**L. Derfler**

## **Elusive Peace The Middle East 1999 2005:**

**National Minority, Regional Majority** Yitzhak Reiter, 2009-09-16 The struggle between Israelis and Palestinians has proven to be one of the most complex and intractable conflicts of our time persisting for more than a century despite the efforts of leaders worldwide In *National Minority Regional Majority* Yitzhak Reiter reexamines the relationship between the Jewish majority and the Palestinian Arab minority in Israel focusing on the unique dynamic at work there between a religiously and ethnically defined majority and a significant national minority With assurance and erudition Reiter explores the complicated factors that influence the ethnonational conflict Drawing extensively on the theory of interlocking conflicts the author chronicles the pattern of alternating tranquility and rebellion in Jewish Arab relations Reiter's meticulous research and nuanced analysis yield a sophisticated interpretation of Israeli policy toward the Palestinians and offer a powerful approach toward conflict management

**Palestinian Refugees after 1948** Marte Heian-Engdal, 2020-02-20 After more than seventy years the Palestinian refugee problem remains unsolved But if a deal could have been reached involving the repatriation of Palestinian refugees it was in the early years of the Arab Israeli conflict So why didn't this happen This book is the first comprehensive study of the international community's earliest efforts to solve the Palestinian refugee problem Based on a wide range of international primary sources from Israeli US UK and UN archives the book investigates the major proposals between 1948 and 1968 and explains why these failed It shows that the main actors involved the Arab states Israel the US and the UN agreed on very little when it came to the Palestinian refugees and therefore never got seriously engaged in finding a solution This new analysis highlights how the international community gradually moved from viewing the Palestinian refugee problem as a political issue to looking at it as a humanitarian one It examines the impact of this development and the changes that took place in this formative period of the Arab Israeli conflict as well as the limited influence US policy makers had over Israel

**America's Challenges in the Greater Middle East S.** Akbarzadeh, 2011-07-04 Barack Obama has faced many challenges in reversing U S policy on the Middle East This book highlights points of resistance to Obama's efforts regarding U S foreign policy and what lessons may be learned from this experience for the remainder of his presidency and his potential second term in office

**The Struggle Over Democracy in the Middle East** Nathan J. Brown, Emad Shahin, 2013-07-03 Many residents of the Middle East and more recently Western powers have placed great hope in democratization in the region Bringing together a number of experts on the region to provide a broad ranging survey of individual countries this book examines the experiences of activists parties religious groups and governments the influences exerted on them and the difficulties involved in bringing democracy to the Middle East

*The Iron Wall: Israel and the Arab World (Updated and Expanded)* Avi Shlaim, 2014-10-20 Fascinating Shlaim presents compelling evidence for a revaluation of traditional Israeli history New York Times Book Review For this newly expanded edition Avi Shlaim has added four chapters and an epilogue that address the prime ministerships from Barak to

Netanyahu in the one book everyone should read for a concise history of Israel's relations with Arabs Independent What was promulgated as an iron wall strategy building a position of unassailable strength was meant to yield to a further stage where Israel would be strong enough to negotiate a satisfactory peace with its neighbors The goal still remains elusive if not even further away This penetrating study brilliantly illuminates past progress and future prospects for peace in the Middle East

*Twenty Cars that Defined the 20th Century* James Morrison,2024-02-02 On the 29 June 1914 Archduke Franz Ferdinand was assassinated in Sarajevo triggering events leading to the outbreak of the First World War Less well known is that the car he was in was a borrowed Graf Stift Double Phaeton that the route was published in advance and the decision to lower the hood was only taken at the last minute As with the other events in this book the car played a central role yet its history is largely unknown These cars not only had their own stories in terms of design ownership and the role they played but they are also a way of telling the story of the events themselves they are literally a vehicle for history In this book James Morrison takes 20 cars involved in twenty key 20th century world events and examines their involvement and history to provide a new angle and fascinating insights

*Yitzhak Rabin* L. Derfler,2014-01-16 A political and analytical biography this book examines Yitzhak Rabin's longtime leadership of the military and his political direction of the Jewish state as well as his efforts to secure a peace with Egypt and with the Palestinians

