Natterstad,1986-01-01 *The Field Day Anthology of Irish Writing* Seamus Deane,Andrew Carpenter,Angela Bourke,Jonathan Williams,1991 **Women in Ireland, 1800-1918** Maria Luddy,1995 *Women in Ireland 1800 1918* presents a valuable and significant collection of over 100 sources and documents relating to the public and private aspects of women s lives in Ireland during the period 1800 1918 The documents reveal aspects of the women s working lives educational experiences involvement in politics and of their private lives such as contraception childbirth love marriage and religion Each section has a comprehensive introduction which discusses the contents of the documents As the first major survey of Irish women s lives during this period it will appeal to those who want a deeper understanding of how women of all classes lived their lives and it will prove indispensable to second and third level students those attending women s studies courses as well as a wide general readership interested in assessing the role of women in nineteenth and early twentieth century Irish history The Irish Revolution Patrick Mannion,Fearghal McGarry,2024-12-03 How the Irish Revolution was shaped by international actors and events The Irish War of Independence is often understood as the culmination of centuries of political unrest between Ireland and the English However the conflict also has a vitally important yet vastly understudied international dimension *The Irish Revolution A Global History* reassesses the conflict as an inherently transnational event examining how circumstances and individuals abroad shaped the course

Ireland's struggle for independence Bringing together leading international scholars of modern Ireland its diaspora and the British Empire this volume discusses the Irish revolution in a truly global sense The text situates the conflict in the wider context of the international flourishing of anti colonial movements following World War I Despite the differences between these movements their proponents communicated extensively with each other learning from and engaging with other revolutionaries in anti imperial metropolises such as Paris London and New York The contributors to this volume argue that Irish nationalists at home and abroad were intimately involved in this exchange from mobilizing Ireland's vast diaspora in support of Irish independence to engaging directly with radical causes elsewhere The Irish Revolution is a vital work for all those interested in Irish history providing a new understanding of Ireland's place in the evolving postwar world **Irish**

**Writers and the Thirties** Katrina Goldstone, 2020-12-29 This original study focusing on four Irish writers Leslie Daiken Charles Donnelly Ewart Milne and Michael Sayers retrieves a hitherto neglected episode of Thirties literary history which highlights the local and global aspects of Popular Front cultural movements From interwar London to the Spanish Civil War and the USSR the book examines the lives and work of Irish writers through their writings their witness texts and their political activism The relationships of these writers to George Orwell Samuel Beckett T S Eliot Nancy Cunard William Carlos Williams and other figures of cultural significance within the interwar period sheds new light on the internationalist aspects of a Leftist cultural history The book also explores how Irish literary women on the Left defied marginalization The impetus of the book is not merely to perform an act of literary salvage but to find new ways of re imagining what might be said to constitute Irish literature mid twentieth century and to illustrate how Irish writers played a role in a transforming political moment of the twentieth century It will be of interest to scholars and students of cultural history and literature Irish diaspora studies Jewish studies and the social and literary history of the Thirties [The Political Career of Hanna Sheehy Skeffington](#)

Ryan, Margaret Ward, 2018-02-01 This landmark book reissued with a new foreword to mark the centenary of Irish women being granted the right to vote is the first comprehensive analysis of the Irish suffrage movement from its mid nineteenth century beginnings to when feminist militancy exploded on the streets of Dublin and Belfast in the early twentieth century Younger more militant suffragists took their cue from their British counterparts two of whom travelled to Ireland to throw a hatchet into the carriage of Prime Minister Herbert Asquith on O Connell Bridge in 1912 missing him but grazing Home Rule

leader John Redmond who was in the same carriage both politicians opposed giving women the Vote Despite such dramatic publicity and other non violent campaigning women s suffrage was a minority interest in an Ireland more concerned with the issue of gaining independence from Britain The particular complexity of the Irish struggle is explored with new perspectives on unionist and nationalist suffragists and the conflict between Home Rule and suffragism campaigning for the vote in country towns life in industrial Belfast conflicting feminist views on the First World War and the suffragist uncovering of sexual abuse and domestic violence as well as the pioneering use of hunger strike as a political tool The ultimate granting of the franchise in 1918 represented the end of a long fought battle by Irish women for the right to equal citizenship and the beginning of a new Ireland that continues to debate the rights and equality of its female citizens

