# Elizabethan Stuart Plays

**John Ford**

## **Elizabethan Stuart Plays:**

**The New Cambridge Bibliography of English Literature** George Watson, Ian Roy Willison, 1974      **The Cambridge Bibliography of English Literature** Frederick Wilse Bateson, 1940      **Elizabethan and Early Stuart Drama** John E. Cunningham, 1965      *The Selected Plays of John Ford* John Ford, 1986-08-29 This selection contains the three finest plays of the Stuart dramatist John Ford. *The Broken Heart* is a classical tragedy of suffering. *Tis Pity She's a Whore* Ford's best known play and one still frequently performed is a tragic story of limitless ambition and social rivalry expressed in sexual terms. *Perkin Warbeck* is the last great successor to the history plays of Shakespeare. Together they exemplify the unique tone of Ford's drama in which passion and gravity are united by a playwright with a poetic sense of theatre. This is the only one volume selection of Ford's plays now available. The texts are modernised and equipped with notes explaining unfamiliar language and historical references. A general introduction gives a brief biography and bibliography. Individual introductions deal with the sources and stage history of each play. Longer notes at the back of the book discuss points of staging and interpretation and there is a full textual apparatus which makes this edition useful for the scholar as well as the student.

**The Routledge Anthology of Renaissance Drama** Simon Barker, Hilary Hinds, 2003 Each play is prefaced by an introductory headnote discussing the thematic focus of the play and its textual history and is cross referenced to other plays of the period that relate thematically and generically. **BOOK JACKET**      **Theatrical Convention and Audience Response in Early Modern Drama** Jeremy Lopez, 2002-12-05 This book gives a detailed and comprehensive survey of the diverse theatrically vital formal conventions of the drama of Shakespeare and his contemporaries. Besides providing readings of plays such as *Hamlet*, *Othello*, *Merchant of Venice* and *Titus Andronicus* it also places Shakespeare emphatically within his own theatrical context and focuses on the relationship between the demanding repertory system of the time and the conventions and content of the plays. Lopez argues that the limitations of the relatively bare stage and non naturalistic mode of early modern theatre would have made the potential for failure very great and he proposes that understanding this potential for failure is crucial for understanding the way in which the drama succeeded on stage. The book offers perspectives on familiar conventions such as the pun, the aside and the expository speech and it works toward a definition of early modern theatrical genres based on the relationship between these well known conventions and the incoherent experience of early modern theatrical narratives.      **annual bibliography of english language and literature** ,      REAL. Vol. 5 Herbert Grabes, H. J. Diller, Hans Bungert, 2020-05-18 No detailed description available for REAL YEARBOOK VOL 5 REAL E BOOK      **Jacobean Drama** Pascale Aebischer, 2010-07-30 The plays of Shakespeare's contemporaries are increasingly popular thanks to a spate of recent stage and screen productions and to courses that set Shakespeare's plays in context. This Reader's Guide introduces students to the criticism and debates that are specific to the drama of playwrights such as Jonson, Middleton, Dekker and Webster. Pascale Aebischer explores recent critical developments in key areas including how the plays were staged and

printed Innovative editions of plays How the plays represent and contest the dominant ideologies of the Jacobean period  
Dramatic genres The representation of the human body and of social gender and race relations Modern productions on stage and screen Featuring suggestions for further research and reading and a filmography of commercially available film versions of non Shakespearean drama this is an invaluable resource for anyone with an interest in the diverse plays of the Jacobean age  
The Shoemaker's Holiday Thomas Dekker,1999-09-11 Thomas Dekker s The Shoemaker s Holiday is one of the most popular of Elizabethan plays entertaining racy and vivid in its characterization Revealing a vital portrait of Elizabethan London and the interaction of social classes within the city its social commentary is on the whole optimistic though darker tones are discernible The play has had a lively history of performance on both the professional and amateur stage

