Sir John Leach and ... Sir Anthony Hart (Sir L. Shadwell ... and ... Sir R. T. Kindersley), Vice-Chancellors of England. By Nicholas Simons. 1826(-52). [Continued by C. S. Drewry.]* England. Court of Chancery,1844 Reports of Cases Decided in the High Court of Chancery Great Britain. Court of Chancery,1844 **Dissent and the Bible in Britain, c.1650-1950** Scott Mandelbrote,Michael Ledger-Lomas,2013-10-31 The claim that the Bible was the Christian s only rule of faith and practice has been fundamental to Protestant dissent Dissenters first braved persecution and then justified their adversarial status in British society with the claim that they alone remained true to the biblical model of Christ s Church They produced much of the literature that guided millions of people in their everyday reading of Scripture while the voluntary societies that distributed millions of Bibles to the British and across the world were heavily indebted to Dissent Yet no single book has explored either what the Bible did for dissenters or what dissenters did to establish the hegemony of the Bible in British culture The protracted conflicts over biblical interpretation that resulted from the bewildering proliferation of dissenting denominations have made it difficult to grasp their contribution as a whole This volume evokes the great variety in the dissenting study and use of the Bible while insisting on the factors that gave it importance and underlying unity Its ten essays range across the period from the later seventeenth to the mid twentieth

century and make reference to all the major dissenting denominations of the United Kingdom The essays are woven together by a thematic introduction which places the Bible at the centre of dissenting ecclesiology eschatology public worship and family religion while charting the political and theological divisions that made the cry of the Bible only so divisive for dissenters in practice *Scottish Women* Esther Breitenbach,2013-06-24 Drawing on a wide range of source materials from across Scotland this sourcebook provides new insights into women s attitudes to the society in which they lived and how they negotiated their identities within private and public life The Evangelical Age of Ingenuity in Industrial Britain Joseph Stubenrauch,2016 It demonstrates that developments in technology commerce and infrastructure in the late eighteenth and early nineteenth centuries were closely linked to theological shifts and changing modes of religious life as British evangelicals developed new methods of spreading the gospel and new forms of personal religious practice *Empire of Hell* Hilary M. Carey,2019-03-14 Challenges preconceptions of convict transportation from Britain and Ireland penal colonies and religion *Illiterate Inmates* Rosalind Crone,2022 Illiterate Inmates tells the story of the emergence at the turn of the nineteenth century of a powerful idea the provision of education in prisons for those accused and convicted of crime and its execution over the century that followed drawing on evidence from both local and convict prisons **Voluntary Action (Works of William H. Beveridge)** William H. Beveridge,2014-11-27 It is the author s contention that an abundance of voluntary action outside the citizen s home both individually and collectively for bettering his own and his fellows lives are the distinguishing marks of a truly free society This volume is a study of how such action can be kept alive in the face of the inevitable development of State action and suggests the new forms which co operation between the State and voluntary Organizations may take leaving a maximum of freedom and responsibility to the individual Voluntary Action is a text of unique value because Beveridge here develops his vision of how a large voluntary action sector could function as a type of buffer zone between the state and the market **Elizabeth Fry** Edward Ryder,1884 **Women, Crime and Criminal Justice** Rosemary Barberet,2014-04-16 Women Crime and Criminal Justice is the winner of the Division of International Criminology s Distinguished Book Award 2014 and the Academy of Criminal Justice Sciences International Section s 2015 Outstanding Book Award and the first fully internationalised book to focus on women as offenders victims and justice professionals It provides background as well as specialized information that allows readers to comprehend the global forces that shape women and crime analyze different types of violence against women in peacetime and in armed conflict and grasp the challenges faced by women in justice professions such as the police the judiciary and international peacekeeping Provocative highly topical engaging and written by an expert in the field this book examines the role of women in crime and criminal justice internationally Topics covered include the role of globalization and development in patterns of female offending and victimization how a human rights framework can help explain women s crime victimization and the criminal justice response global women s activism international perspectives on violence against women including femicide violence
