Embracing The Tiger The Effectiveness Debate And The Community College:

13 Ideas That Are Transforming the Community College World Terry U. O'Banion, 2019-03-15 America's community colleges are experiencing the most creative and substantive period of transformation in their 118 year history There has never been so much research so much support from foundations and so much commitment from national leaders to reimagine community colleges for today and for the future 13 Ideas that Are Transforming the Community College World edited by Terry U O Banion is the seminal work that captures the major ideas faced by community college leaders in this period of transformation The book includes 23 authors representing 12 national organizations perhaps the most significant and substantive list of individuals ever to participate in an edited book on the community college Each author is a nationally recognized authority on his or her chapter and all have played major roles as leaders of national organizations *Rising to the Challenge* John E. Roueche, Suanne D. Roueche, 2000 Presents measures taken at Guilford Technical Community College to ensure student and institutional success in the face of economic accountability and completion challenges GTCC's experience serves as a model for any community college facing the same challenges Provided by publisher Assessing Student Learning in the Community and Two-Year College Megan Moore Gardner, Kimberly A. Kline, Marilee J. Bresciani Ludvik, 2023-07-03 This is a practical resource for community and two year college professionals engaged at all levels of learning outcomes assessment in both academic and co curricular environments It is designed as a guide both to inform the creation of new assessment efforts and to enhance and strengthen assessment programs already established or in development Each chapter addresses a key component of the assessment process beginning with the creation of a learning centered culture and the development and articulation of shared outcomes goals and priorities Subsequent chapters lead the reader through the development of a plan the selection of assessment methods and the analysis of results The book concludes by discussing the communication of results and their use in decision making integrating the conclusions in program review as well as to inform budgeting and finally evaluating the process for continuous improvement as well as engaging in reflection The book is illustrated by examples developed by faculty and student affairs services professionals at community and two year colleges from across the country Furthermore to ensure its relevance and applicability for its targeted readership each chapter has at least one author who is a community college or two year college professional Contributors are drawn from the following colleges Borough of Manhattan Community College David Phillips Buffalo State College Joy Battison Kimberly Kline Booker Piper Butler County Community College Sunday Faseyitan California State University Fullerton John Hoffman Genesee Community College Thomas Priester Virginia Taylor Heald College Megan Lawrence Stephanie Romano now with Education Affiliates Hobart and William Smith Colleges Stacey Pierce Miami Dade College John Frederick Barbara Rodriguez Northern Illinois University Victoria Livingston Paradise Valley Community College Paul Dale San Diego Mesa College Jill Baker Julianna Barnes San Diego State University Marilee Bresciani San Juan

CollegeDavid EppichStark State CollegeBarbara MillikenUniversity of AkronSandra CoynerMegan Moore Gardner **Vision for Opportunity** Martha M. Ellis, 2020-01-24 John Edward Roueche is the most productive and the most recognized community college leader in the history of the community college movement He is a person with remarkable vision and over the decades has demonstrated an uncanny ability to scan the horizon of higher education identify emerging issues or issues that should emerge and place them squarely before leaders and practitioners in the field Throughout his career Roueche has powerfully led the community college field by recognizing often long before others do areas of potential opportunity or impending concern and addressing them through prolific research writing and speaking This book explores the influence of John on individual lives and community colleges across the United States Through stories and research of his years in the community college vineyard the book follows the professional chronology of John s life from childhood to today While segments of his life history are included in the chapters this is not a biography This work is a collection of voices on the impact of John from many perspectives Themes run throughout the chapters that paint a picture of this man Hopefully you the reader will smile laugh reflect and enjoy the life and influence of John Edward Roueche Community Colleges David Levinson, 2005-03-25 The only overview of research on the uniquely American community college system which is increasingly becoming the site of entry for students seeking a higher education This new volume shows why America s community colleges increasingly find themselves at the epicenter of social conflict surrounded by unresolved questions such as In a country based on the notion of equal opportunity shouldn t all high school graduates have access to higher education Are access and excellence really compatible What is the real work of community colleges Is it to provide transfer programs for students going on to baccalaureate colleges or training workers for careers in business and industry In this comprehensive guide readers will find not only a solid grounding in the latest research on these difficult questions but also a thoughtful analysis of the social forces that gave rise to American community colleges and still shape them today

Community Colleges Cláudio de Moura Castro, 2003 Heralded as one of the great educational innovations of the 20th century community colleges have played a crucial role in democratizing and expanding post secondary education In the United States and Europe one and two year education and training programs now absorb at least half of all high school graduates Community Colleges A Model for Latin America explores how these institutions can help address the very challenges faced by post secondary education in the region an expanding and heterogeneous clientele a lack of alternative social mobility options for people unable to attend traditional universities and the need for more relevant curriculum that emphasizes knowledge and skills better attuned to the needs of the job market The book aims to foster the development of effective community college models in Latin America by discussing the issues and obstacles from the North American experience in terms of financing accreditation prestige and a regulatory and incentive framework Latin America is far behind Europe and the United States in developing diverse quality programs for its growing post secondary population which

includes many people previously excluded from higher education Schools that offer one and two year programs generally serve the least affluent and politically influential groups so they often are short changed in the allocation of funds Yet as demand for these programs grows educators and ministries are left grappling to find new teaching methods identify new markets for graduates and better match students with real labor market demand The community college model may be a source of inspiration for Latin America s efforts to reach out to this new educational clientele
