century with a global assessment of what makes speech prophetic in the first place and what are the differences and similarities between texts that fall into the prophetic mode. These disparities and commonalities stand out in the radical language of prophecy as well as in the way it creates an authorial centre. Examining how authorship is represented in several configurations of prophetic delivery such as essays on prophecy, poetic prophecy, spiritual autobiography and election narratives, the different chapters consider why prophecy peaked in the years of the civil wars and how it evolved towards the eighteenth century. The analyses extrapolate the peculiarities of each case study as being representative of a form of textually based activism that enabled women to gain a deeper understanding of themselves as creators of independent meaning that empowered them as individuals, citizens and believers.

Women and the Reformations Merry E. Wiesner-Hanks, 2024-10-29. A compelling authoritative history of how women shaped the Reformations and transformed religious life across the globe. The Reformations, both Protestant and Catholic, have long been told as stories of men. But women were central to the transformations that took place in Europe and beyond. What was life like for them in this turbulent period? How did their actions and ideas shape Christianity and influence societies around the world? In this rich and definitive study, renowned scholar Merry Wiesner Hanks explores the history of women and the Reformations in full for the first time. Wiesner Hanks travels the globe, examining well-known figures like Teresa of Avila, Elizabeth I and Anne Hutchinson, as well as women whose stories are only now emerging. Along the way, we meet converts in Japan, Spanish nuns in the Philippines and saints in Ethiopia and America. Wiesner Hanks explores women's experiences as monarchs, mothers, migrants, martyrs, mystics and missionaries, revealing that the story of the Reformations is no longer simply European and that women played a vital role.

Secretaries of God Diane Watt, 1997. The English women prophets and visionaries whose voices are recovered here all lived between the twelfth and the seventeenth centuries and claimed, through the medium of trances and eucharistic piety, to speak for God. Through prophecy they were often able to intervene in the religious and political discourse of their times. The role of God's secretary gave them the opportunity to act and speak autonomously and publicly.

Women and the Pamphlet Culture of Revolutionary England, 1640-1660 Marcus Nevitt,2017-03-02 Offering an analysis of the ways in which groups of non aristocratic women circumvented a number of interdictions against female participation in the pamphlet culture of revolutionary England this book is primarily a study of female agency Despite the fact that pamphlets or cheap unbound books have recently been located among the most inclusive or democratic aspects of the social life of early modern England this study provides a more gender sensitive picture Marcus Nevitt argues instead that throughout the revolutionary decades pamphlet culture was actually constructed around the public silence and exclusion of women In support of his thesis he discusses more familiar seventeenth century authors such as John Milton John Selden and Thomas Edwards in relation to the less canonical but equally forceful writings of Katherine Chidley Elizabeth Poole Mary Pope Parliament Joan and a large number of Quaker women This is the first sustained study of the relationship between female agency and cheap print throughout the revolutionary decades 1640 to 1660 It adds to the study of gender in the field of the English Revolution by engaging with recent work in the history of the book stressing the materiality of texts and the means and physical processes by which women s writing emerged through the printing press and networks of publication and dissemination It will stimulate welcome debate about the nature and limits of discursive freedom in the early modern period and for women in particular *Biblical Women's Voices in Early Modern England* Michele Osherow,2016-12-14 Biblical Women s Voices in Early Modern England documents the extent to which portrayals of women writers rulers and leaders in the Hebrew Bible scripted the lives of women in early modern England Attending to a broad range of writing by Protestant men and women including John Donne Mary Sidney John Milton Rachel Speght and Aemilia Lanyer the author investigates how the cultural requirement for feminine silence informs early modern readings of biblical women s stories and furthermore how these biblical characters were used to counteract cultural constraints on women s speech Bringing to bear a commanding knowledge of Hebrew Scripture Michele Osherow presents a series of case studies on biblical heroines juxtaposing Old Testament stories with early modern writers and texts The case studies include an investigation of references to Miriam in Lady Mary Sidney s psalm translations an unpacking of comparisons between Deborah and Elizabeth I and importantly a consideration of the feminization of King David through analysis of his appropriation as a model for early modern women in writings by both male and female authors In deciphering the abundance of biblical characters citations and allusions in early modern texts Osherow simultaneously demonstrates how biblical stories of powerful women challenged

Baptist Women's Writings in Revolutionary Culture, 1640-1680 Rachel Adcock, 2016-03-09 Although literary historical studies have often focused on the range of dissenting religious groups and writers that flourished during the English Revolution they have rarely had much to say about seventeenth century Baptists or indeed Baptist women Baptist Women's Writings in Revolutionary Culture 1640 1680 fills that gap exploring how female Baptists played a crucial role in the group's formation and growth during the 1640s and 50s by their active participation in religious and political debate and their desire to evangelise their followers The study significantly challenges the idea that women as members of these congregations were unable to write with any kind of textual authority because they were often prevented from speaking aloud in church meetings On the contrary Adcock shows that Baptist women found their way into print to debate points of church organisation and doctrine to defend themselves and their congregations to evangelise others by example and by teaching and to prophesy and discusses the rhetorical tactics they utilised in order to demonstrate the value of women's contributions In the course of the study Adcock considers and analyses the writings of little studied Baptist women Deborah Huish Katherine Sutton and Jane Turner as well as separatist writers Sara Jones Susanna Parr and Anne Venn She also makes due connection to the more familiar work of Agnes Beaumont Anna Trapnel and Anne Wentworth enabling a reassessment of the significance of those writings by placing them in this wider context Writings by these female Baptists attracted serious attention and as Adcock discusses some even found a trans national audience
