Rationalizing Korea Kyung Moon Hwang,2015-12-29 The first book to explore the institutional ideological and conceptual development of the modern state on the peninsula Rationalizing Korea analyzes the state s relationship to five social sectors each through a distinctive interpretive theme economy developmentalism religion secularization education public schooling population registration and public health disease control Kyung Moon Hwang argues that while this formative process resulted in a more commanding and systematic state it was also highly fragmented socially embedded and driven by competing often conflicting

rationalizations including those of Confucian statecraft and legitimation. Such outcomes reflected the acute experience of imperialism, nationalism, colonialism, and other sweeping forces of the era. **Korean Philosophy**, 2004. The philosophy and patterns of thought of the civilization contain the historical experiences, life wisdom, and cultural ideals accumulated by people over a long period of time. In this sense, the wisdom and ideals that are reflected in the civilization's philosophy speak a great deal of its particular cultural identity. This volume is a compilation of previously published articles in the field of Korean philosophy that have been carefully selected for their high scholarly value. Continuously struggling to preserve its identity, traditional Korean philosophy was finally. **Recording State Rites in Words and Images** Yi Song-mi, 2024-03-05. Recording State Rites in Words and Images provides an engaging and in-depth exploration of the large corpus of court statutes compiled during the Joseon dynasty of Korea. The term *uigwe*, commonly translated as royal protocols, is the name given to the collection of nearly four thousand books that were commissioned and written to document the customs, rituals, rules, protocols, and ceremonial practices of the Joseon dynasty. In this generously illustrated book, Yi Song-mi introduces readers to the rich and varied documentary tradition embodied in the *uigwe*, sharing invaluable insights into time-honored court customs through text and images and analyzing changes in ritual practice over time. **Atlas of Korean History**, 2008. Atlas of Korean history unveils Korean history by presenting text and related maps on each topic across facing pages for reading convenience. Readers are quickly involved in the atlas, interactive literature consisting of concise information and maps that complement. **Korea Journal**, 2015. **Korean Religions in Relation** Anselm K. Min, 2016-09-30. Examines Buddhism, Confucianism, and Christianity in Korea, focusing on their mutual accommodation, exclusion, conflict, and assimilation. Instead of simply being another survey of the three dominant religions in contemporary Korea, Buddhism, Confucianism, and Christianity, this unique book studies them in relation to each other in terms of assimilation, accommodation, conflict, and exclusion. The contributors focus on major issues that have historically challenged the relations between the three religions from the Goryeo period to the present and how each religion has responded to them. The essays bring a new perspective to the study of Korean religions, one that is especially pertinent in the current age of religious pluralism with all its tensions. **Eclipsed Cinema** Dong Hoon Kim, 2017-03-22. In this ground-breaking investigation into the seldom-studied film culture of colonial Korea (1910-1945), Dong Hoon Kim brings new perspectives to the associations between colonialism, modernity, film historiography, and national cinema. By reconstructing the lost intricacies of colonial film history, *Eclipsed Cinema* explores under-investigated aspects of colonial film culture, such as the representational politics of colonial cinema, the film unit of the colonial government, the social reception of Hollywood cinema, and Japanese settlers' film culture. Filling a significant void in Asian film history, *Eclipsed Cinema* greatly expands the critical and historical scopes of early cinema and Korean and Japanese film histories, as well as modern Asian culture and colonial and postcolonial studies. **Routledge Handbook of Korean Politics and Public Administration** Chung-in Moon, M. economic hardship and the ensuing possibilities of destabilization Against this social and political backdrop Millennial North Korea traces how the rapidly expanding media networks in North Korea impact their millennial generation especially their perspective on the outside world Suk Young Kim argues that millennials in North Korea play a crucial role in exposing the increasing tension between the state and its people between risktakers who dare to transgress strict social rules and compliant citizens accustomed to the state s centralized governance and between thriving entrepreneurs and those left out of the growing market economy Combining a close reading of North Korean state media with original interviews with defectors Kim explores how the tensions between millennial North Korea and North Korean millennials leads to a more nuanced understanding of a fractured and fragmented society that has been frequently perceived as an unchanging monolithic entity
