Connolly, 2016-11-03 The perfect companion to Baz Luhrmann's forthcoming biopic *Elvis* a major motion picture starring Tom Hanks and Austin Butler What was it like to be Elvis Presley What did it feel like when impossible fame made him its prisoner As the world's first rock star there was no one to tell him what to expect no one with whom he could share the burden of being himself of being Elvis On the outside he was all charm sex appeal outrageously confident on stage and stunningly gifted in the recording studio To his fans he seemed to have it all He was Elvis With his voice and style influencing succeeding generations of musicians he should have been free to sing any song he liked to star in any film he was offered and to tour in any country he chose But he wasn't free The circumstances of his poor beginnings in the American South which as he blended gospel music with black rhythm and blues and white country songs helped him create rock and roll had left him with a lifelong vulnerability Made rich and famous beyond his wildest imaginings when he mortgaged his talent to the machinations of his manager Colonel Tom Parker there would be an inevitable price to pay Though he daydreamed of becoming a serious film actor instead he grew to despise his own movies and many of the songs he had to sing in them He could have rebelled But he didn't Why In the Seventies as the hits rolled in again and millions of fans saw him in a second career as he sang his way across America he talked of wanting to tour the world But he never did What was stopping him

Presidential campaign to the debate over his worthiness as a subject for a postage stamp and from Elvis's central role in furious debates about racism and the appropriation of African American music to the world of Elvis impersonators and the importance of Graceland as a place of pilgrimage for Elvis fans and followers Rodman shows how Elvis has become inseparable from many of the defining myths of US culture enmeshed with the American dream and the very idea of the United States caught up in debates about race gender and sexuality and in the wars over what constitutes a national culture

Who Wrote the Book of Love? Lee Siegel, 2010-04-15 Who Wrote the Book of Love is acclaimed novelist Lee Siegel's comedic chronicle of the sexual life of an American boy in Southern California in the 1950s Starting at the beginning of the decade in the year that Stalin announced that the Soviet Union had developed an atomic bomb the book opens with a child's first memory of himself Closing at the end of the decade when Pat Boone's guide to dating Twixt Twelve and Twenty topped the bestseller list the book culminates just moments before the boy experiences for the first time what he had learned from a book read to him by his mother was called coitus or sexual intercourse or sometimes less formally just making love Between the initial overwhelmingly erotic recollection and the final climactic moment all is sex beguiling and intractable naughty and sweet Who Wrote the Book of Love is about the subversive sexual imaginations of children And as such it is about the origins of love Vignettes from the author's childhood provide the material for the construction of what is at once comic fiction imaginative historical reportage and an ironically nostalgic confession The book evokes the tone and tempo of a decade during which America was blatantly happy wholesome and confident and yet at the same time deeply fearful of communism and nuclear holocaust Siegel recounts both the cheer and the paranoia of the period and the ways in which those sentiments informed wondering about sex and falling in love Part of my plan Mark Twain wrote in The Adventures of Tom Sawyer has been to try to pleasantly remind adults of what they once were themselves and of how they felt and thought and talked With the same motive Lee Siegel has written what Twain might have composed had he been Jewish raised in Beverly Hills in the 1950s and joyously obsessed with sex and love
