

# Elvis Costello

Elvis Costello is the most important songwriter to have emerged in the UK since the 1976 punk revolution. His work now transcends categories and his appeal is justifiably formidable.

This book contains a comprehensive listing of all Costello's UK and American singles and LP's including promotional items that are much sought after by collectors. There are also separate sections on bootleg albums, records by Costello's group The Attractions – both as a group and as individuals – and cover versions of Costello's material. Included also is a section on Costello's work as a record producer.

Discographer Geoff Parkyn prefaces his listings with a brief essay on Costello's recording career to date.

arising in that political context about Costello's life but which had resonance for many others at the time and still do. These topics include the politics of race, class, gender, and ageing, emphasising the recurring theme of nostalgia in modern and post-modern life. Throughout the book, examples are provided of Costello's songs and how they work musically to illustrate or stimulate the contextual discussion. The book will be of significant interest to musicologists, sociologists, and social psychologists.

*Elvis Costello, Joni Mitchell, and the Torch Song Tradition* Larry David Smith, 2004-04-30. The torch song has long been a vehicle for expression, perhaps American song's most sheerly visceral one. Two artists in particular have built upon this tradition to express their own unique outlooks on their lives and the world around them: Joni Mitchell and Elvis Costello. *The Torch Song Tradition* combines biographical material, artist commentary, critical interpretation, and selected exemplars of the writers' work to reveal the power of authorship and the creative drive necessary to negotiate an artistic vision in the complicated mechanisms of the commercial music industry. Author Larry David Smith, as in his *Bob Dylan, Bruce Springsteen, and American Song*, considers the complicated intersection of biography, creative philosophy, artistic imperative, and stylistic tendencies in the work of both Joni Mitchell and Elvis Costello, two songwriters with seemingly nothing in common: one famously confessional and one famously confrontational. Yet, as Smith shows so incisively, they are two personalities that prove fascinatingly complementary. Mitchell and Costello both yielded bodies of work that are cohesive, coherent, and rich in meaning. Both have made historic contributions to the singer-songwriter model, two rebellious responses to the creative and commercial compromises associated with their chosen field, and two distinct thematic responses to the torch song tradition. Smith examines these responses, offering a unique and invaluable exploration of the craft of two of the last century's most towering musical figures.

**The Popular Music Teaching Handbook** B. Lee Cooper, Rebecca A. Condon, 2004-04-30. The function of print resources as instructional guides and descriptors of popular music pedagogy are addressed in this concise volume. Increasingly, public school teachers and college-level faculty members are introducing and utilizing music-related educational approaches in their classrooms. This book lists reports dealing with popular music resources as classroom teaching materials and will stimulate further thought among students and teachers. It focuses on the growing spectrum of published scholarship available to instructors in specific teaching fields: art, geography, social studies, urban studies, and so on, as well as on the multitude of general resources, including biographical directories and encyclopedias of artist profiles. Building on two recent publications, *Teaching with Popular Music Resources: A Bibliography of Interdisciplinary Instructional Approaches* (Popular Music and Society XXII no. 2, Summer 1998) and *American Culture Interpreted through Popular Music: Interdisciplinary Teaching Approaches* (Bowling Green State University Popular Press, 2000), this volume focuses on the growing spectrum of published scholarship that is available to instructors in specific teaching fields: art, geography, social studies, urban studies, and so on, as well as on the multitude of general resources, including biographical directories and encyclopedias of artist profiles.
