Laycock, 2009-05-14 This book about real vampires and the communities they have formed explores the modern world of vampirism in all its amazing variety Long before Dracula people were fascinated by vampires The interest has continued in more recent times with Anne Rice's Lestat novels Buffy the Vampire Slayer the HBO series True Blood and the immensely popular Twilight But vampires are not just the stuff of folklore and fiction Based upon extensive interviews with members of the Atlanta Vampire Alliance and others within vampire communities throughout the United States this fascinating book

looks at the details of real vampire life and the many expressions of vampirism as it now exists In Vampires Today The Truth about Modern Vampirism Joseph Laycock argues that today s vampires are best understood as an identity group and that vampirism has caused a profound change in how individuals choose to define themselves As vampires come out of the coffin as followers of a religion or lifestyle or as people biologically distinct from other humans their confrontation with mainstream society will raise questions as it does here about how we define normal and what it means to be human Series Cinsearae Santiago, 2009 Abraxas Cinsearae Santiago, 2009-04-06 Abraxas clanster Jonathan stumbles upon a skeleton key he believes was part of someone s Halloween costume What it really winds up being is a demon s not so subtle way of getting Jonathan to do his dirty work for him Jonathan's wishes start to give his Clan more headache and hassle than the fun he hoped they would as fellow trick or treaters and party goers start becoming the things they re dressed up as with Contemporary Esotericism Egil Asprem, Kennet Granholm, 2014-09-11 The horrifying results and much MUCH worse study of contemporary esoteric discourse has hitherto been a largely neglected part of the new academic field of Western esotericism Contemporary Esotericism provides a broad overview and assessment of the complex world of Western esoteric thought today Combining historiographical analysis with theories and methodologies from the social sciences the volume explores new problems and offers new possibilities for the study of esoterica Contemporary Esotericism studies the period since the 1950s but focuses on the last two decades The wide range of essays are divided into four thematic sections the intricacies of esoteric appeals to tradition the role of popular culture modern communication technologies and new media in contemporary esotericism the impact and influence of esotericism on both religious and secular arenas and the recent de marginalization of the esoteric in both scholarship and society Shadow Magick Compendium Raven Digitalis, 2008 Embracing the darkness is part of divine balance Everyone has a shadow a dark side Exploring the shadow self is not only safe it's necessary for balance and healing The author of Goth Craft invites you down a unique magical path for navigating inner and outer darkness and harnessing the shadow for spiritual growth Shadow Magick Compendium sheds a positive light on this misunderstood and rarely discussed side of magical practice. There are ritual meditations for exploring past experiences dispelling harmful behavior patterns and healing a fractured soul Learn how to safely fast and perform other methods of self sacrifice invoke a deity into yourself godform assumption get in touch with your Spirit Animal take advantage of the Dark Moon and eclipses and perform a unique ritual with your television for a new perspective on society From astral journeys to sigils to dark herbs you ll find an array of magical techniques to navigate the shadows and mysteries of yourself Allure of the Vampire Corvis Nocturnum, 2009 The mere mention of vampires used to be enough to and the world at large make people think of a nocturnal predator But over the centuries the vampire has changed from monstrous villain to sexual object for both men and women alike Allure of the Vampire examines our intimate attraction to these beings in a detailed manner Now join occult author Corvis Nocturnum as he reveals the fascinating evolution of this icon as it has lured and