**Reading the Roman Republic in Early Modern England** Freyja Cox Jensen,2012-08-03 Placing the reading of history in its cultural and educational context and examining the processes by which ideas about ancient Rome circulated this study provides the first assessment of the significance of Roman history broadly conceived in early modern England The existing scholarship preoccupied with republicanism in the decades before the Civil Wars and focusing on the major drama of the period has distorted our understanding of what ancient history really meant to early modern readers This study articulates the connections between the history of education reading and writing and challenges the schools of historical thought which associate a particular classical source with one set of readings here for the first time is an in depth analysis of the role of Roman history in creating an English latinate culture which encompassed far wider debates and ideas than the purely political  
**Ottomiller's Index to Plays in Collections** John Henry Ottomiller,Denise L. Montgomery,2011-08-11 The

standard location tool for full length plays published in collections and anthologies in England and the United States since the beginning of the 20th century Ottomiller s Index to Plays in Collections has undergone seven previous editions the latest in 1988 covering 1900 through 1985 In this new edition Denise Montgomery has expanded the volume to include collections published in the entire English speaking world through 2000 and beyond This new volume lists more than 3 500 new plays and 2 000 new authors as well as birth and or death information for hundreds of authors Representing the largest expansion between editions this updated volume is a valuable resource for libraries worldwide  
**Thomas Middleton and Early**

**Modern Textual Culture** Gary Taylor,John Lavagnino,MacDonald P. Jackson,Valerie Wayne,John Jowett,2007-11-22 A comprehensive companion to The Collected Works of Thomas Middleton providing detailed introductions to and full editorial apparatus for the works themselves as well as a wealth of information about Middleton s historical and literary context

**Annual Bibliography of English Language and Literature , Games and Gaming in Early Modern Drama** Caroline Baird,2020-10-24 This book is a close taxonomic study of the pivotal role of games in early modern drama The presence of the game motif has often been noticed but this study the most comprehensive of its kind shows how games operate in more complex ways than simple metaphor and can be syntheses of emblem and dramatic device Drawing on

seventeenth century treatises including Francis Willughby's *Book of Games* which only became available in print in 2003 and divided into chapters on Dice Cards Tables Backgammon and Chess the book brings back into focus the symbolism and divinatory origins of games The work of more than ten dramatists is analysed from the Shakespeare and Middleton canon to rarer plays such as *The Spanish Curate* *The Two Angry Women of Abington* and *The Citty Gallant* Games and theatre share common ground in terms of performance deceit plotting risk and chance and the early modern playhouse provided apt conditions for vicarious play From the romantic chase to the financial gamble and in legal contest and war the twenty first century is still engaging the game With its extensive appendices the book will appeal to readers interested in period games and those teaching or studying early modern drama including theatre producers and awareness of the vocabulary of period games will allow further references to be understood in non dramatic texts

*The Cambridge History of English Literature: The drama to 1642* Sir Adolphus William Ward, Alfred Rayney Waller, 1910 **The Framing Text in Early Modern English**

**Drama** Brian W. Schneider, 2016-03-03 Though individual prologues and epilogues have been treated in depth very little scholarship has been published on early modern framing texts as a whole *The Framing Text in Early Modern English Drama* fills a gap in the literature by examining the origins of these texts and investigating their growing importance and influence in the theatre of the period This topic led discussion of prologues and epilogues deals with the origins of these texts the difficulty of definition and the way in which many prologues and epilogues appear to interact on such subjects as the composition of the theatre audience and the perceived place of women in such an audience Author Brian Schneider also examines the reasons for and the evidence leading to the apparently sudden burgeoning of these texts after the Restoration when prologues and epilogues grace nearly all the dramas of the time and become a virtual cottage industry of their own The second section a comprehensive list of prologues and epilogues details play titles playwrights theatres and theatre companies first performance and the earliest edition in which the framing text appears It quotes the first line of the prologue and or epilogue and uses the printer's signature to denote the page on which the texts can be found Further information is provided in notes appended to the relevant entry A final section deals with free floating and free standing framing texts that appear in verse collections manuscripts and other publications and to which no play can be positively ascribed Combining original analysis with carefully compiled comprehensive reference data *The Framing Text in Early Modern English Drama* provides a genuinely new angle on the drama of early modern England

**The Cambridge History of English Literature: The drama to 1642, pt. 1-2** Sir Adolphus William Ward, 1910 **Elizabethan and Stuart Plays** Charles Read Baskerville, Virgil Barney Heltzel, Arthur Hobart Nethercot, 1963 *Christopher Marlowe Poet and Playwright* Virginia M. Meehan, 2019-03-18

No detailed description available for *Christopher Marlowe Poet and Playwright*
