Hands To Flying Stations A Recollective History Of Canadian Naval Aviation 1945-1954:

The U.S. Navy and Its Cold War Alliances, 1945-1953 Corbin Williamson, 2020-08-12 After World War I the U S Navy's brief alliance with the British Royal Navy gave way to disagreements over disarmament fleet size interpretations of freedom of the seas and general economic competition This goes its own approach lasted until the next world war when the U S Navy found itself fighting alongside the British Canadian Australian and other Allied navies until the surrender of Germany and Japan In *The U S Navy and Its Cold War Alliances 1945-1953* Corbin Williamson explores the transformation this cooperation brought about in the U S Navy's engagement with other naval forces during the Cold War Like the onetime looming danger of Nazi Germany and Imperial Japan growing concerns about the Soviet naval threat drew the U S Navy into tight relations with the British Canadian and Australian navies *The U S Navy and Its Cold War Alliances 1945-1953* brings to light the navy to navy links that political concerns have kept out of the public sphere a web of informal connections that included personnel exchanges standardization efforts in equipment and doctrine combined training and education and joint planning for a war with the Soviets Using a history from the middle approach Corbin Williamson draws upon the archives of all four nations including documents only recently declassified to analyze the actions of midlevel officials and officers who managed and maintained these alliances on a day to day basis His work highlights the impact of domestic politics and security concerns on navy to navy relations even as it integrates American naval history with those of Britain Canada and Australia In doing so the book provides a valuable new perspective on the little studied but critical transformation of the U S Navy's peacetime alliances during the Cold War

The Fleet Air Arm and the War in Europe, 1939-1945 David Hobbs, 2022-03-30 A comprehensive history of the Royal Navy's naval aviation component's campaigns during World War II For the first time this book tells the story of how naval air operations evolved into a vital element of the Royal Navy's ability to fight a three dimensional war against both the Kriegsmarine and Luftwaffe An integral part of RN the Fleet Air Arm was not a large organization with only 406 pilots and 232 front line aircraft available for operations in September 1939 Nevertheless its impact far outweighed its numbers it was an RN fighter that shot down the first enemy aircraft of the war and an RN pilot was the first British fighter ace with 5 or more kills The Fleet Air Arm's rollcall of achievements in northern waters went on to include the Norwegian Campaign the crippling of Bismarck the gallant sortie against Scharnhorst and Gneisenau as they passed through the Channel air attacks on enemy E boats in the narrow seas air cover for the Russian convoys air attacks that disabled Tirpitz and strikes and minelaying operations against German shipping in the Norwegian littoral that continued until May 1945 By the end of the war in Europe the FAA had grown to 3243 pilots and 1336 aircraft This book sets all these varied actions within their proper naval context and both technical and tactical aspects are explained with thumbnail descriptions of aircraft their weapons and avionics Cross reference with the Fleet Air Arm Roll of Honour has been made for the first time to put names to those aircrew killed in action wherever possible as a mark of respect for their determination

against enemy forces on above and below the sea surface which more often than not outnumbered them The Fleet Air Arm and the War in Europe completes David Hobbs s much praised six volume series chronicling the operational history of British naval aviation from the earliest days to the present Praise for The Fleet Air Arm and the War in Europe In this masterly addition to his series on the Fleet Air Arm at war David Hobbs addresses naval air operations in the Atlantic the North Sea the Arctic and the English Channel Professor Andrew Lambert Warship 2023 With lots of action it rattles along and is a very good read The Armourer Magazine May 2022 *Canadian Books in Print. Author and Title Index* ,1975 *The Politics of Procurement* Aaron Plamondon,2010-07-01 In 1993 Canada s Liberal Party cancelled an order to replace the Sea King maritime helicopter The Liberals claimed the Tory plan was too expensive but the cancellation itself actually cost taxpayers hundreds of millions of dollars The incident drew public attention to the waste in Canada s defence spending and to the under equipped state of its military Aaron Plamondon ties the bungled attempts to replace the Sea King before and since 1993 to the evolution of the weapons procurement process in Canada since Confederation He reveals that partisan politics rather than a desire to increase the military s capabilities has driven the nation s policy makers **International Books in Print** ,1997 *Proceedings of the United States Naval Institute* United States Naval Institute,1994 *Canadian Books in Print* 2002 Marian Butler,2002-02 [Hands to Flying Stations](#) Stuart E. enemy territory With the airplane a totally new and revolutionary weapon the work of several experimental airfields and seaplane stations became crucial to the success of these operations Taking the lead role were Felixstowe and the Isle of Grain where work on the development of new aircraft and aerial weapons was handled alongside groundbreaking advances in navigational systems air to ground radio communication and deck board ship landings These two air stations as well as others with a more minor role witnessed a huge scale of expenditure and the assembly of an elite group of experts and hotshot pilots who in pushing the envelope to the extreme sometimes sacrificed their own lives The work of these experimental stations has been more or less forgotten a result of the Royal Naval Air Service having been subsumed into the Royal Air Force and the subsequent emphasis on the airplane as a weapon of land warfare In this First World War anniversary period it is a story that needs telling
