Revolutionaries Susan Hudson,2013-09-13 The book recognizes the achievements by a nineteenth century community of women religious the Grey Nuns of Lewiston Maine The founding of their hospital was significant in its time as the first hospital in that factory city and is significant today if one desires a more accurate and inclusive history of women and healthcare in America The fact that this community lived in a hostile Protestant dominated industrial environment while submerged in a French Canadian Catholic world of ethnicity tradition and paternalism makes their accomplishments more compelling Sisters or Strangers? Marlene Epp,Franca Iacovetta,2016-01-01 Spanning more than two hundred years of history from the eighteenth century to the twenty first Sisters or Strangers explores the complex lives of immigrant ethnic and racialized women in Canada Among the themes examined in this new edition are the intersection of race crime and justice the creation of white settler societies letters and oral histories domestic labour the body political activism food studies gender and ethnic identity and trauma violence and memory The second edition of this influential essay collection expands its chronological and conceptual scope with fifteen new essays that reflect the latest cutting edge research in Canadian women s history Introductions to each thematic section include discussion questions and suggestions for further reading making the book an even more valuable classroom resource than before **Catholicism and Historical Narrative** Kevin

Schmiesing,2014-01-30 Stories about the past shape not only the way people think about history but also the way they act in the present Nowhere is this truer than in the area of religion which has been and continues to be a powerful motivating force in the lives of billions around the globe In this volume Catholicism and Historical Narrative A Catholic Engagement with Historical Scholarship contributors explore the way stories are constructed and show how a focus on Catholic figures and concerns challenges common understandings of important historical episodes and eras Editor Kevin Schmiesing has gathered a distinguished group of scholars who in various ways call into question conventional story lines by highlighting previously neglected Catholic ideas and individuals Built on ample evidence and employing keen insight each essay is the result of cutting edge research in fields ranging from historical research on Puritan New England and the antebellum South to the history of abortion to the twentieth century papacy Students and scholars of religious history Catholic historians and anyone interested in the intersection of religion and history will all find here much to interest and maybe even surprise in the chapters arguments concerning the deficiencies of history s dominant narratives The volume s focus on the history of Catholics in the United States makes it essential reading for anyone seeking to understand the place of Catholicism in the American story Sisters Or Strangers Franca Iacovetta,Frances Swyripa,Marlene Epp,2004-01-01 Spanning two hundred years of history from the nineteenth century to the 1990s Sisters or Strangers explores the complex lives of immigrant ethnic

and racialized women in Canada The volume deals with a cross section of peoples including Japanese Chinese Black Aboriginal Irish Finnish Ukrainian Jewish Mennonite Armenian and South Asian Hindu women and diverse groups of women including white settlers refugees domestic servants consumer activists nurses wives and mothers The central themes of *Sisters or Strangers* include discourses of race in the context of nation building encounters with the state and public institutions symbolic and media representations of women familial relations domestic violence and racism and analyses of history and memory In different ways the authors question whether the historical experience of women in Canada represents a sisterhood of challenge and opportunity or if the racial class or marginalized identity of the immigrant and minority women made them in fact strangers in a country where privilege and opportunity fall according to criteria of exclusion Using a variety of theoretical approaches this collaborative work reminds us that victimization and agency are never mutually exclusive and encourages us to reflect critically on the categories of race gender and the nation