*The Iron Wall* Avi Shlaim,2015-07-30 Avi Shlaim's *The Iron Wall* Israel and the Arab World is the outstanding book on Israeli foreign policy now thoroughly updated with a new preface and chapters on Israel's most recent leaders In the 1920s hard line Zionists developed the doctrine of the Iron Wall negotiations with the Arabs must always be from a position of military strength and only when sufficiently strong Israel would be able to make peace with her Arab neighbours This doctrine argues Avi Shlaim became central to Israeli policy dissenters were marginalized and many opportunities to reconcile with Palestinian Arabs were lost Drawing on a great deal of new material and interviews with many key participants Shlaim places Israel's political and military actions under an uncompromising lens His analysis will bring scant comfort to partisans on both sides but it will be required reading for anyone interested in this fascinating and troubled region of the world The Iron Wall is strikingly fair minded scholarly cogently reasoned and makes enthralling reading Philip Ziegler Daily Telegraph Anyone wanting to understand the modern Middle East should start by reading this elegantly written and scrupulously researched book Trevor Royle Sunday Herald A milestone in modern scholarship of the Middle East Edward Said Fascinating Shlaim presents compelling evidence for a revaluation of traditional Israeli history Ethan Bronner The New York Times Book Review Avi Shlaim is Professor of International Relations at St Antony's College Oxford His previous books include *Collusion Across the Jordan* 1988 and *War and Peace in the Middle East* 1995

**The Discourse of Palestinian-Israeli Relations** Sean F. McMahon,2010-04-15

Many observers have portrayed the Oslo Process as a milestone in the peacemaking process between Palestinians and Israelis In this controversial and groundbreaking new work McMahon challenges the interpretation of the Oslo Process as a

breakthrough or new beginning in Palestinian Israeli relations He argues that the Oslo Process affected no discursive or non discursive change and that the Oslo Process in fact institutionalized the analytics practices involved in Israeli and Palestinian relations It should McMahon concludes be no surprise that the process ended with direct Palestinian Israeli violence This book will be crucial reading for scholars of Israeli and Palestinian relations as well as anyone who is interested in understanding what discursive change must occur for peace between Israel and Palestinians to be established and sustained

**The Failure of the Middle East Peace Process?** Guy Ben-Porat,2008-04-10 This volume examines the gap between agreements and actual peace It offers different explanations for the successes and failures of the three processes in South Africa Northern Ireland and Israel Palestine and provides historical and comparative perspectives on the failure of the Middle East peace process

**The End of the Middle East Peace Process** Samer Bakkour,2022-06-23 Presenting the Middle East peace process as an extension of US foreign policy this book argues that ongoing interventions justified in the name of peace sustain and reproduce hegemonic power With an interdisciplinary approach this book questions the conceptualisation and general understanding of the peace process The author reinterprets regional conflict as an opportunity for the US through which it seeks to achieve regional dominance and control Engaging with the different stages and components of the peace process he considers economic military and political factors which both changed over time and remained constant This book covers the US role of mediation in the region during the Cold War the history and present state of US Israel relations Syria s reputation as an opponent of peace compared with its participation in peace negotiations and the Palestinian Israel conflict with attention to US involvement The End of the Middle East Peace Process will primarily be of interest to those hoping to gain an improved understanding of key issues concepts and themes relating to the Arab Israeli conflict and US intervention in the Middle East It will also be of value to those with an interest in the practicalities of peacebuilding

