[DNA of the Gods](#) Chris H. Hardy, 2014-03-21 An in depth study of humanity's Anunnaki origins and the Anunnaki battle for an intelligent versus enslaved humanity Explains the genetic engineering of humanity by an Anunnaki scientist Ninmah Shows how the concepts of sin and the inferiority of women arose from Enlil's will to keep humanity underdeveloped clashing with Enki's and Ninmah's plan to make us equal in intelligence

Reveals how humanity's long history of conflict was shaped by the battle between Enki and his brother Enlil. Further developing the revolutionary work of Zecharia Sitchin, Chris Hardy shows that the gods of ancient myth visitors from the planet Nibiru created us using their own divine DNA first through DNA extraction from their own ribs marrow and later by direct relations with early human females. Drawing upon multiple sacred texts, Hardy details the genetic engineering of humanity by Anunnaki scientist Ninmah with the help of Enki and Hermes. She reveals how Ninmah's first female human creation Tiamat Eve contained more alien DNA than the earlier male one Adamu and how the biblical Noah represents the perfection of her work. Examining the war between Anunnaki brothers Enki and Enlil, Hardy reveals how the concepts of sin and the inferiority of women were born out of Enlil's attempts to enslave and then wipe out humanity repeatedly thwarted by Enki and Ninmah. The author further explains how the sacred sexuality taught to humans still seen in Tantric practice became suppressed millennia later by the patriarchal concept of original sin and how innocent Eve took the blame for the expulsion from Eden and fall from Grace. Showing that the god who created us was not the same god who expelled us from Eden, Hardy explains that there will be no apocalypse because the Good Evil duality has never truly existed; it has been only enemy gods fighting and implicating humanity in the wake of their own competition for power. With a full psychological understanding of how the ancient gods have shaped humanity's ongoing history of conflict, we can move beyond the framework of my Good versus your Evil imposed by Enlil and begin to steer our own planetary destiny.

LOVE: The Heroic Stories of Marriage Equality Frankie Frankeny, 2025-04-15 Celebrating the history of the LGBTQ community's marriage equality movement from the 1950s until today, this triumphant journey is presented in compelling stories of the pioneering couples along with winning photographs. This beautiful moving tome honors the brave LGBTQ couples, activists, and allies who fought for and ultimately gained the right to marry. The chronological presentation of 100 inspiring stories of these dauntless partners up to the strategists of today recount how they were instrumental in bringing about this basic civil right. Beginning in the pre-1970s era when gay couples were nearly invisible, the story then shifts to the growing activism of the 1980s and 1990s, continues with the landmark Supreme Court ruling in 2015 which granted full marriage equality across the nation, and concludes with an exploration of current issues. These moving profiles along with archival images feature couples from major court cases such as Jim Obergefell and John Arthur along with well-known personalities whose narratives helped draw attention to marriage equality, including Cynthia Nixon and Christine Marinoni, George and Brad Takei, and Ellen DeGeneres and Portia de Rossi.
