Comprehensive Emergency Management National Governors' Association. Center for Policy Research,1979 This guide highlights the findings of the National Governors Association NGA Emergency Preparedness Project study recommends an approach to comprehensive state emergency management and offers pertinent management advice and tools based on hard won experience in a variety of states Case histories based on actual experience as told by governors their aides and state emergency office directors appear

as insets throughout the text These case histories both illustrate and augment the surrounding text The outcomes of cases describing comprehensive emergency management are hypothetical as this practice is not yet implemented in most states Intended for governors and their staff aides this guide is concerned with emergency management It is one of a series of five companion publications of the NGA Center for Policy Research **A Study of Core Functions in Emergency Management As Reflected in Training Requirements for Professional Certification** Walter Guerrey Green, III,2000 This study examined emergency management certification programs in order to understand what the training requirements for state emergency management certification reveal about the core functions of emergency management as conducted by emergency managers working in local jurisdictions Based on practices in the 23 certification programs managed by state emergency management agencies or professional associations at the time of the study qualitative content analysis identified a range of core functions practiced by those programs that specified training requirements in terms of specific courses The application of grounded theory techniques to interview data from certification program managers and state emergency management training officers in 50 states resulted in the development of the theory that training requirements are adopted to meet a variety of goals These goals include those appropriate to perceived needs of the sponsoring organizations and individual emergency managers as well as goals that seek to promote competent performance of emergency management tasks The list of core functions identified in state level certification programs generally agreed with a list of core functions developed from the literature indicating that practitioners at the local state and federal level have a common understanding of the essential tasks of the evolving profession of emergency management as performed in local jurisdictions **Comprehensive Guide to**
