**Embracing Israel/Palestine** Michael Lerner, 2011-11-22 A major modern conundrum is how the Arab Israel conflict remains unresolved and seemingly unresolvable In this inspirational book Rabbi Michael Lerner suggests that a change in consciousness is crucial With clarity and honesty he examines how the mutual demonization and discounting of each side's legitimate needs drive the debate and he points to new ways of thinking that can lead to a solution Lerner emphasizes that this new approach to the issue requires giving primacy to love kindness and generosity It calls for challenging the master narratives in both Israel and Palestine as well as the false idea that homeland security can be achieved through military political economic or media domination Lerner makes the case that a lasting peace must prioritize helping people on all sides including Europe and the U S and that real security is best achieved through an ethos of caring and generosity toward the other As many spiritual leaders have taught problems like these cannot be solved at the same level at which they originated one must seek higher ground and that becomes a central task for anyone who wants a sustainable peace **Embracing Israel Palestine** is written for those looking for positive practical solutions to this ongoing dilemma
