## **Hands Across The Ocean Managing Joint Ventures With A Spotlight On China And Japan:**

*International Joint Ventures in East Asia* Roger Baran, Yigang Pan, Erdener Kaynak, 1996 *International Joint Ventures in East Asia* provides a state of the art review of research on international joint ventures IJVs in East Asia advances understanding of this geographical region and points out the future areas of research on IJVs in this area This latest research conducted by business school professors in North America Europe and the Pacific Asia Region presents readers with an innovative multicultural perspective and assists the joint venture manager in planning negotiating and running joint ventures in East Asia *Hands Across the Ocean* Susan Goldenberg, 1988 **Creating Successful Acquisition and Joint Venture Projects** John E. Triantis, 1999-04-30 Acquisitions and joint ventures can be difficult costly and risky but if a company uses the right teams and processes and is adequately prepared the chance of success can be significantly increased Dr Triantis a practitioner with extensive experience in M A planning and implementation and business strategizing discusses the resources and preparation that are needed before an acquisition or joint venture should even be started and the various roles and responsibilities of project participants once it is underway His book examines the sequence of steps and the events involved in conducting an acquisition or joint venture and shows how the screening and opportunity assessment process along with proper planning and transfer of responsibilities can go a long way toward creating the conditions necessary for success The book provides guidelines advice and recommendations that project teams in key areas must focus on and by doing so it introduces much needed discipline into the M A decision making process It treats important issues and ingredients in project financial analysis valuation risk management negotiations due diligence and legal agreements In addition by examining M A and joint venture project financing implementation the creation and harnessing of synergies and the need for monitoring and control the book gives readers greater confidence in their own M A decision making Readers will find instruction on how to obtain corporate approvals deal with project impediments assess the performance of project teams distill lessons learned in conducting acquisitions and joint ventures and how to institutionalize their knowledge after the project is completed Highly detailed with a unique viewpoint that challenges prevailing orthodoxies of M A management Dr Triantis s step by step approach will be valuable not only for corporate M A staffers but also for college level teachers and students *Culture and Behavioral Strategy* T. K. Das, 2017-11-01 Behavioral strategy continues to attract increasing research interest within the broader field of strategic management Research in behavioral strategy has clear scope for development in tandem with such traditional streams of strategy research that involve economics markets resources and technology The key roles of psychology organizational behavior and behavioral decision making in the theory and practice of strategy have yet to be comprehensively grasped Given that strategic thinking and strategic decision making are importantly concerned with human cognition human decisions and human behavior it makes eminent sense to bring some balance in the strategy field by complementing the extant emphasis on the objective economics based view with substantive attention to the subjective

individual oriented perspective This calls for more focused inquiries into the role and nature of the individual strategy actors and their cognitions and behaviors in the strategy research enterprise For the purposes of this book series behavioral strategy would be broadly construed as covering all aspects of the role of the strategy maker in the entire strategy field The scholarship relating to behavioral strategy is widely believed to be dispersed in diverse literatures These existing contributions that relate to behavioral strategy within the overall field of strategy has been known and perhaps valued by most scholars all along but were not adequately appreciated or brought together as a coherent subfield or as a distinct perspective of strategy This book series on Research in Behavioral Strategy will cover the essential progress made thus far in this admittedly fragmented literature and elaborate upon fruitful streams of scholarship More importantly the book series will focus on providing a robust and comprehensive forum for the growing scholarship in behavioral strategy In particular the volumes in the series will cover new views of interdisciplinary theoretical frameworks and models dealing with all behavioral aspects significant practical problems of strategy formulation implementation and evaluation and emerging areas of inquiry The series will also include comprehensive empirical studies of selected segments of business economic industrial government and nonprofit activities with potential for wider application of behavioral strategy Through the ongoing release of focused topical titles this book series will seek to disseminate theoretical insights and practical management information that will enable interested professionals to gain a rigorous and comprehensive understanding of the subject of behavioral strategy

**Culture and Behavioral Strategy** contains contributions by leading scholars in the field of behavioral strategy research The 10 chapters in volume deal with a number of significant issues relating to the intersection of culture and behavioral strategy covering topics such as cultural diversity and strategic choice the cultural intelligence of executives business model innovation in entrepreneurship paradoxical frames in culture and behavioral strategy culture in M As network citizenship behavior and organizational routines The chapters include empirical as well as conceptual treatments of the selected topics and collectively present a wide ranging review of the noteworthy research perspectives on the confluence of culture and behavioral strategy

**Strategic Alliances for Value Creation** T. K. Das, 2012-01-01 Strategic Alliances for Value Creation is a volume in the book series Research in Strategic Alliances that will focus on providing a robust and comprehensive forum for new scholarship in the field of strategic alliances In particular the books in the series will cover new views of interdisciplinary theoretical frameworks and models significant practical problems of alliance organization and management and emerging areas of inquiry The series will also include comprehensive empirical studies of selected segments of business economic industrial government and non profit activities with wide prevalence of strategic alliances Through the ongoing release of focused topical titles this book series will seek to disseminate theoretical insights and practical management information that will enable interested professionals to gain a rigorous and comprehensive understanding of the field of strategic alliances Strategic Alliances for Value Creation contains contributions by leading

scholars in the field of strategic alliance research The 14 chapters in this volume cover a number of significant topics that encompass value creation through strategic alliances in recent times The chapters cover both the broader topics such as multi partner alliances technology parks intellectual property rights knowledge management and culture portfolio theory learning in alliances and open innovation and the more focused problems of transparency in interfirm accounting local partner perspective of management control knowledge in intra district networks and alliance partners for entrepreneurial firms The chapters include empirical as well as conceptual treatments of the selected topics and collectively present a wide ranging review of the noteworthy areas of research on employing strategic alliances for value creation