Political Continuity and Conflict in East Timor Ruth Nuttall,2021-06-14 This book examines the history of political continuity and conflict in East Timor between 1974 and 2006 and the origins of an unexpected crisis in 2006 which caused an international military intervention and several more years of UN missions Providing a fresh and empirical political history to explain the crisis the book offers new dimensions to the understanding of East Timor its independence struggles political transition and politics after independence in 2002 The author revisits historical materials and brings to light new resources making extensive use of the 2005 Report of the Commission for Reception Truth and Reconciliation and contemporary diplomatic UN and news media reports to provide a precise context and chronology for the events in 2006 The book provides an analysis within which factors such as ethnic and inter communal violence security sector weaknesses and conflict between the army and police the constitution and legal system state building and peace building can be located in the larger context of the 2006 crisis Demonstrating how and why in the space of four weeks in April and May 2006 the newly independent country of Timor Leste plunged from UN success story into catastrophe this book will be of interest to

academics working on Southeast Asian Politics Southeast Asian history Development Studies and Nation State and Peace Building and International Relations      **Israel and the Palestinian Refugee Issue** Jacob Tov, 2014-03-05 Examining the development of Israel's policy toward the Palestinian refugee issue this book spans the period following the first Arab Israeli War until the mid 1950s when the basic principles of Israel's policy were finalized Israel and the Palestinian Refugee Issue outlines and analyzes the various aspects that together created the mosaic of the refugee problem with which Israel has since had to contend These aspects include issues of repatriation resettlement compensation blocked bank accounts internal refugees and family reunification Drawing on extensive archival research this book uses documents from Israeli government meetings from the Foreign Affairs and Defense Committee and files from the office of the Prime Minister's advisor on Arab affairs to address the many diverse aspects of this topic and will be essential reading for academics and researchers with an interest in Israel the Middle East and political science more broadly      **Encyclopedia of the Palestinians** Philip Mattar, 2005 Presents the history of modern Palestine and biographies of important Palestinians      **The ^ATriumph of Israel's Radical Right** Ami Pedahzur, 2012-10-15 Two decades ago the idea that a radical right could capture and drive Israeli politics seemed highly improbable While it was a boisterous faction and received heavy media coverage it constituted a fringe element Yet by 2009 Israel's radical right had not only entrenched itself in mainstream Israeli politics it was dictating policy in a wide range of areas The government has essentially caved to the settlers on the West Bank and restrictions on non Jews in Israel have increased in the past few years Members of the radical right have assumed prominent positions in Israel's elite security forces The possibility of a two state solution seems more remote than ever and the emergence of ethnonationalist politician Avigdor Lieberman suggests that its power is increasing Quite simply if we want to understand the seemingly intractable situation in Israel today we need a comprehensive account of the radical right In The Triumph of Israel's Radical Right acclaimed scholar Ami Pedahzur provides an invaluable and authoritative analysis of its ascendance to the heights of Israeli politics After analyzing what exactly they believe in he explains how mainstream Israeli policies like the right of return have served as unexpected foundations for their nativism and authoritarian tendencies He then traces the right's steady rise from the first intifada to the Greater Israel movement that is so prominent today Throughout he focuses on the radical right's institutional networks and how the movement has been able to expand its constituency His closing chapter is grim yet realistic he contends that a two state solution is no longer viable and that the vision of the radical rabbi Meir Kahane who was a fringe figure while alive has triumphed      International Security and Conflict Bruce Russett, 2017-03-02 This important collection of classic articles and papers presents a variety of perspectives on key topics in international security and conflict These include how the structure of the international system constrains nations choices how domestic politics may affect decisions on war and peace how individual and small group behaviour can affect foreign policy and how international organizations can affect the security of states and peoples Some of the selections

are classics but most represent recent research and analysis They draw on international scholars working from different kinds of theories realist liberal institutionalist and constructivist and research methods to ask why nation states may fight violently or stay at peace

**Cursed Victory** Ahron Bregman, 2015-05-15 In a move that would forever alter the map of the Middle East Israel captured the West Bank Golan Heights Gaza Strip and Sinai Peninsula in 1967's brief but pivotal Six Day War Cursed Victory is the first complete history of the war's troubled aftermath a military occupation of the Palestinian territories that is now well into its fifth decade Drawing on unprecedented access to high level sources top secret memos and never before published letters the book provides a gripping chronicle of how what Israel promised would be an enlightened occupation quickly turned sour and the anguished diplomatic attempts to bring it to an end Bregman sheds fresh light on critical moments in the peace process taking readers behind the scenes as decisions were made and as crucial opportunities to resolve the conflict were missed Moving from Jerusalem to New York Oslo to Beirut and from the late 1960s to the present day Cursed Victory provides vivid portraits of the key players including Moshe Dayan King Hussein of Jordan Bill Clinton and Yasser Arafat As Bregman concludes the occupation has become a dark stain on Israel's history Cursed Victory is essential reading for anyone who wants to understand the origins of the ongoing conflict in the region

