Elizabethan and Jacobean Architecture Daniel Clay Ulmer,1989

A Dialectical Journey through Fashion and Philosophy Eun Jung Kang,2020-01-01 This book takes an in depth look at the integration of fashion and philosophy It challenges the deeply rooted prejudice or misconception that fashion is a field limited to body oriented and appearance related themes and practices It also reveals that fashion is intermeshed with distinctively modern issues that belong to the realm of the mind as well as the body In doing so it refashions philosophy and philosophizes fashion which ultimately amount to the same thing The book argues that while the philosophization of fashion can give a clearer understanding of some esoteric areas of philosophy and fashion s close connection to modern societies and politics it also shows that philosophy can assist in redeeming fashion from the objective bodily world positioning it as an indispensable part of the humanities This is because fashion manifests critical aspects of human culture in our time and is an expression of the zeitgeist which is interwoven with the unfolding of history This book will be highly relevant to students and researchers in fashion studies who are looking for the theoretical underpinnings and insights for their own work It will also be of keen interest to scholars in the field of philosophy who are seeking to apply philosophical concepts to both everyday life and our empirical world

The Imaginary Puritan Nancy Armstrong,Leonard Tennenhouse,2023-11-10 Nancy Armstrong and Leonard Tennenhouse challenge traditional accounts of the origins of modern Anglo American culture by focusing on the emergence of print culture in England and the North American colonies They postulate a modern middle class that consisted of authors and intellectuals who literally wrote a new culture into being Milton s Paradise Lost marks the emergence of this new literacy The authors show how Milton helped transform English culture into one of self enclosed families made up of self enclosed individuals However the authors point out that the popularity of Paradise Lost was matched by that of the Indian captivity narratives that flowed into England from the American colonies Mary Rowlandson s account of her forcible separation from the culture of her origins stresses the ordinary person s ability to regain those lost origins provided she remains truly English In a colonial version of the Miltonic paradigm Rowlandson sought to return to a family of individuals much like the one in Milton s depiction of the fallen world Thus the origin both of modern English culture and of the English novel are located in North America American captivity narratives formulated the ideal of personal life that would be reproduced in the communities depicted by Defoe Richardson and later domestic fiction This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1992
