Root Cause To Why Our "Children" Cannot Read Don Jasmin,2008-07 This is my story but 90%of Viet Nam Veterans will be able to identify with the same troubles humiliation regrets that I had to live with No body told me that the life I was about to live would only be the being of what the war did to our minds body and soul Viet Nam took its toll on those who fought and came home The realization that something was very wrong came years later Men turned to drugs and alcohol to numb the pain of reliving the memories that like a movie ran endlessly day in and day out Night time brought out the demons lodged in our subconscious Wives and children would suffer marriages would break up men lost all respect from the communities where they made and called home Everybody became a threat an enemy to the Veteran Trying to sleep knowing that any noise would demand constant vigilance Post Traumatic Stress Disorder or PTSD was not even heard about after 30 plus years of suffering and humiliation disgraced dysfunctional families were created and nobody would pinpoint the cause of why Veterans were rapidly becoming victims We were never accepted by our country for doing a job that was called by our own government We have paid a heavy price trying to bring freedom to a country that cared less In my book I tried to bring some answers to the families of Veterans who were shut out and suffered at the hands of those who wanted to reach out but who would not yet begin to trust the people around them Maybe from a Veteran who has gone through the same troubles at home and work and the fear of dying will bring some answers **Christmas Cocoa Murder** Carlene O'Connor,2022-09-27

Children's Books in Print, 2007 ,2006 **The Problem with God** Peter Steinberger,2013-07-02 Whether people

praise worship criticize or reject God they all presuppose at least a rough notion of what it means to talk about God Turning the certainty of this assumption on its head a respected educator and humanist shows that when we talk about God we are in fact talking about nothing at all there is literally no such idea and so all of the arguments we hear from atheists true believers and agnostics are and will always be empty and self defeating Peter J Steinberger s commonsense account is by no means disheartening or upsetting leaving readers without anything meaningful to hold on to To the contrary he demonstrates how impossible it is for the common world of ordinary experience to be all there is With patience clarity and good humor Steinberger helps readers think critically and constructively about various presuppositions and modes of being in the world By coming to grips with our own deep seated beliefs we can understand how traditional ways asserting denying or even just wondering about God s existence prevent us from seeing the truth which it turns out is far more interesting and encouraging than anyone would have thought
