There are several divisive issues that separate Christian from Christian in the current century One issue is the church's management of clergy sexual abuses of children teens and adults A second is the issue of sexual gender orientation and church membership Contemporary Christian denominations often intermingle the divisive issue of clergy and religious leader sexual abusiveness with the equally divisive issue of sexual gender orientation In this book Professors Krall and Schirch disentangle and discuss these two issues They discuss their personal and their professional opinions about ways in which religious and spiritual teaching communities can avoid the institutional perils of abusive clericalism and divisive denominational management practices Throughout the book they apply Anabaptist Mennonite principles of peace making in situations of sexual violation Case studies are provided A feminist hermeneutic is applied Each letter essay is auto ethnographic in style the professional and the personal are deliberately blurred inside a framework of narrative and story Each essay is deeply rooted in its author's academic interests and in her personal life history This book can be a text in graduate and undergraduate classrooms It can also be used in denominational self study programs **A Quiet Pentecost**

Glennie,2000-08     Forthcoming Books Rose Arny,2002     *The Journal of Transpersonal Psychology* ,2004     Teresa of Avila Cathleen Medwick,2001-01-16 A refreshingly modern reconsideration of Saint Teresa 1515 1582 one of the greatest mystics and reformers to emerge within the sixteenth century Catholic Church whose writings are a keystone of modern mystical thought From the very beginning of her life in a convent following the death of her mother and the marriage of her older sister it was clear that Teresa s expansive nature intensity and energy would not be easily confined Cathleen Medwick shows us a powerful daughter of the Church and her times who was a very human mass of contradictions a practical and no nonsense manager and yet a flamboyant and intrepid presence who bent the rules of monastic life to accomplish her work while managing to stay one step ahead of the Inquisition And she exhibited a very personal brand of spirituality often experiencing raptures of an unorthodox arguably erotic nature that left her frozen in one position for hours unable to speak Out of a concern for her soul and her reputation her superiors insisted that she account for every voice and vision as well as the sins that might have engendered them thus giving us the account of her life that is now considered a literary masterpiece Medwick makes it clear that Teresa considered her major work the reform of the Carmelites an enterprise requiring all her considerable persuasiveness and her talent for administration We see her moving about Spain with the assurance if not the

authority of a man in spite of debilitating illness to establish communities of nuns who lived scrupulously devout lives without luxuries In an era when women were seldom taken seriously she even sought and received permission to found two religious houses for men In this fascinating account Cathleen Medwick reveals Teresa as both more complex and more comprehensible than she has seemed in the past She illuminates for us the devout and worldly woman behind the centuries old iconography of the saint

*Choosing Peace Through Daily Practices* Ellen Ott Marshall, 2005

Choosing Peace through Daily Practice is intended for people who feel both called to and daunted by the vocation of peacemaking How do we live out this calling in a world that seeks peace through violence How do we live out this calling in a society that understands peace as the absence of violence rather than the presence of justice How do we live out this calling in a time when the daily news reinforces the perception that peace is truly untenable The contributors all of whom teach at Claremont School of Theology argue in their essays that we live out this calling by practicing peace in and through our daily devotions work and interaction with others The first set of essays explores the vocation of peacemaking explains practices language and highlights the connection between the processes of peace in the world and peace in the home The remaining chapters describe practices of peacemaking in spiritual life classroom discourse congregational ministry and community interaction
