Smith,1920 *Handwriting Analysis* Milton Newman Bunker,2010 The Best Insurance Policy Money Can t Buy Trust is a very powerful thing But in today s world it can be hard to decide who you can trust and who you can t Have you ever had nagging doubts when you left your car at the mechanic Or wondered how responsible your child s babysitter really is Do you ever wonder if you can really trust your friends your co workers or the people you date You already know how easy it can be to get hurt taken advantage of or used by people whom you thought you could trust simply because it s so easy for people to lie and mislead you But you don t have to put yourself or your family at risk anymore There is an amazingly accurate way for you to discover people s TRUE character within seconds and protect yourself from trouble And the best part is No One Can Hide From This Handwriting Analysis is one of the most effective and powerful ways for you to uncover someone s true character and find out their real personality Within seconds you can look at anyone s handwriting and instantly know everything they think and everything they feel You can uncover the dark little secrets they try to hide and you can learn which people you can trust Discover which friends you can always depend on and

which friends you should never confide in Finally find an honest car mechanic electrician plumber or contractor This will save you big money Learn about your child s teachers babysitters and care giver s true personalities and rest easy knowing you are surrounding your child with the best people possible Know someone s true feelings and intentions before you start a relationship accept a date or get married Find out the truth about the people you work with the people in your community and even your own neighbors With this book anyone can learn how to analyze handwriting It s simple to get started and even easier to put it to work for you If you re ready to give yourself the best insurance policy ever and start protecting yourself from all the wrong people get this book today *Handwriting and Personality* Ann Mahony,1990-01-29 Today graphology is used in courtrooms and banks as well as by psychologists In *Handwriting Personality* graphologist Ann Mahony now reveals the many elements that are part of handwriting analysis and shows readers how to learn more about their and other people s motivations and characteristics *What Does Your Handwriting Reveal? - An Elementary Study of the Rules Underlying the Science of Graphology Wherewith Everyone May Apply This Fascinating Method of Character Analysis for Pleasure Or for Profit to His Own Handwriting and That of His Friends* Nadya Olyanova,2011-07 Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive We are republishing these classic works in affordable high quality modern editions using the original text and artwork *The Psychological Basis of Handwriting Analysis* David Lester,1981 **Handwriting Analysis** Karen Kristin Amend,Mary Stanbury Ruiz,2000-06-19 Learn the many ways handwriting can reveal personality traits in this comprehensive introduction to graphology In *Handwriting Analysis* graphology expert Karen Kristin Amend offers a fresh approach to the principles of graphology Covering all aspects of handwriting from size and spacing to pace and form quality this book is designed to help readers learn the skills of whole person profiling Amend demonstrates how to determine various personality traits ranging from mood to moral character self confidence and emotional needs She also shows how to detect emotional disturbance or mental illness With new material for understanding the significance of the writing rhythm this volume also provides handwriting samples of famous people *Graphology* Julian Moore, Is it possible to know all about someone just by looking at their handwriting Imagine you could ask anyone to write down two simple words yet you could start telling them what they re like from their handwriting almost immediately even complete strangers You must admit that would be cool How could you know so much with so little information Well with the graphology system outlined in this new graphology book designed to be learned in few days you can be giving interesting yet fun handwriting readings in no time at all Here are some points to consider Can be learned over a weekend Requires only two words to be written down Can be done for two or more people at the same time A great ice breaker or conversation starter Once you ve learned it it s almost impossible to forget Oh and did we mention the FREE AUDIOBOOK We almost forgot not only do you get the book packed with examples exercises and top tips to make learning graphology as painless as possible you also get the 13 part audiobook thrown in as well FLASH CARDS With the

book and audiobook you also get a set of 10 flash cards Print them off onto index cards and stick them in your back pocket so you can have an instant refresher moment while you re still learning the system No need for last minutes nerves a quick look at your flash cards and you can top up your new found knowledge in a jiffy Powerful stuff Seriously knowing this information is powerful everyone is interested in themselves and by using the fun techniques in this unique book you ll find that sometimes you simply haven t got the time to check out everybody s handwriting

REVIEWS I really enjoyed reading your new book and would heartily recommend it It is a great way to learn the art without spending hours ploughing through the many books out there on the subject Richard Osterlind Julian is a wonderful teacher I ve tried learning enough about graphology before to use as an adjunct to my mentalism performances but it never stuck And I quickly became bored With Julian s system once the info is in your head it isn t easily leaving And I found the whole process fun Julian has set this up in a way that you get constant reinforcement for your efforts and just want to keep going Bill Cushman I have finished Julian s book on Graphology and highly recommend it Julian has condensed a large amount of information on graphology into an easily memorized system and provided a presentation that is short sweet and can be done on the back of a business card I like to explain how I am getting my information as I am doing the reading and Julian s system is perfectly suited for this In fact it is so simple to explain that your subject will likely go away believing they have learned something valuable even in the unlikely event that most of your reading doesn t hit the mark so you really cannot lose Anyone that is interested in Graphology should definitely pick up this book John Lumber As a long time graphologist I ve perused Julian s manuscript and can attest that it is exactly as described He s taken some of the real meat of the subject and found a way to explain it clearly and simply AND to do it in a wicked clever mnemonic sort of structure that makes it quite easy to remember And therefore easy to explain to others He s done a lot of hard mental work so that you won t have to Well worth the price tag for those who wish to use it