A Social History of Women in Ireland, 1870-1970 Rosemary Cullen Owens, 2005-10-25 A Social History of Women in Ireland is an important and overdue book that explores the role and status of women in Ireland from 1870 until 1970 looking at politics sociology marriage patterns religion education and work among other topics It provides a vital missing piece in the jigsaw of modern Irish history Using a combination of primary research and published works A Social History of Women in Ireland explores the role and status of women in Ireland It examines lifestyle options available to women during this period as well as providing an overview of the forces working for change within Irish society In bringing together a wide ranging portfolio of material A Social History of Women in Ireland 1870 1970 fills an important gap in the literature of the period by focusing on the experiences of Irish women a group so often overlooked in histories of revolutionary men and prominent politicians Crucial to a determination of the status of women throughout this period is an examination of the choices available regarding work marriage and emigration Rosemary Cullen Owens stresses at all times the importance of class and land ownership as key determinants for women s lives A decrease in home industries allied to increasing mechanisation on the farm resulted in a contraction of labour opportunities for rural women With the establishment of an independent farming class the distinguishing criteria for status in rural Ireland became ownership of land in which single minded patriarchal figures dominated In this context the position of women declined and a society evolved with a high pattern of late age marriages large numbers of unwed sons and daughters and an accepted pattern of emigration In the cities and towns the condition of lower working class women was especially distressing for most of the period with particular problems regarding housing health and sanitation Through the work of campaigning activists equal educational and political rights were eventually attained From the early 1900s there was some expansion in female employment in shops offices and industry but domestic service remained a high source of employment For middle class women employment opportunities were limited and usually disappeared on marriage The civil service a major employer in an economy that was generally un dynamic and stagnant operated a bar on married women for much of the period Rosemary Cullen Owens not merely traces these injustices but also the campaigns fought to right them She locates these struggles in the wider social context in which they took place This

important book restores balance to the narrative of modern Irish history changing the focus from key male political figures to society at large by unveiling the often forgotten story of the country's women over a tumultuous century of change. In doing so, Rosemary Cullen Owens enriches our understanding of Irish history from 1870 to 1970.

**Doing Working-Class History** Oliver Betts, Laura Harrison, Laura Christine Price, 2024-11-04 Economic and political uncertainty has brought the language of class especially discussion of the working class to a broad audience across scholarship and social debate. Each offers an introduction to both classic historiography and new ideas and methodologies. With chapters covering a span of the years c. 1750 to present, the book focuses on three essential questions: What is working class history and what should it become? What can a focus on working class history reveal? What are the possibilities of this research in the university classroom, the heritage world, and beyond? **Doing Working Class History** will appeal to students and scholars of working class history, whether relative newcomers to the field or veteran researchers interested in new approaches and material. **Wild Irish Women** Marian Broderick, 2012-11-15 From patriots to pirates, warriors to writers and mistresses to male impersonators, this book looks at the unorthodox lives of inspiring Irish women. In times when women were expected to marry and have children, they travelled the world and sought out adventures; in times when women were expected to be seen and not heard, they spoke out in loud voices against oppression; in times when women were expected to have no interest in politics, literature, art, or the world outside the home, they used every creative means available to give expression to their thoughts, ideas, and beliefs. In a series of succinct and often amusing biographies, Marian Broderick tells the life stories of these exceptional Irish women.

Between 1912 and 1922, Ireland experienced sweeping social and political change, including the Easter Rising, World War I, the Irish Civil War, the fight for Irish women's suffrage, the founding of the Abbey Theatre, and the passage of the Home Rule Bill. In preparation for the centennial of this epic decade, the Irish government formed a group of experts to oversee the ways in which the country would remember this

Brady,2021 This book is an original account of coterie culture in twentieth century Ireland and the networks and connections which fostered women's writing It paints a vivid portrait of the inspirational women involved in the Women Writers Club showcasing their influence and achievements in literature and their political campaigning for intellectual and creative freedom *The Shaping of Modern Ireland* Eugenio Biagini,Daniel Mulhall,2016-02-01 Originally published in 1960 and edited by Conor Cruise O'Brien The Shaping of Modern Ireland was a seminal work surveying the lives of prominent early twentieth century figures who influenced Irish affairs in the years between the death of Charles Stewart Parnell in 1891 and the Easter Rising of 1916 The chapters were written by leading historians and commentators from the Ireland of the 1950s some of whom personally knew the subjects of their essays This volume draws its inspiration from that seminal work Written by some of today's leading figures from the world of Irish history politics journalism and the arts it revisits a crucial phase in the country's history one that culminated in the Easter Rising and the Revolution when everything changed utterly With chapters on men and women of the stature of Carson Connolly and Markievicz but also industrialists such as Guinness who contributed to shaping modern Ireland in the social and economic sphere this book offers an important contribution to the renewal of the debate on the country's history
