**Death Stalks the Yakama** Clifford E. Trafzer, 2012-01-01 Clifford Trafzer's disturbing new work *Death Stalks the Yakama* examines life death and the shockingly high mortality rates that have persisted among the fourteen tribes and bands living on the Yakama Reservation in the state of Washington The work contains a valuable discussion of Indian beliefs about spirits traditional causes of death mourning ceremonies and memorials More significant however is Trafzer's research into heretofore unused parturition and death records from 1888 1964 In these documents he discovers critical evidence to demonstrate how and why many reservation people died in epidemics of pneumonia tuberculosis and heart disease *Death Stalks the Yakama* takes into account many variables including age gender listed causes of death residence and blood quantum In addition analyses of fetal and infant mortality rates as well as crude death rates arising from tuberculosis pneumonia heart disease accidents and other causes are presented Trafzer argues that Native Americans living on the Yakama Reservation were in fact in jeopardy as a result of the reservation system itself Not only did this alien and artificial culture radically alter traditional ways of life but sanitation methods housing hospitals public education medicine and medical personnel affiliated with the reservation system all proved inadequate and each in its own way contributed significantly to high Yakama death rates

**Bartering with the Bones of Their Dead** Laurie Arnold, 2012-12-15 *Bartering with the Bones of their Dead* tells the unique story of a tribe whose members waged a painful and sometimes bitter twenty year struggle among themselves about whether to give up their status as a sovereign nation Over one hundred federally recognized Indian tribes and bands lost their sovereignty after the Eisenhower Administration enacted a policy known as termination which was carefully designed to end the federal Indian relationship and to dissolve Indian identity Most tribes and bands fought this policy the Colville Confederated Tribes of north central Washington State offer a rare example of a tribe who pursued termination Some Colville tribal members who favored termination wanted a life free from federal supervision and a return to the era when each band of the confederation managed its own affairs Other termination advocates simply sought the financial payout that termination promised Opponents of termination wanted to protect tribal identities and lands hoped to preserve the Colville heritage and homeland for future generations and sought to compel the federal government to live up to its promises Laurie Arnold tells the story of those years on the Colville reservation with the perspective both of a thorough and careful historian and of an insider who grew up listening to the voices and memories of her elders Watch the book trailer [http://www.youtube.com/watch?v=4N\\_jvwYb6z0](http://www.youtube.com/watch?v=4N_jvwYb6z0)

**Mental Territories** Katherine G. Morrissey, 2018-09-05 Rarely recognized outside its boundaries today the Pacific

Northwest region known at the turn of the century as the Inland Empire included portions of the states of Washington and Idaho as well as British Columbia Katherine G Morrissey traces the history of this self proclaimed region from its origins through its heyday In doing so she challenges the characterization of regions as fixed places defined by their geography economy and demographics Regions she argues are best understood as mental constructs internally defined through conflicts and debates among different groups of people seeking to control a particular area s identity and direction She tells the story of the Inland Empire as a complex narrative of competing perceptions and interests      **Reforming Fictions** Carol J. Turner,1991      *Oregon's Promise* David Peterson del Mar,2003 The first history of Oregon to appear in twenty five years Oregon s Promise explores familiar and neglected people and movements in the state s history while challenging readers to view Oregon s past present and future in a new way David Peterson del Mar recognizes that the words Oregon history conjure up images of Lewis and Clark and rugged pioneers But he argues that the explorers impact was both different from and less significant then commonly assumed and that the state s settlers were much more varied contentious complicated and interesting than conventional heroic stereotypes would suggest Oregon s Promise is a concise general history spanning the period from that of the region s earliest inhabitants to the present It moves beyond the more familiar episodes of Oregon history to discuss indigenous peoples before and after contact with whites the profound and evolving impact of broad forces like industrialization and suburbanization and the varied fortunes of a growing stream of people form across the world who have sought the good life in Oregon It explores the tensions behind contemporary disagreements rending our political social and cultural fabric The book s many themes revolve

around Peterson del Mar's consideration of how Oregonians have attempted to build a prosperous and just society. He examines both the traditional center of Oregon history and its often overlooked margins: the people who have struggled to be included in Oregon's promise. Each chapter includes brief biographies of noteworthy Oregonians. David Peterson del Mar is both a respected historian and an engaging writer with a talent for explaining Oregon's past in a way that will appeal to general readers as well as to scholars and students.

Religion and Resistance in the Encounter Between the Coeur D'Alene Indians and Jesuit Missionaries Ted Fortier, 2002. This book traces the history of the relationship between the Coeur d'Alene Indian people of northern Idaho and the Roman Catholic missionary order of the Jesuits Society of Jesus from the mid nineteenth century to contemporary times. It is a unique account in that Dr Fortier is himself a former Jesuit and served as a priest among the Coeur d'Alene while simultaneously conducting anthropological fieldwork on Indian Catholic cultural identity, religion, and socio-economic change.
