Handwriting Speaks Handwriting Analysis Made Easy:

Handwriting Speaks Alok Kumar, Nandanie A. Kumar, 2005-12-28 The book tells in details about the tricks and logic of analyzing handwriting and signatures This book can be used very usefully by everyone who wants to become successful by changing his attitude and personality by actually knowing about himself **Handwriting Analysis Made Easy** John Marley, 1979 **The Complete Idiot's Guide to Handwriting Analysis, 2nd Edition** Sheila Lowe, 2007-01-02 It's all there in black and white The most popular book on this amazing discipline this volume shows readers how to analyze almost any handwriting sample and understand the special characteristics of the writer's personality Drawing upon 30 years of experience as a professional graphologist Sheila Lowe clearly explains what every squiggle and dot says about a person From Kurt Cobain and Jimmy Smits to Ronald Reagan and Bill Clinton this new edition is filled with hundreds of real examples of handwriting to illustrate how handwriting indicates a person's most basic and intimate traits Hundreds of new handwriting examples Up to the minute information about graphology computer programs Fascinating anecdotes about graphology's role in criminal justice *Handwriting Analysis: Made Easy* Jess E. Dines, 2003 Now you can discover the hidden personality and behaviour of your mate lover friends boss co worker and even strangers **Handwriting Analysis Made Easy** Laura Orsini, 2014-05-08 Though most elementary school students aren't learning cursive anymore our handwriting does offer significant clues about our personality traits skills tendencies likes and dislikes When we learned to write we probably all wrote similarly to other children of our age and area of the country As time passed however we developed individual characteristics unique to us that distinguish our handwriting from anyone else's While handwriting analysis cannot determine things like the writer's age gender profession race or ethnicity or indicate what their future may hold it can help you understand yourself and others indicate personality traits or tendencies choose a career that is well suited to your personality and strengths monitor your health and even help you change your life This book will teach you how to take a writing sample as well as specifics like what letter size writing slant and the overall organization of one's writing indicate about their personality **The Complete Idiot's Guide to Handwriting Analysis** Sheila R. Lowe, 1999 Explains how to use handwriting analysis to understand character personal values love issues and career ambitions Applied Graphology - A Textbook on Character Analysis From Handwriting - For the Practical Use of the Expert, the Student, and the Layman Arranged in Form for Ready Reference Albert J. Smith, 2013-05-31 Analyzing someone's personality through their handwriting has been widely rubbished but it is still a fun game to play with friends and family Graphology Julian Moore, Is it possible to know all about someone just by looking at their handwriting Imagine you could ask anyone to write down two simple words yet you could start telling them what they're like from their handwriting almost immediately even complete strangers You must admit that would be cool How could you know so much with so little information Well with the graphology system outlined in this new graphology book designed to be learned in few days you can be giving interesting yet

fun handwriting readings in no time at all Here are some points to consider Can be learned over a weekend Requires only two words to be written down Can be done for two or more people at the same time A great ice breaker or conversation starter Once you ve learned it it s almost impossible to forget Oh and did we mention the FREE AUDIOBOOK We almost forgot not only do you get the book packed with examples exercises and top tips to make learning graphology as painless as possible you also get the 13 part audiobook thrown in as well FLASH CARDS With the book and audiobook you also get a set of 10 flash cards Print them off onto index cards and stick them in your back pocket so you can have an instant refresher moment while you re still learning the system No need for last minutes nerves a quick look at your flash cards and you can top up your new found knowledge in a jiffy Powerful stuff Seriously knowing this information is powerful everyone is interested in themselves and by using the fun techniques in this unique book you ll find that sometimes you simply haven t got the time to check out everybody s handwriting

REVIEWS I really enjoyed reading your new book and would heartily recommend it It is a great way to learn the art without spending hours ploughing through the many books out there on the subject Richard Osterlind Julian is a wonderful teacher I ve tried learning enough about graphology before to use as an adjunct to my mentalism performances but it never stuck And I quickly became bored With Julian s system once the info is in your head it isn t easily leaving And I found the whole process fun Julian has set this up in a way that you get constant reinforcement for your efforts and just want to keep going Bill Cushman I have finished Julian s book on Graphology and highly recommend it Julian has condensed a large amount of information on graphology into an easily memorized system and provided a presentation that is short sweet and can be done on the back of a business card I like to explain how I am getting my information as I am doing the reading and Julian s system is perfectly suited for this In fact it is so simple to explain that your subject will likely go away believing they have learned something valuable even in the unlikely event that most of your reading doesn t hit the mark so you really cannot lose Anyone that is interested in Graphology should definitely pick up this book John Lumber As a long time graphologist I ve perused Julian s manuscript and can attest that it is exactly as described He s taken some of the real meat of the subject and found a way to explain it clearly and simply AND to do it in a wicked clever mnemonic sort of structure that makes it quite easy to remember And therefore easy to explain to others He s done a lot of hard mental work so that you won t have to Well worth the price tag for those who wish to use it
