*Francis Parkman: France and England in North America Vol. 2 (LOA #12)* Francis Parkman,1983-07-04 This is the second of two Library of America volumes the companion volume here presenting in compact form all seven parts of Francis Parkman s monumental narrative history of the struggle for control of the American continent Thirty years in the writing Parkman s history of the American forest is an accomplishment hardly less awesome than the explorations and adventures he so vividly describes The story reaches its climax with the fatal confrontation of two great commanders at Quebec s Plains of Abraham and a daring stratagem that would determine the future of a continent Count Frontenac and New France under Louis XIV 1677 details how France might have won her imperial struggle with England Frontenac a courtier who was made governor of New France by that most sagacious of monarchs oversaw the colony s brightest era of growth and influence Had Canada s later governors possessed his administrative skill and personal force his sense of diplomacy and political talent or his grasp

of the uses of power in a modern world the English colonies to the south might have become part of what Frontenac saw as a continental scheme of French dominion England's American colonies flourished while France in both the Old World and the New declined from its greatness of the late seventeenth century Conflict over the developing western regions of North America erupted in a series of colonial wars As narrated by Parkman in *A Half Century of Conflict* 1892 these American campaigns while only part of a larger global struggle prepared the colonies for the American Revolution In Montcalm and Wolfe 1884 Parkman describes the fatal confrontation of the two great French and English commanders whose climactic battle marked the end of French power in America As the English colonies cooperated for their own defense they began to realize their common interests their relative strength and their unique position In this imperial war of European powers we also begin to see the American figures Benjamin Franklin George Washington soon to occupy a historical stage of their own