**Proscribing peace** Sophie Haspeslagh, 2021-09-07 Proscribing peace offers a systematic examination of the impact of proscription on peace negotiations With rare access to actors during the Colombian negotiations with the Revolutionary Armed Forces of Colombia People's Army FARC Sophie Haspeslagh shows how proscription makes negotiations harder and more prolonged By introducing the concept of linguistic ceasefire Haspeslagh adds to our understanding of the timing and sequencing of peace processes in the context of proscription Linguistic ceasefire has three main components first recognise the conflict second discard the terrorist label and third uncouple the act and the actor These measures remove the symbolic impact of proscription even where de listing is not possible ahead of negotiations With relevance for more than half of the conflicts around the world in which an armed group is listed as a terrorist organisation linguistic ceasefire helps to explain why certain conflicts remain stuck in the terrorist framing while others emerge from it International proscription regimes criminalise both the actor and the act of terrorism Proscribing peace calls for an end to the amalgamation between acts and actors By focussing on the acts instead Haspeslagh argues international policy would be better able to consider the violent actions both of armed groups and those of the state By separating the act and the actor change and thus peace become possible This book is relevant to United Nations Sustainable Development Goal 16 Peace justice and strong institutions

**Of Empires and Citizens** Amaney A. Jamal, 2012-09-09 In the post Cold War era why has democratization been slow to arrive in the Arab world This book argues that to understand support for the authoritarian status quo in parts of this region and the willingness of its citizens to compromise on core democratic principles one must factor in how a strong U S presence and popular anti Americanism weakens democratic voices Examining such countries as Jordan Kuwait Morocco Palestine and

Saudi Arabia Amaney Jamal explores how Arab citizens decide whether to back existing regimes regime transitions and democratization projects and how the global position of Arab states shapes people s attitudes toward their governments While the Cold War s end reduced superpower hegemony in much of the developing world the Arab region witnessed an increased security and economic dependence on the United States As a result the preferences of the United States matter greatly to middle class Arab citizens not just the elite and citizens will restrain their pursuit of democratization rationalizing their backing for the status quo because of U S geostrategic priorities Demonstrating how the preferences of an international patron serve as a constraint or an opportunity to push for democracy Jamal questions bottom up approaches to democratization which assume that states are autonomous units in the world order Jamal contends that even now with the overthrow of some autocratic Arab regimes the future course of Arab democratization will be influenced by the perception of American reactions Concurrently the United States must address the troubling sources of the region s rising anti Americanism

*Clinton's Foreign Policy* John Dumbrell, 2009-04-02 This volume is a detailed account of President Clinton s foreign policy during 1992 2000 covering the main substantive issues of his administration including Iraq Bosnia and Kosovo The book emphasizes Clinton s adaptation of the elder Bush s New World Order outlook and his relationship to the younger Bush s Americanistic foreign policy In doing so it discusses in detail such key policy areas as foreign economic policy humanitarian interventionism policy towards Russia and China and towards European and other allies defence priorities international terrorism and peacemaking Overall the author judges that Clinton managed to develop an American foreign policy approach that was appropriate for the domestic and international conditions of the post Cold War era This book will be of great interest to students of Clinton s administration US foreign policy international security and IR in general John Dumbrell is Professor of Government at Durham University He specialises in the study of US foreign policy

## Decoding **Elusive Peace The Middle East 1999 2005**: Revealing the Captivating Potential of Verbal Expression

In a time characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its power to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Elusive Peace The Middle East 1999 2005**," a mesmerizing literary creation penned by a celebrated wordsmith, readers set about an enlightening odyssey, unraveling the intricate significance of language and its enduring impact on our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
