## **Elizabeth II:**

**Queen Elizabeth II** John Malam, 2006 This brand new revised edition of Queen Elizabeth II with a sumptuous gold embossed paperback cover tells the story of the reigning queen of the 21st Century celebrating her life and achievements since her accession to the throne 50 years ago With simple language and a superb array of photographs the launch of the revised edition coincides with the Queen's 80th birthday *The Queen* Catherine Ryan, 2018-01-16 Her Royal Highness Queen Elizabeth II has reigned for 64 years longer than any British monarch in history During that time the Queen has endured the ups and downs that long life will bring She was a beacon of hope during and after the Second World War in difficult times when the world faced a precarious future and she has served as a role model for generations of men and women who continue to be in awe of her commitment to service sacrifice and the Commonwealth of nations over which she rules The abdication of her uncle Edward VIII in 1936 turned her family's world upside down When her father was crowned King George VI Elizabeth was thrust into the eye of the storm as a future queen A shy and reserved child she grew into a wise and insightful monarch who has dealt ably with nine British Prime Ministers during her long reign from Winston Churchill to Theresa May It was of course not always straightforward and the Queen has found herself in hot water several times most notably during the marriage of Prince Charles and Diana Princess of Wales When Diana was tragically killed in a car crash the standing of the Royal Family was probably at its lowest ebb It is unlikely that we will ever see a monarch reign so long or so effectively again holding together a disparate group of nations each with its own aspirations customs and traditions Catherine Ryan has written an intriguing biography of one of the most famous women of modern times who at 91 years old still seems fit and healthy and looks very unlikely to hand over the reins to her successors any time soon **The Queen** Elizabeth Longford, 1983 A biography of Queen Elizabeth II prepared with the cooperation of Princess Margaret and the Queen Mother and with full access to the Royal Archives *Queen Elizabeth II* Sarah Bradford, 2011-12-06 From Sarah Bradford the best selling author of George VI Elizabeth and Diana the definitive biography of Queen Elizabeth II now celebrating the Platinum Jubilee her 70th year on the throne Elizabeth II has lived through the Abdication the Blitz and World War Two the sex and spy scandals of the swinging sixties the Cold War and the nuclear threat and the Fall of the Berlin Wall She has known 14 US Presidents including JFK Ronald Reagan and Donald Trump and other world leaders like President Mandela and Pope John XXII Her Prime Ministers have ranged from Winston Churchill and Margaret Thatcher to Boris Johnson Her own family experiences a mixture of happiness and crisis weddings and divorces and in the case of Diana violent death have been lived in the glare of tabloid headlines More than 2 billion people watched the wedding of her grandson Prince William to Catherine Middleton in 2010 shortly before she made the first State Visit to Ireland by a British monarch for 100 years Our world has changed more in her lifetime than in any of her predecessors the Queen has remained a calm presence at the centre earning the respect of monarchists and republicans How has she done it Bradford has a real grasp of

Lyons her mother's family who featured significantly in her life yet rarely appear in books. The author sheds new light on anomalies surrounding the birth of her mother who it has been asserted was the daughter of the family's cook. The strain of wartime on the royal family is highlighted in new material contrasting the stance of the Princess's uncles the Duke of Windsor and David Bowes Lyon. In contrast with her upbringing Philip's early life was turbulent although their lives shared some interesting parallels. Lady Butter, a relation of Philip and friend of the Princess, recalls time spent with each of them and unpublished documents show how intelligence agencies considered the socialist influence of the Mountbattens on Philip and thus on the royal court. More importantly Princess traces how an ordinary country girl suddenly found herself in the line of succession to the crown at age ten when her Uncle the Duke of Windsor abdicated the throne to his brother Albert Bertie to family and friends the once and future King George VI. Breaking new ground for a future English monarch she became the first female member of the royal family to serve on active duty during World War II and broke tradition by sending her children away to school rather than having them privately tutored. Indeed by the time of her coronation in 1953 she had already achieved a broad and solid background from which she could draw during the rapidly changing times of her long reign. Out of a little princess they made a Queen.
