ELLIES, volume 1: A Tuesday Mahlena-Rae Johnson, 2022-06-01 WHAT IS ELLIES ELLIES is a sci-fi dramedy for dynamic ladies who wish they lived in a peaceful matriarchal utopia run by Black women. It's like *Veep* meets *Planet of the Apes* with a splash of *Avatar*. This quirky series of novellas contains twists, turns, and political hijinks. Even if you have never been lost in space, ELLIES will entertain audiences throughout the Milky Way and beyond.

THE SYNOPSIS

Welcome to Elle. Senator Athena Napoli didn't stick to the plan. Her Tuesday had a clear schedule: Pass her Butter not guns bill, first thing in the morning. Nail debate prep with her campaign manager Ilonka Van Dijk before lunch. Nap at home until her husband and kids come home from school. Then crush her fellow Coalition Party candidates on stage, earn the sitting Prime Minister's endorsement, and win the party's primary, setting up Athena to take the election in November as Elle's next prime minister. Except a bunch of aliens had their own plans to invade Athena's country. Okay, technically, their original plan was to land on Styx, a moon of Pluto in a completely different galaxy. But sexegenarian Harrington Umar, the commander of the Knoxville mission, decided to go on a wild goose chase through a tesseract and landed at the airport in Athena's backyard. If only Harrington had listened to John Charles Carter, his mission specialist and second in command, then they wouldn't be in Elle. But here they are. And the Prime Minister has tasked Athena to find out what the invaders want and send them on their way. But how was Athena supposed to know that Customs and Immigration would dismantle their ship? So now these strangers are stuck in a strange land. Athena's stuck babysitting two grown men who act like stray puppies, and who is that knocking at her front door?

THE VISION ELLIES is a series about what happens when Black women run everything. Why Black women specifically? Black women remain the most educated demographic in the United States, yet Black women only earn 68% of what non-Hispanic white men do. As a group on Earth, we are currently overeducated, underemployed, overlooked, and undervalued. But in the country of Elle, in the year 2222, there are no shackles, there are no strings. Elle is designed for us and by us, a radical feminist democratic socialist environment where Black women live our best lives. And so does everyone else. One hundred years prior to the start of the series, a group of Black women from Earth's African diaspora founded Elle. It was a secret mission. The nine were fed up with their place in the world, the misogyny, the degradation, the genocide. These resilient souls reached out across the universe, a neighbor heard their siren song, and the women packed up and left for a new world. Vores Hjem. Once they determined their refuge was safe, the women called back to Earth for their sisters, families, friends. An exodus of a hundred thousand kept hush, hush. ELLIES exemplifies what is possible for Black women if we have the freedom.
